For the year ended 31 March 2015 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476.

The director acknowledges his responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

These abbreviated accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime and the Financial Reporting Standard for Smaller Entities (effective April 2008).

The abbreviated accounts were approved by the director and authorised for issue on 24/12/15

Glen Robinson
Director

The notes on pages 3 to 4 form part of these abbreviated accounts.

Vitamins Direct (UK) Limited

Notes forming part of the abbreviated accounts for the year ended 31 March 2015

1 Accounting policies

These abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 2006 relating to small companies and the Financial Reporting Standard for Smaller Entities (effective April 2008) and have been prepared under the historical cost convention.

The following principal accounting policies have been applied:

Turnover

Turnover represents sales to external customers at invoiced amounts less value added tax or local taxes on sales. Turnover refers to income from the marketing, manufacture and distribution of healthcare products. Turnover is recognised as the service is provided or the goods are delivered.

Depreciation

Depreciation is provided to write off the cost, less estimated residual values, of all tangible fixed assets, evenly over their expected useful lives. It is calculated at the following rates:

Plant and machinery - 15% per annum on a straight line basis

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on a first in, first out basis. Net realisable value is based on estimated selling price less additional costs to completion and disposal.

Foreign currency

Foreign currency transactions are translated into sterling at the rates ruling when they occurred. Foreign currency monetary assets and liabilities are translated at the rates ruling at the balance sheet date. Any differences are taken to the profit and loss account.

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that the recognition of deferred tax assets is limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not discounted.

Going concern

The company has net liabilities of £885,166. The director considers it appropriate to prepare financial statements on a going concern basis based upon the continued support of the holding company. The director believes this support to be forthcoming. However, should this support prove not to be forthcoming then this would cast a significant doubt on the company's ability to continue as a going concern and therefore to continue utilising its assets and discharging its liabilities in the normal course of business. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

Vitamins Direct (UK) Limited

Notes forming part of the abbreviated accounts
for the year ended 31 March 2015 (*continued*)

2 Tangible fixed assets
