PRINCIPAL ACTIVITIES

The principal activity of the Company is the provision of transaction based trade finance.

REVIEW OF BUSINESS

The result for the year is set out in the Profit and Loss Account.

The Company had a reduction in transactions financed, and operating costs rose due to the establishment of an office in France. This led to the increase in operating costs and the loss shown in the accounts.

Based on the Company's financial projections, the directors expect that the Company's profitability will increase in the current financial year.

DIVIDENDS

The directors do not propose to pay a dividend.

DIRECTORS AND THEIR INTERESTS

Stuart Relton - Managing Director
Andrew Charles Dixon - Chairman - appointed 1 October 2004

AUDITORS

In accordance with the Companies Act 1985 the directors have passed an elective resolution to dispense with the annual appointment of auditors, the holding of Annual General Meetings and the laying of accounts at the Annual General Meeting. KPMG LLP have expressed their willingness to remain in office.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors report to the members of BIBBY TRADE SERVICES LIMITED

We have audited the financial statements on pages 5 to 15.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 3, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2004 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE ACCOUNTS 2004 (CONTINUED)

1. ACCOUNTING POLICIES/continued

Income recognition

The administration fee is recognised in the profit and loss account at the time the transactions are finance. Other fees are normally recognised in the profit and loss account at the time the charge is made. However, where fees are charged in respect of non-performing debt, the proportion credited to the profit and loss account is limited to the extent that total recoveries will exceed the debt outstanding.

Bad debts

Debts are written off when there is no realistic prospect of recovery. Specific provisions are made to reduce all impaired balances to their expected realisable values. General provisions are made for losses not specifically identified based on past experience, knowledge of the Group's exposure and other relevant factors. The charge for the year for bad debts is included in administration expenses.

2. TURNOVER

Turnover, which is derived from within the United Kingdom, comprises amounts receivable as a result of providing transaction based finance. Income is earned on the provision of short term credit finance for customers. The Company purchases goods on behalf of, and/or sells them, to, its customers. The value of new transactions financed during the year was £30,704,480 (2003 - £35,528,880).
