**DIRECTORS' REPORT**

The directors of First Active Commercial Limited ("the Company") present their report together with the audited financial statements for the Company for the year ended 31 December 2011. The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS), as adopted by the European Union (EU).

**ACTIVITIES AND BUSINESS REVIEW****Principal activity**

The principal activity of the Company continues to be the provision of inter group lending.

The directors do not anticipate any material change in either the type or level of activities of the Company.

**Business review**

The Company is a subsidiary of Ulster Bank Ireland Limited ("UBIL") which provides the Company with direction and access to all central resources it needs and determines policies in all key areas such as finance, risk, human resources or environment. For this reason, the directors believe that performance indicators specific to the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The annual reports of UBIL review these matters on a Group basis. Copies can be obtained from The Secretary, Ulster Bank Group Centre, George's Quay, Dublin 2.

The Company is part of the Ulster Bank Group ("the Group") and receives ongoing capital, funding and liquidity resources which, coupled with other sources of funding and liquidity, enable the Company to meet its obligations as they fall due.

**Financial performance**

The Company's financial performance is presented in the Statement of Comprehensive Income on page 6. The operating loss before taxation for the year was £15,164 (2010 profit of £1,146,439). The retained loss for the year was £79,144 (2010 profit of £824,728).

At the end of the year total assets were £50,655,146 (2010 £50,336,896).

**Dividends**

The directors do not recommend the payment of a dividend (2010 £nil).

**Principal risks and uncertainties**

The major risks associated with the Company's business are operational, currency, liquidity, interest and credit risk.

The Company is part of a group which has established a comprehensive framework for managing risks, which is continually evolving as business activities change in response to market, credit, product and other developments. The policies for managing risks and the Company's exposure thereto are detailed in note 7 to the financial statements.

**Going concern**

The directors, having a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, have prepared the financial statements on a going concern basis.

**DIRECTORS' REPORT (continued)****Directors and secretary**

The present directors and secretaries, who have served throughout the year except where note below, are listed on page 1

From 1 January 2011 to date the following changes have taken place

	<b>Appointed</b>	<b>Resigned</b>
<b>Directors</b>		
J Browne	19 June 2012	
M Baird		30 March 2012

In accordance with the Articles of Association of the Company, the directors are not required to retire by rotation

**Statement of directors' responsibilities**

The directors are responsible for preparing the financial statements in accordance with applicable laws and regulation

Company law requires the directors to prepare a directors' report and financial statements for each financial year. Under that law the directors have elected to prepare company financial statements in accordance with IFRS as adopted by the EU. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing these financial statements, the directors are required to

- properly select and apply accounting policies,
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information,
- provide additional disclosures when compliance with the specific requirements in IFRS are insufficient to enable users to understand the impact of particular transactions, other events and conditions of the entity's financial position and financial performance, and
- make an assessment of the Company's ability to continue as a going concern

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the requirements of the Companies Act 2006. They are responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Directors' disclosure to auditors**

Each of the directors at the date of approval of this report confirms that

- a) in so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- b) the director has taken all the steps that he/she ought to have taken as a director to make himself/herself aware of any relevant audit information and to establish that the Company's auditors are aware of that information

This confirmation is given and shall be interpreted in accordance with the provisions of section 418 of the Companies Act 2006

**Directors' indemnities**

In terms of section 236 of the Companies Act 2006, neither director has been granted Qualifying Third Party Indemnity Provisions by The Royal Bank of Scotland Group plc ("the RBS Group")

**DIRECTORS' REPORT (continued)**

**Events since the year end**

There have been no significant events between the year end and the date of approval of the financial statements which would require a change or additional disclosure in the financial statements

**Auditors**

The auditors Deloitte & Touche have indicated their willingness to continue in office as auditors

Approved by the Board of Directors and signed on behalf of the Board

## **INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF FIRST ACTIVE COMMERCIAL LIMITED**

We have audited the financial statements of First Active Commercial Limited for the year ended 31 December 2011 which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, the Cash Flow Statement and the related notes 1 to 11. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditors**

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

### **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2011 and of its loss for the year then ended,
- have been properly prepared in accordance with IFRS as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

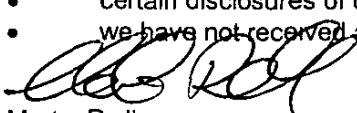

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

**NOTES TO THE FINANCIAL STATEMENTS****1. Accounting policies****a) Presentation of financial statements**

The financial statements are prepared on a going concern basis and in accordance with IFRS issued by the International Accounting Standards Board (IASB), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB as adopted by the EU (together IFRS). The Company's financial statements are presented in accordance with the Companies Act 2006.

The Company is incorporated in the UK and registered in England and Wales.

The financial statements are prepared on the historical cost basis.

**Adoption of new and revised standards**

There are a number of changes to IFRS that were effective from 1 January 2011. They have had no material effect on the Company's financial statements for the year 31 December 2011.

**b) Foreign currencies**

The Company's financial statements are presented in Sterling which is the functional currency of the Company.

Transactions in foreign currencies are translated into Sterling at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Sterling at the rates of exchange ruling at the balance sheet date. Foreign exchange differences arising on translations are reported in the Statement of Comprehensive Income. Non-monetary items denominated in foreign currencies that are stated at fair value are translated into Sterling at foreign exchange rates ruling at the dates the values were determined.

**c) Revenue recognition**

Interest income on financial assets that are classified as loans and receivables are determined using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability (or group of financial assets or liabilities) and of allocating the interest income or interest expense over the expected life of the asset or liability. The effective interest rate is the rate that exactly discounts estimated future cash flows to the instrument's initial carrying amount. Calculation of the effective interest rate takes into account fees payable or receivable, that are an integral part of the instrument's yield, premiums or discounts on acquisition or issue, early redemption fees and transaction costs. All contractual terms of a financial instrument are considered when estimating future cash flows.

**d) Taxation**

Income tax expense or income, comprising current tax and deferred tax, is recorded in the income statement except income tax on items recognised outside profit or loss which is credited or charged to other comprehensive income or to equity as appropriate.

Current tax is income tax payable or recoverable in respect of the taxable profit or loss for the year arising in income or in equity. Provision is made for current tax at rates enacted or substantively enacted at the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable in respect of temporary differences between the carrying amount of an asset or liability for accounting purposes and its carrying amount for tax purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered. Deferred tax is not recognised on temporary differences that arise from initial recognition of an asset or liability in a transaction (other than a business combination) that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is calculated using tax rates expected to apply in the periods when the assets will be realised or the liabilities settled, based on tax rates and laws enacted, or substantively enacted, at the balance sheet date.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****1 Accounting policies (continued)****e) Financial assets**

On initial recognition, financial assets are classified into loans and receivables

**Loans and receivables**

Non-derivative financial assets with fixed or determinable repayments that are not quoted in an active market are classified as loans and receivables, except those that are classified as available-for-sale or as held-for-trading, or designated as at fair value through profit or loss. Loans and receivables are initially recognised at fair value plus directly related transaction costs. They are subsequently measured at amortised cost using the effective interest method (see accounting policy c) less any impairment losses.

**f) Impairment of financial assets**

The Company assesses at each balance sheet date whether there is any objective evidence that a financial asset or group of financial assets classified as loans and receivables is impaired. A financial asset or portfolio of financial assets is impaired and an impairment loss incurred if there is objective evidence that an event or events since initial recognition of the asset have adversely affected the amount or timing of future cash flows from the asset.

**g) Financial liabilities**

On initial recognition financial liabilities are classified into amortised cost

**Amortised cost**

All other financial liabilities are measured at amortised cost using the effective interest method (see accounting policy c)

**h) Accounting developments**

The IASB issued IFRS 9 'Financial Instruments' in November 2009 simplifying the classification and measurement requirements in International Accounting Standard IAS 39 'Financial Instruments: Recognition and Measurement' in respect of financial assets. The standard reduces the measurement categories for financial assets to two: fair value and amortised cost. A financial asset is classified on the basis of the entity's business model for managing the financial asset and the contractual cash flow characteristics of the financial asset. Only assets with contractual terms that give rise to cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and which are held within a business model whose objective is to hold assets in order to collect contractual cash flows are classified as amortised cost. All other financial assets are measured at fair value. Changes in the value of financial assets measured at fair value are generally taken to profit or loss.

In October 2010, IFRS 9 was updated to include the classification and measurement of liabilities. It is not markedly different from IAS 39 except for liabilities measured at fair value, where the movement is due to changes in the credit rating of the issuer it is recognised not in profit or loss but in other comprehensive income.

In December 2010, the IASB issued amendments to IFRS 9 and to IFRS 7 'Financial Instruments: Disclosures' delaying the effective date of IFRS 9 to annual periods beginning on or after 1 January 2015 and introducing revised transitional arrangements including additional transition disclosures. If an entity implements IFRS 9 in 2012 the amendments permit it either to restate comparative periods or to provide the additional disclosures. The additional transition disclosures must be given if implementation takes place after 2012.

IFRS 9 makes major changes to the framework for the classification and measurement of financial instruments and will not have a significant effect on the Company's financial statements.

'Disclosures - Transfers of Financial Assets (Amendments to IFRS 7)' was published by the IASB in October 2010. This replaces IFRS 7's existing derecognition disclosure requirements with disclosures about (a) transferred assets that are not derecognised in their entirety and (b) transferred assets that are derecognised in their entirety but where an entity has continuing involvement in the transferred asset. The amendments are effective for annual periods beginning on or after 1 July 2011. This will not have a significant effect on the Company.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****1. Accounting policies (continued)****h) Accounting developments (continued)**

The IASB issued an amendment to IAS 12 'Income Taxes' in December 2010 to clarify that recognition of deferred tax should have regard to the expected manner of recovery or settlement of the asset or liability. The amendment and consequential withdrawal of SIC 21 'Deferred Tax Recovery of Underlying Assets', effective for annual periods beginning on or after 1 January 2012, is not expected to have a material effect on the Company.

In May 2011, the IASB issued six new or revised standards:

**IFRS 10 Consolidated Financial Statements** which replaces SIC-12 Consolidation - Special Purpose Entities and the consolidation elements of the existing IAS 27 Consolidated and Separate Financial Statements. The new standard adopts a single definition of control: a reporting entity controls another entity when the reporting entity has the power to direct the activities of that other entity to generate returns for the reporting entity.

**IAS 27 Separate Financial Statements** which comprises those parts of the existing IAS 27 that dealt with separate financial statements.

**IFRS 11 Joint Arrangements** which supersedes IAS 31 Interests in Joint Ventures. IFRS 11 distinguishes between joint operations and joint ventures. Joint operations are accounted for by the investor recognising its assets and liabilities including its share of any assets held and liabilities incurred jointly and its share of revenues and costs. Joint ventures are accounted for in the investor's consolidated accounts using the equity method.

**IAS 28 Investments in Associates and Joint Ventures** covers joint ventures as well as associates, both must be accounted for using the equity method. The mechanics of the equity method are unchanged.

**IFRS 12 Disclosure of Interests in Other Entities** covers disclosures for entities reporting under IFRS 10 and IFRS 11 replacing those in IAS 28 and IAS 27. Entities are required to disclose information that helps financial statement readers evaluate the nature, risks and financial effects associated with an entity's interests in subsidiaries, in associates and joint arrangements and in unconsolidated structured entities.

**IFRS 13 Fair Value Measurement** which sets out a single IFRS framework for defining and measuring fair value and requiring disclosures about fair value measurements.

These standards are effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted. Revised standards IFRS 10-13 must be adopted at the same time. The standards are not expected to have a significant effect on the Company's financial reporting.

In June 2011, the IASB issued amendments to two standards:

**Amendments to IAS 1 Presentation of Items of Other Comprehensive Income** that require items that will never be recognised in profit or loss to be presented separately in other comprehensive income from those that are subject to subsequent reclassification. The amendment is effective for accounting periods ending on or after 1 July 2012. Earlier application is permitted. The Company is reviewing the amendment to determine the effect on the Company's financial reporting.

**Amendments to IAS 19 Employee Benefits** requires the immediate recognition of all actuarial gains and losses eliminating the 'corridor approach', interest cost to be calculated on the net pension liability or asset at the appropriate corporate bond rate, and all past service costs to be recognised immediately when a scheme is curtailed or amended. The amendment is effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted. The amendment will not have a material effect on the Company's financial reporting.

## NOTES TO THE FINANCIAL STATEMENTS (continued)

## 1. Accounting policies (continued)

## h) Accounting developments (continued)

In December 2011, the IASB issued 'Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32)' and 'Disclosures-Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7)' The amendment to IAS 32 adds application guidance on the meaning of 'a legally enforceable right to set off' and on simultaneous settlement IFRS 7 is amended to require disclosures facilitating comparisons between those entities reporting under IFRS and those reporting under US GAAP The amendments to IAS 32 are effective for annual periods beginning on or after 1 January 2014 and are required to be applied retrospectively The amendments to IFRS 7 are effective for annual periods beginning on or after 1 January 2013 and are also required to be applied retrospectively

The IASB issued "Annual Improvements to IFRSs 2009-2011 Cycle" in May 2012 implementing minor changes to IFRSs, making non-urgent but necessary amendments to standards, primarily to remove inconsistency and to clarify wording The revisions are effective for annual accounting periods beginning on or after 1 January 2013 and are not expected to have a material effect on the Company

## 2. Critical accounting policies and key sources of estimation uncertainty

The reported results of the Company are sensitive to the accounting policies, assumptions and estimates that underlie the preparation of its financial statements UK company law and IFRS require the directors, in preparing the Company's financial statements, to select suitable accounting policies, apply them consistently and make judgements and estimates that are reasonable and prudent In the absence of an applicable standard or interpretation, IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors', requires management to develop and apply an accounting policy that results in relevant and reliable information in light of the requirements and guidance in IFRS dealing with similar and related issues and the IASB's Framework for the Preparation and Presentation of Financial Statements

## 3 Operating expenses

The auditor's remuneration for statutory audit work for the Company was borne by Ulster Bank Ireland Limited Remuneration paid to the auditor for non-audit work for the Company was £nil (2010 £nil)

The directors of the Company do not receive remuneration for specific services provided to the Company

## 4. Taxation

	2011 £	2010 £
<b>Current Taxation:</b>		
<b>United Kingdom corporation tax at 26% (2010: 28%)</b>		
UK corporation tax charge for the year	63,980	321,711
<b>Tax charge for the year</b>	<b>63,980</b>	<b>321,711</b>

## NOTES TO THE FINANCIAL STATEMENTS (continued)

## 4. Taxation (continued)

The actual tax charge for the current and previous year differs from the standard rate of 26% (2010 28%) for the reasons set out below

	2011 £	2010 £
<b>(Loss)/profit on ordinary activities before taxation:</b>	<b>(15,164)</b>	<b>1,146,439</b>
Expected tax (credit)/charge	<b>(3,942)</b>	321,003
Rate difference	–	708
Non deductible items	<b>67,922</b>	–
<b>Actual tax charge for the year</b>	<b>63,980</b>	<b>321,711</b>

The effective tax rate for the year was (422)% (2010 28%)

The changes to tax rates and capital allowances proposed in the Budget on 22 June 2010, 23 March 2011 and 21 March 2012 are not expected to have a material effect on the Company

## 5. Investments in Group undertakings

Investments in Group undertakings are carried at cost less impairment. Movements during the year were as follows

	2011 £	2010 £
At 1 January	–	3
Disposals	–	(3)
At 31 December	–	–

The Company previously held 100% of the issued Ordinary £1 share capital of firstactive.com limited, an internet services company, incorporated in England and Wales which was voluntarily struck off on 11 January 2011

## 6 Financial instruments

The following tables analyse the Company's financial assets and liabilities in accordance with the categories of financial instruments in IAS 39. Assets and liabilities outside the scope of IAS 39 are shown separately

	Loans and receivables £	At amortised cost £	Non financial assets/ liabilities £	Total £
<b>2011</b>				
<b>Assets</b>				
Amounts due from Group undertakings	50,655,146	–	–	50,655,146
	50,655,146	–	–	50,655,146
<b>Liabilities</b>				
Amounts due to Group undertakings	–	5,577,314	–	5,577,314
Current tax liabilities	–	–	63,980	63,980
	–	5,577,314	63,980	5,641,294
<b>Equity</b>				<b>45,013,852</b>
				<b>50,655,146</b>

## NOTES TO THE FINANCIAL STATEMENTS (continued)

## 6. Financial instruments (continued)

2010	Loans and receivables £	At amortised cost £	Non financial assets/ liabilities £	Total £
<b>Assets</b>				
Amounts due from Group undertakings	50,336,896	–	–	50,336,896
	<u>50,336,896</u>	<u>–</u>	<u>–</u>	<u>50,336,896</u>
<b>Liabilities</b>				
Amounts due to Group undertakings	–	4,922,189	–	4,922,189
Current tax liabilities	–	–	321,711	321,711
	<u>–</u>	<u>4,922,189</u>	<u>321,711</u>	<u>5,243,900</u>
<b>Equity</b>				<u>45,092,996</u>
				<u>50,336,896</u>

There are no material differences between the carrying value and fair value of financial instruments

Financial assets are due from Group undertakings located in the Republic of Ireland, are repayable on demand and fall into the finance industry category

## 7. Risk management

The Company's risk management function is fully integrated with the risk management function of the Group. As a result, the policies and procedures used to manage risk have been incorporated within those of the Group.

The major risks to which the Company is exposed are operational, currency, liquidity, interest and credit risk. The Group has established clear risk policies, including limits, reporting lines and control procedures. This framework is designed to provide tight control and is reviewed regularly by both Executive and Board Committees.

The Group has established a comprehensive framework for managing risks which is continually evolving as the Group's business activities change in response to market, credit, product and other developments.

**Operational risk**

Operational risks are inherent in the Company's business. Operational risk losses occur as the result of fraud, human error, missing or inadequately designed processes, failed systems, damage to physical assets, improper behaviour or from external events. The key mitigating processes and controls include risk and control assessment, scenario analysis, loss data collection, new product approval process, key risk indicators, notifiable events process and the self certification process. The implementation of these processes and controls is facilitated and overseen by operational risk teams, with internal audit providing independent evaluation of the control framework.

**Currency risk**

The Company is exposed to foreign currency risk due to the difference between the assets and liabilities held by the Company with a source currency other than GBP.

The Company manages currency risk by ensuring that there is consistency in the currency profile of its assets and liabilities, and limiting any currency mismatches.

At 31 December 2011, a 1% strengthening of foreign currencies would result in a loss of £6,444 (2010 £20,531) while a 1% weakening of foreign currencies would result in a gain of £6,574 (2010 £20,531).

**Liquidity risk**

The Company manages its liquidity risk by having access to Group funding.

## NOTES TO THE FINANCIAL STATEMENTS (continued)

**7 Risk management (continued)****Interest rate risk**

Structural interest rate risk arises where assets and liabilities have different repricing maturities

The financial assets of the Company consist of amounts due from Group undertakings and the financial liabilities consist of amounts due to Group undertakings. Interest is earned on the amounts due from UBIL based on money market rates. The amounts due to Group undertakings do not have any significant interest rate risk as they are due primarily on demand.

**Credit risk**

Credit risk is the risk of financial loss owing to failure of customers or counterparties to meet payment obligations. The quantum and nature of credit risk assumed in the Group's different businesses varies considerably, while the overall credit risk outcome usually exhibits a high degree of correlation to the macroeconomic environment.

The objective of credit risk management is to enable the Company to achieve appropriate risk versus reward performance whilst maintaining credit risk exposure in line with approved appetite for the risk that customers will be unable to meet their obligations to the Company.

The key principles of the Group's Credit Risk Management Framework are set out below:

- Approval of all credit exposure is granted prior to any advance or extension of credit.
- An appropriate credit risk assessment of the customer and credit facilities is undertaken prior to approval of credit exposure. This includes a review of, amongst other things, the purpose of credit and sources of repayment, compliance with affordability tests, repayment history, capacity to repay, sensitivity to economic and market developments and risk-adjusted return.
- Credit risk authority is dictated by the Board and specifically granted in writing to all individuals involved in the granting of credit approval. In exercising credit authority, the individuals act independently of any related business revenue origination.
- All credit exposures, once approved, are effectively monitored and managed and reviewed periodically against approved limits. Lower quality exposures are subject to a greater frequency of analysis and assessment.

The Company's exposure to credit risk is not considered to be significant as a significant proportion of the credit exposures are with Group companies (see note 10).

**8 Share capital**

	2011 £	2010 £
<b>Equity shares</b>		
Authorised		
100,000,000 Ordinary Shares of £1	100,000,000	100,000,000
Allotted, called up and fully paid		
2 Ordinary Shares of £1	2	2

The Company has one class of Ordinary Shares which carry no right to fixed income.

**9 Capital resources**

The Company's capital consists of equity issued share capital and retained earnings. The Company is a member of the Ulster Bank group of companies which has regulatory disciplines over the use of capital. In the management of capital resources, the Company is governed by the Group's policy which is to maintain a strong capital base. It is not separately regulated.

## NOTES TO THE FINANCIAL STATEMENTS (continued)
