These accounts have been prepared in accordance with the provisions available to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and with the Financial Reporting Standard for Smaller Entities (effective April 2008)

For the financial year ended 31 August 2011 the company was entitled to exemption from audit under section 477 of the Companies Act 2006. No member of the company has deposited a notice, pursuant to section 476, requiring an audit of these financial statements under the requirements of the Companies Act 2006.

The director acknowledges his responsibilities for ensuring that the company keeps accounting records which comply with section 386 of the Act and for preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the company.

Approved by the board of directors and authorised for issue on 21/3/2012 and signed on its behalf

K Ward
Director

The notes on pages 2 to 3 form part of these financial statements

DIAMOND DRILLING AND CUTTING LIMITED

Company number 3546183

Notes to the abbreviated accounts for the year ended 31 August 2011

1 Accounting policies

a) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company

b) Turnover

Turnover represents the amounts receivable for work done during the year, exclusive of VAT

The turnover and profit before taxation is attributable to the one principal activity of the company, and arose wholly within the UK

c) Depreciation of tangible fixed assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are

| | | |
|----------------------------------|-------|------------------|
| Property improvements | 2% | straight line |
| Motor vehicles | 25% | reducing balance |
| Equipment, fixtures and fittings | 25% | reducing balance |
| Plant and machinery | 33 3% | reducing balance |

d) Deferred taxation

Deferred taxation is accounted for in respect of all material timing differences that have originated but not reversed at the balance sheet date. Timing differences arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax is calculated at the rate at which it is anticipated the timing differences will reverse and is measured on a non-discounted basis. Deferred tax assets are only recognised to the extent that they are regarded as recoverable.

e) Deferred government grants

Grants in respect of capital expenditure are credited to a deferred income account and are released to the profit and loss account by equal annual instalments over the expected useful economic lives of the relevant assets.

f) Hire purchase and lease transactions

Assets acquired under hire purchase agreements and finance leases are capitalised in the balance sheet and are depreciated in accordance with the company's normal policy. The outstanding liabilities under such agreements less interest not yet due are included in creditors. Interest on such agreements is charged to the profit and loss account over the term of each agreement and represents a constant proportion of the balance of capital repayments outstanding.

Rentals under operating leases are charged to the profit and loss account as they fall due.

g) Pension scheme

The company operates a money purchase (defined contribution) pension scheme. Contributions payable to this scheme are charged to the profit and loss account in the period to which they relate. These contributions are invested separately from the company's assets.
