Directors' report

The directors present their annual report and the financial statements for the year ended 31 October 2014.

Principal activity and business review

The company did not trade during the current year or previous year and the directors believe this will continue for the foreseeable future. There are no key performance indicators or principal risks and uncertainties associated with this company because of its dormant status.

On 6th March 2014 LA Fitness Ltd, together with one of its subsidiary undertakings, LA Leisure Limited, entered into a company voluntary arrangement ("CVA").

The CVA proposed a c£250m debt reduction in the group parent undertaking's indebtedness and compromised certain leasehold creditors. On 24th March 2014, these CVAs were approved by more than 90% of creditors. No trading creditors were compromised as part of the CVA.

On 5th June 2014, MOP Acquisitions (LAF) Limited sold LA Fitness Ltd to Tolmers Newco 2 Limited

Dividends

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes to the financial statements

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently with the prior year in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost convention and in accordance with the Companies Act 2006.

Going concern

The financial statements have been prepared on the going concern basis, notwithstanding net liabilities of £362,381 which the directors believe to be appropriate for the following reasons. The company is dependent on funds provided to it by LA Fitness Limited, the company's parent undertaking. LA Fitness Limited has provided the company with an undertaking that for at least 12 months from the date of approval of these financial statements, it will not seek repayment of the amounts currently made available. This should enable the company to continue in existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

Profit and loss account

During the current and preceding financial year, the company did not trade and received no income and incurred no expenditure. Consequently, during those periods the company made neither a profit nor a loss and therefore no profit and loss account has been presented.

Cash flow statement

Under Financial Reporting Standard 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that the parent company includes the company in its own published consolidated financial statements.

8 Related party transactions

Advantage has been taken of the exemptions provided by Financial Reporting Standard 8 not to disclose transactions and balances with fellow group companies as the company is a wholly owned subsidiary and consolidated accounts for the group are publicly available.
