#### Review of the business and future developments

The results of companies within the Group are managed on a group and business stream basis. Business streams do not correspond directly with individual legal entities, and consequently key performance indicators are not set for individual companies.

The Company has adopted Financial Reporting Standard 102 ("FRS 102") excluding Section 1A - Small Entities. Advantage has been taken of Paragraph 35.10 (m) of FRS 102 and the Company has elected to retain its accounting policies for reported assets, liabilities and equity at the date of transition until there is any change to those balances or the company undertakes new transactions.

COVID-19 (also referred to as "coronavirus") continued to impact economies, financial markets and businesses around the world throughout 2021. The Company coordinated its response to the pandemic and related restrictions regionally to ensure it continued to deliver for clients, support employees and maintain business continuity. The Company, through increased flexibility for employees and continued remote working, has maintained operational capacity and has not found it necessary to participate in any of the various Government initiatives such as furloughing of staff. In 2022, the Company continues to monitor and coordinate responses as required.

#### Risk management

The Board of TAM UK International Holdings Limited has established an Audit and Risk Committee ("the Committee"), which comprises representatives from Ameriprise and Non-Executive directors and which is chaired by a Non-Executive Board member. The primary purpose of the Committee is to provide advice in order to assist the Board in carrying out its responsibilities as they relate to the risk management, internal control and the conduct of its business across Europe, the Middle East and Africa ("EMEA") in accordance with regulation, legislation and business best practice. The Committee is also responsible for review and approval of the EMEA risk management framework, in alignment with the Ameriprise Enterprise Risk Management policies. The Committee meets quarterly. Under company law, a director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

## Director's Report for the Year Ended 31 December 2021 (continued)

#### Going concern
