Havana Holdings (UK) Limited

Report of the directors for the year ended 31 December 2010

The directors present their report together with the audited financial statements for the year ended 31 December 2010

Results and dividends

The profit and loss account is set out on page 6 and shows the profit for the year

The directors do not recommend an ordinary dividend (2009 - £Nil)

Principal activities and future developments

The principal activity of the company is that of proprietor of the Hyatt Regency London - The Churchill, a five star deluxe Hotel with 442 bedrooms

There have been no changes in the company's activities in the year under review

Business review

December saw the end to a very successful year, which saw the hotel performing at its best, shrugging off the recession and boosting both average room rate and occupancy especially in Q2 and Q3 where past records were broken

The profit and loss account is set out on page 5 and shows turnover for the year of £36,598,000 and a profit for the year of £1,054,000

Turnover shows an increase year on year of 12.9% which reflects a good recovery from the effects of the economic downturn, in line with the hotel industry in London. Declining revenue during 2009 prompted a focused approach in driving sales both in the national and international markets with particular attention to the more "future proof" consumers and geographical sources

Following the same trend seen during the last 3 months of 2009, the hotel has been positively affected by a significant growth in the leisure market with tourists taking advantage of the weakness of Sterling against the US dollar and Euro. An exceptionally good Q3 was seen as a result of business travel revival, Farnborough air show and a strong Middle East market

We are pleased that our efforts to increase internal efficiency and undertake cost saving activities allowed us to increase the GOP margin by 13.8% without affecting the quality of our products and services

The directors' strategy in 2011, is to continue to drive economic success through the following objectives,

- focusing on room rates whilst not degrading occupancy,
- increasing food and beverage covers whilst maintaining prices at competitive and affordable levels,
- controlling costs to levels in line with our growth, and
- offering a first class provision of additional services and refurbished facilities

There have been no events since the balance sheet date which materially affect the position of the company

Havana Holdings (UK) Limited

Report of the directors for the year ended 31 December 2010 (continued)

Principal risks and uncertainties

The hospitality industry in London remains highly competitive and the company seeks to manage the risk of losing customers to key competitors by focusing on anticipating, meeting and exceeding the expectations of our customers, encouraging client loyalty and extending retention

The ongoing refurbishment of all public areas and guest-room facilities demonstrates our commitment to re-establishing and re-positioning Hyatt Regency London - The Churchill as one of the leading hotels in London. We believe The Churchill is well placed to re-gain and sustain a definable advantage in its market place

The company credit risk is primarily attributable to its trade debtors. Credit risk is well managed by running credit checks on new and existing customers and by monitoring payments against contractual agreements

Financial instruments

Details of the financial risk management objectives and policies and the use of financial instruments by the group are provided in note 22 to the financial statements

Directors

The directors of the company during the year and their interests in the ordinary share capital of the company were

M A Cairns
J O'Shea
S Moatassef
J Rea

No director had any beneficial interest in the ordinary shares of the company at any time during the year

Employment of disabled persons

The nature of the group's business is such that the duties of the majority of employees can only be performed by able-bodied people. Disabled people are not discriminated against when applying for suitable posts. Every effort is made to transfer employees becoming disabled to suitable posts within the group

Employee involvement

The group's communications with employees are conducted informally through the established supervisory structure

Havana Holdings (UK) Limited

Report of the directors for the year ended 31 December 2010 (*continued*)

Directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the group and company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and company and of the profit or loss of the group for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

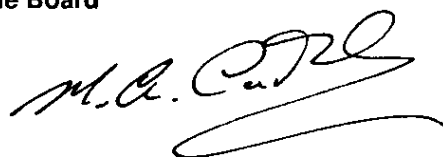

Auditors

All of the current directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the company's auditors for the purposes of their audit and to establish that the auditors are aware of that information. The directors are not aware of any relevant audit information of which the auditors are unaware.

BDO LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

On behalf of the Board

M A Cairns

Director

Date 19 September 2011

Havana Holdings (UK) Limited

Independent auditor's report

TO THE MEMBERS OF HAVANA HOLDINGS (UK) LIMITED

We have audited the financial statements of Havana Holdings (UK) Limited for the year ended 31 December 2010 which comprise the consolidated profit and loss account, the consolidated statement of total recognised gains and losses, the consolidated reconciliation of movement in shareholders' funds, the company reconciliation of movement in shareholders' funds, the consolidated and company balance sheets, the consolidated cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2010 and of the group's profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Havana Holdings (UK) Limited

Independent auditor's report (*continued*)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Marc Reinecke, (*senior statutory auditor*)

Havana Holdings (UK) Limited

Notes forming part of the financial statements for the year ended 31 December 2010

1 Accounting policies

The financial statements have been prepared under the historical cost convention and are in accordance with applicable accounting standards. The following principal accounting policies have been applied:

Basis of preparation

The directors have prepared projected cash flow information which take into account the measures that the management team have taken to ensure the group is best placed to meet the challenges of tougher trading conditions. On the basis of this cash flow information the directors consider that the group will be able to continue to meet its liabilities as they fall due and the financial statements have been prepared on a going concern basis.

Consolidation

The consolidated financial statements incorporate the financial statements of Havana Holdings (UK) Limited and all of its subsidiaries. The results of companies acquired are included in the profit and loss account from the date of acquisition.

In accordance with the exemption allowed in Section 408 of Companies Act 2006, a separate profit and loss account dealing with the results of the company has not been prepared. The group profit for the year includes a loss of £4,894,000 (2009 - £965,000) which is dealt with in the financial statements of the company.

Turnover

Turnover represents the invoiced value of goods and services, exclusive of VAT, provided to customers of the Hyatt Regency London - The Churchill, Portman Square, London.

Depreciation

Depreciation is provided to write off the cost or valuation, less estimated residual values, of all tangible fixed assets, except for investment properties and freehold land evenly over their expected useful lives. It is calculated at the following rates:

Long leasehold land and buildings	-	50 years
Fixtures, fittings, tools and equipment	-	10 years

Stocks

Stocks are valued at the lower of cost and net realisable value.

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that:

- deferred tax is not recognised on timing differences arising on revalued properties unless the company has entered into a binding sale agreement and is not proposing to take advantage of rollover relief, and
- the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances arising from underlying timing differences in respect of tax allowances on industrial buildings are reversed if and when all conditions for retaining those allowances have been met.

Deferred tax balances are not discounted.

Havana Holdings (UK) Limited

Notes forming part of the financial statements for the year ended 31 December 2010 (*continued*)

1 Accounting policies (*continued*)

Foreign currency

Foreign currency transactions are translated into sterling at the rates ruling when they occurred. Foreign currency monetary assets and liabilities are translated at the rates ruling at the balance sheet date. Any differences are taken to the profit and loss account.

Leased assets

Annual rentals on operating leases are charged to the profit and loss account on a straight line basis over the term of the lease.

Pensions

The group operates a defined benefit pension scheme.

For defined benefit schemes, pension scheme assets are measured using market values, and pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liability.

The pension scheme surplus (to the extent that it is recoverable) or deficit is recognised in full. The movement in the scheme surplus/deficit is split between operating charges, finance items and, in the statement of total recognised gains and losses, actuarial gains and losses.

Discounted loan notes

The finance cost of discounted loan notes is calculated at a constant rate on the carrying amount such that the value of the initial proceeds from the loan notes and accrued interest will equal the value at which the loan notes are to be redeemed at the date of maturity.

Liquid resources

Liquid resources consist of amounts on deposit with a maturity of up to twelve months.

Financial risk management

Exposure to movements in rates of foreign exchange in relation to trading transactions between the date that a contractual obligation is entered into and the date of completion of the contract is hedged through the use of currency asset and liability matching forward exchange contracts and other financial instruments where in the opinion of the directors the expected benefit exceeds the expected cost.

Exposure to movements in interest rates is reviewed regularly by the directors. The group utilises financial instruments to limit the group's exposure to movements in interest rates where in the opinion of the directors the expected benefits of such arrangements exceed the expected costs or at the request of the group's lenders.

Gains and losses arising on derivative instruments to hedge the group's exposure to transactions in foreign currencies are recognised in the profit and loss accounts when the hedge transaction is completed.

Further information is provided in note 22 to the financial statements.

Havana Holdings (UK) Limited

Notes forming part of the financial statements
for the year ended 31 December 2010 (continued)

2 Turnover

Turnover represents the invoiced value of goods and services, exclusive of VAT, provided to customers of the Hyatt Regency London - The Churchill Hotel, Portman Square, London. All revenue is generated in the United Kingdom.

The directors consider the whole of the activities of the group constitute a single class of business.

3 Directors and employees

	2010 £'000	2009 £'000
Staff costs (including directors) consist of		
Wages and salaries	9,246	8,466
Social security costs	691	542
Other pension costs	428	272
	<u>10,365</u>	<u>9,280</u>

The average number of employees during the year was 289 (2009 - 284).

The directors received fees of £100,000 (2009 - £100,000) during the year.

4 Operating profit

15 Pension scheme

The company operates a funded defined benefit pension scheme. The assets of the Scheme are held separately from those of the company. The pension cost is assessed in accordance with the advice of a professionally qualified actuary.

A full actuarial valuation of the Defined Benefit Scheme was carried out at 6 April 2009 and updated to December 2010 by a qualified independent actuary on a FRS17 basis.

Contributions of £876,000 were made in the period to 31 December 2010 (31 December 2009 - £970,000). It has been agreed with the trustees that the company will continue to contribute to the Scheme at current levels, and contributions of approximately £889,000 are expected to be paid in 2011.

Details of the Scheme are given below:

	2010 £'000	2009 £'000
Change in benefit obligation during the year:		
Benefit obligation at 31 December 2009	(20,643)	(16,924)

	<hr/>	<hr/>

**Notes forming part of the financial statements
for the year ended 31 December 2010 (continued)**

To develop the expected long term rate of return on Scheme assets assumption, the company considered the current level of expected return on risk free investments (primarily government bonds), the historical level of the risk premium associated with the other asset classes in which the portfolio is invested and the expectations for future returns of each asset class. The expected return for each asset class was then weighted based on the target asset allocation to develop the expected long-term rate of return on Scheme assets assumption for the portfolio.
