Principal activities

The principal activity of the Company is that of a holding company. The Company had no other activities during the current or prior financial year.

Business review

The Company has not traded during the year or the preceding financial year. During these years, the Company received no income and incurred no expenditure and therefore made neither a profit nor loss.

The net liabilities of the Company at 31 December 2022 and 31 December 2021 were £10,000.

Key performance indicators

Principal risks and uncertainties

The Rolls-Royce Holdings plc group (the Group) has an established and structured approach to risk management which is detailed in the consolidated Financial Statements of Rolls-Royce Holdings plc which are publicly available from the address in note 8. The Company acts in accordance with this policy to manage and mitigate any risks.

Section 172(1) statement

Section 172 of the Companies Act 2006 requires a director of a company to act in the way he or she considers, in good faith, would most likely promote the success of the company for the benefit of its members as a whole. In doing this, Section 172 requires a director to have regard, amongst other matters, to the:

- likely consequences of any decisions in the long-term;
- the interests of the company's employees;
- need to foster the company's business relationships with suppliers, customers and others;
- impact of the company's operations on the community and environment;
- desirability of the company maintaining a reputation for high standards of business conduct; and
- need to act fairly between members of the company.

To discharge their Section 172 duties, the Company's Directors had regard to the factors set out above in making the principal decisions taken by the Company. The Company's key stakeholder is its immediate parent, Rolls-Royce plc. The Company's Directors believe that, individually and together, they have acted in the way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, having regard to the stakeholders and matters set out in s172(1)(a-f) of the Companies Act 2006 in the decisions taken during the year ended 31 December 2022.

Vinters Limited

Strategic Report for the year ended 31 December 2022 (continued)

From the perspective of the Company's Directors, as a result of the Group's governance structure, the Rolls-Royce Holdings plc board of directors have taken the lead in carrying out the duties of a board in respect of the Company's other stakeholders. The Company's Directors have also considered relevant matters where appropriate to the Company. As the Company is an immediate holding company and has not traded during the year ended 31 December 2022, consideration of the business relationships with the Company's wider stakeholders; the impact of the Company's operations on the environment and communities in which it operates; and the Company's compliance in relation to safeguarding of human rights and community relationships is not applicable.

Culture is a combination of the values, attitudes and behaviours demonstrated by a Company in its activities and relations with its stakeholders. The Company embodies and demonstrates the desired culture of the Group, to maintain a reputation for high standards of business conduct, through the adoption of the Group Policy Manual which ensures that the Company embodies the philosophy to act with integrity and is trusted to deliver excellence.

Further details on the Group Policy Manual and the policies the Company adopts can be found in the Rolls-Royce Holdings plc Annual Report which is publicly available from the address in note 8.
