- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company and the Group will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable them to ensure that the financial statements comply with Companies Act 1985. AUDITORS' REPORT

Year to 31st March 2001

To the shareholders of South Manchester Healthcare (Holdings) Limited

We have audited the financial statements set out on pages 5 to 15 which have been prepared under the accounting policies set out on page 8.

Respective responsibilities of Directors and Auditors

The Directors are responsible for preparing the Annual Report. As described on page 3, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether those financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the Company and Group as at 31st March 2001 and of the loss of the Group for the year and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS

Year to 31st March 2001

1) Accounting Policies

A summary of the principal accounting policies of the Group, all of which have been applied consistently, is set out below:

I. Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable UK Financial Reporting Standards. They include the results of the activities described in the Directors' Report, all of which are continuing. No cash flow statement has been presented as one is not required under Financial Reporting Standard 1 (Revised) due to the size of the Company. The consolidated profit and loss account and balance sheet include the financial statements of the company and its subsidiary as at 31st March 2001.

II. Turnover and cost of sales

Turnover represents amounts invoiced under the Concession Agreement, by South Manchester Healthcare Limited, excluding VAT. All turnover originates in the United Kingdom. Cost of sales represents amounts invoiced by certain Related Parties, excluding VAT.

III. Taxation

Corporation Tax is provided on taxable profits at the applicable rate. Provision for Deferred Tax is made under the liability method in respect of those timing differences which are expected to become payable in the foreseeable future.

IV. Finance receivable

The costs incurred in respect of bid development, design and construction during the period prior to final occupational availability of the Acute and Mental Health Care Facilities are recovered over the contract period. Accordingly these costs are accumulated within the finance receivable as incurred. Once the construction is complete, occupational availability payments from South Manchester University Hospitals NHS Trust will be allocated between turnover and reimbursement of the finance receivable so as to generate a constant rate of return over the contract period. Interest payable and similar charges and administration costs relating to the day to day running of SMHL are written off as incurred.

V. Loan issue costs

Arrangement fees and certain costs directly relating to the facilities have been offset against the related loans and are being amortised over the duration of each respective swap as part of the finance cost, in accordance with FRS 4. The duration of the swap has been used for the amortisation period as SMHL can repay the facilities without penalty at any time, however, this is unlikely to occur in practice until after the related swap has expired.
