STRATEGIC REPORT

PRINCIPAL ACTIVITIES

The company is principally engaged in the design and manufacture of pressure sensors that are sold through the various sales channels of its parent companies. Key markets for the company include Industrial, Mobile Hydraulics and HVAC/R.

BUSINESS MODEL

The aim of the company is to deliver high quality, low cost pressure sensors which add value to the customer and enable its parent companies to compete in global markets.

The company continues to focus on driving lean manufacturing practices utilizing the extensive resources of its shareholders. Critical focus areas are quality, on time delivery and cost reduction, utilizing these as market differentiators and becoming the supplier of choice for our customers.

BUSINESS REVIEW AND RESULTS

Turnover for the year increased 3.7% to £9,811,000 (2013: £9,460,000). The directors feel that this performance to market continues to demonstrate the broad appeal for the Senstronics pressure transducer line.

The company procures 85% of its material needs from low cost regions, primarily China. These purchases are also mainly denominated in US Dollars which the company naturally hedges by invoicing most of its sales in US Dollars.

Source Country	% of Material Purchases
China	70%
Malaysia	15%
Europe (including the UK)	1%
North America	14%

Senstronics' strives to be an environmentally friendly manufacturer seeking new ways to reduce energy consumption, decrease the use of consumable materials in the manufacturing process and increase recycling of packaging and other materials.

KEY PERFORMANCE INDICATORS (KPIs)

The company sets performance targets in all areas of its business. Performance is measured against a broad range of financial and business metrics. This enables the board to measure progress in the business.

KPIs are measured in quality, yield, on time delivery, procurement costs and variances together with a range of financial performance ratios.

Company financial performance KPI's relating to revenue, EBIT and cash levels were achieved in the year to the satisfaction of the directors.

FUTURE PROSPECTS

The directors continue to expect to drive growth organically which will result in higher sales volumes in 2015. New product development will continue to provide increased access to new applications and markets.

SENSTRONICS LIMITED

STRATEGIC REPORT

PRINCIPAL RISKS AND UNCERTAINTIES

The company manufactures product that is sold into different markets by its parent companies. Competition is robust in these markets where performance, cost and sensor package size are key differentiators. The directors feel that our products are well suited to compete globally. Treasury management is considered to be a high priority and is monitored on an ongoing basis to optimise cash flow to continue to fund both new product development as well investments in manufacturing capacity where necessary.

SENSTRONICS LIMITED

DIRECTORS' REPORT

The directors present their annual report on the affairs of the company, together with the financial statements and independent auditor's report for the company for the year ended 31 December 2014.

RESULTS AND DIVIDENDS

The company's profit for the financial year was £779,379 (2013: £549,148). The directors do not recommend the payment of a dividend (2013: £nil).

RESEARCH AND DEVELOPMENT

During the year the company continued its development of high pressure sensors. The associated direct costs amounted to £20,984 (2013: £28,620) and have been charged to the profit and loss account. Continuing investment in Research and Development supports the opening of new market potential which allows Senstronics to maintain its current growth rate.

GOING CONCERN

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the directors have adopted the going concern basis in preparing the financial statements.

Further details regarding the adoption of the going concern basis can be found in the accounting policies note, on page 10 of the financial statements.

DIRECTORS

The directors who served during the year were as follows:

T Koniordos (Chairman)

M F Donahue

A De Greef-Safft (resigned 25 July 2014),

T Havholme (resigned 1 October 2014)

S P Lovass (appointed 25 July 2014)

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE STRATEGIC REPORT, DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards and applicable law (UK Generally Accepted Accounting Practice). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SENSTRONICS LIMITED

We have audited the financial statements of Senstronics Limited for the year ended 31 December 2014 set out on pages 7 to 18. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS
Year ended 31 December 2014

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable United Kingdom accounting standards, which have been applied consistently throughout the current and prior periods. The particular accounting policies adopted in dealing with items considered material to the financial statements are described below.

Accounting convention

The financial statements are prepared under the historical cost convention.

Going concern

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Strategic Report on page 2.

The company meets its day to day working capital requirements through cash generated from operations. In addition the company and its immediate parent undertaking, Senstronics Holdings Limited, are the subject of a joint venture agreement under which the participating shareholders have agreed to make additional funds available to the group headed by Senstronics Holdings Limited in the event such funds are required.

The directors believe that the company is well placed to successfully manage its business risks. The risks may include economic conditions that could create an element of uncertainty over demand for the company's products and services. The company's forecasts and projections, taking into account reasonably possible changes in trading performance, show that the company is expected to have a sufficient level of financial resources available despite any economic uncertainty that may develop.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Turnover

Turnover represents the value of sales of high pressure sensors to third parties, net of trade discounts and value added tax. Turnover is recognised when the sensors are despatched to third parties.

Research and development

Expenditure incurred on research and development is charged to the profit and loss account as incurred.

Tangible fixed assets

Tangible fixed assets are stated at acquisition cost less provision for impairment. Depreciation is charged to the profit and loss account so as to write off the cost of tangible fixed assets to their estimated residual value over their estimated useful economic lives using the straight line method.

The estimated useful economic lives are as follows:

Plant and machinery	3 to 10 years
Fixtures, fittings and office equipment	3 years

Stocks

Stocks are stated at the lower of cost and net realisable value. Cost comprises the purchase cost of raw materials plus all directly related conversion costs. Net realisable value is based on estimated selling price, less further costs expected to be incurred to completion and disposal. Provision is made for obsolete, slow-moving or defective items where appropriate.

Foreign currency

Monetary assets and liabilities held at the balance sheet date and denominated in foreign currency are translated at the rate of exchange prevailing at that date. Foreign currency transactions entered into during the year are translated at the rate of exchange prevailing at the date of the transaction. Exchange differences arising on these transactions are accounted for through the profit and loss account.

SENSTRONICS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2014

1. ACCOUNTING POLICIES *(continued)*

Leases

Rentals under operating leases are charged to the profit and loss account on a straight line basis over the life of the lease.

Pensions

The company operates an independently administered money purchase (defined contribution) pension scheme for all of its employees. Pension costs are recognised in the profit and loss account as they fall due.

Taxation

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Cash

Cash, for the purpose of the cash flow statement, comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand.

Factors that may affect the future charges

At the balance sheet date the company had unutilised trading losses of approximately £9,582,039 (2013: £10,534,859) available to carry forward against future taxable profits.

The company has unprovided deferred tax assets amounting to £2,682,489 (2013: £2,843,528). The assets have not been recognised in the financial statements due to uncertainty over their recovery in the future.

SENSTRONICS LIMITED

NOTES TO THE FINANCIAL STATEMENTS Year ended 31 December 2014

6 TAX ON PROFIT ON ORDINARY ACTIVITIES *(continued)*

The unprovided deferred tax assets are as follows:

	2014 £000	2013 £000
