NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

For the year ended 30 June 2006

1 ACCOUNTING POLICIES

The financial statements have been prepared under the historical cost convention

Turnover

Turnover represents the total amount receivable by the Company in the ordinary course of business with outside customers, excluding value added tax

Tangible fixed assets

Depreciation is calculated by the straight line method to write down the cost less estimated residual value of each asset over its estimated useful life. The rates generally applicable are

Computer equipment	50 per cent
Motor vehicles	20 per cent

Lease and hire purchase obligations

Assets held on finance leases and hire purchase contracts, where the risks and rewards of ownership have passed to the Company, are capitalised and depreciated in accordance with the Company's depreciation policy. Finance charges included in total lease obligations are charged to the profit and loss account over the period of the lease at a constant proportion of the capital amount outstanding.

Deferred taxation

Deferred taxation is the taxation attributable to timing differences between profits or losses computed for taxation purposes and results as stated in the financial statements. Deferred taxation is provided for, to the extent that it is probable that a liability or asset will crystallise, at the rate at which it is estimated that the tax will be paid (or recovered) when the timing differences reverse.
