## Directors' responsibilities statement

for the year ended 31 March 2009

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations. Company law requires the directors to prepare financial statements for each financial year.

Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the Directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

## Independent auditors' report to the members of Boots Insurance Services Limited

We have audited the financial statements of Boots Insurance Services Limited ('the Company') for the year ended 31 March 2009 which comprise the Profit and loss account, the Balance sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) are set out in the Statement of directors' responsibilities on page 2.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed. We read the Directors' report and consider the implications for our report if we become aware of any apparent misstatements within it.

#### Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the Company's affairs as at 31 March 2009 and of its loss for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and

• the information given in the Directors' report is consistent with the financial statements.

## 1. Accounting policies

#### Basis of preparation

The financial statements have been prepared in accordance with UK Generally Accepted Accounting Practice, and under the historical cost convention.

AB Acquisitions Holdings Limited ('ABAHL'), the ultimate parent undertaking of the Alliance Boots Group ('the Group'), includes the Company's assets, liabilities and results in its own publicly-available consolidated financial statements. Under FRS 1 (Revised 1996), 'Cash flow statements', the Company is therefore exempt from the requirement to prepare a cash flow statement. In addition, under SSAP 25, 'Segmental Reporting', the Company is exempt from the requirement to present segmental information on the grounds that ABAHL includes segmental information in its own publicly-available consolidated financial statements in compliance with IAS 14, 'Segment Reporting'.

The Company's voting rights are wholly controlled within the Group and, consequently, the Company is exempt under FRS 8, 'Related party Disclosures', from disclosing transactions with entities that are part of the Group or investees of the Group qualifying as related parties.

#### Turnover

Turnover shown on the face of the profit and loss account is the amount derived from the sale of goods and provision of services in the normal course of business, net of trade discounts, value added tax and other sales-related taxes. Turnover from the sale of goods is recognised at the point contractual obligations to a customer have been fulfilled. For the sale of goods, turnover is recognised when legal title transfers to a customer.

#### Leases

Leases, for which the Company assumes substantially all the risks and rewards of ownership, are classified as finance leases. The cost of assets held under finance leases, including lease premiums paid upfront, is included within tangible fixed assets and depreciation is provided in accordance with the policy for the class of asset concerned over the length of the lease. The corresponding obligations under these leases are shown in creditors. The finance charge element of rentals is charged to the profit and loss account through interest payable and similar charges using a constant periodic rate of charge on the remaining balance of the outstanding obligations.

Payments made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease. Benefits received as an incentive to sign a lease, whatever form they may take, are credited to the profit and loss account on a straight-line basis over the shorter of the lease term and the period until the contractually-specified rent review date.

#### Share capital

Equity instruments

An equity instrument is a contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Accordingly, a financial instrument is treated as equity if:

- there is no contractual obligation to deliver cash or other financial assets or to exchange financial assets or liabilities on terms that may be unfavourable; and
- the instrument is a non-derivative that contains no contractual obligation to deliver a variable number of shares or is a derivative that will be settled only by the Group exchanging a fixed amount of cash or other assets for a fixed number of the Company's own equity instruments.

Equity instruments are recorded as share capital and share premium, as applicable, net of tax-effected share issue costs. To the extent that this definition is not met, the proceeds of any issue are classified as a financial liability.

## Taxation

Current taxation

Current tax is recognised at the amount expected to be paid or recovered for the period based on tax rates and laws that have been enacted or substantively enacted at the balance sheet date.

#### Deferred taxation

Deferred tax is recognised on all timing differences that have originated but not reversed by the balance sheet date. Deferred tax assets are only recognised to the extent that it is more likely than not there will be suitable taxable profits against which the underlying timing differences can reverse. Deferred tax liabilities are not recognised in respect of corporation tax on chargeable gains arising on the disposal of assets where that gain is expected to be deferred indefinitely.

Deferred tax is measured on a non-discounted basis at the average rates expected to apply in the periods when the timing differences are expected to reverse using the tax rates and laws enacted or substantively enacted at the balance sheet date.
