## Notes to the Financial Statements

For the year ended 30 September 2021

### 1. Accounting Policies

#### 1.1. Basis of Accounting

E D & F Man Sugar Overseas Holdings Limited is a private limited company incorporated and domiciled in England and Wales.

These Financial Statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS101"). Under this standard, the accounts have been prepared by applying a financial reporting framework based on the recognition and measurement requirements of EU-adopted International Financial Reporting Standards ("IFRS"), as amended where necessary in order to comply with the Companies Act 2006 and The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, but with reduced disclosure requirements, on the basis that equivalent disclosures have been made in the consolidated Financial Statements of the Company's ultimate parent.

The Financial Statements have been prepared under the historical cost basis.

FRS101 grants exemptions from the disclosure requirements of certain EU-adopted IFRS. The Company has taken advantage of the following disclosure exemptions:

- no Statement of Cash Flows has been presented;
- Related Party disclosures in respect of transactions with wholly owned members of the ultimate parent and key management personnel compensation, have not been presented;
- disclosures in respect of the estimated effect of new IFRS issued but not yet effective have not been presented; and
- the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d) to 134(f) and 135(c) to 135(e) of IAS 36 *Impairment of Assets* which deal with certain assumptions and sensitivities significant for an impairment review.

The Company is able to apply these exemptions as its Financial Statements are consolidated in the Financial Statements of its ultimate parent company, E D & F Man Holdings Limited (see Note 11) prepared under EU-adopted IFRS.

#### 1.2. Consolidated Accounts

The Financial Statements contain information about E D & F Man Sugar Overseas Holdings Limited as an individual Company and do not contain consolidated financial information as the parent of a group. The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated Financial Statements as it and its subsidiary undertakings are included by full consolidation in the consolidated Financial Statements of its ultimate parent, E D & F Man Holdings Limited, a Company incorporated in England and Wales.

#### 1.3. Foreign Currencies

The Company's functional currency is United States dollars as this is the functional currency of the majority of its operations.

## Notes to the Financial Statements (continued)

For the year ended 30 September 2021

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction or an average rate for the year. Monetary assets and liabilities denominated in foreign currencies are re-translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

### 1.4. Impairment

The carrying values of fixed assets are reviewed for impairment if events or changes in circumstances indicate the carrying amount may not be recoverable. An impairment loss is provided for in the current period profit and loss account when the carrying value of the asset exceeds its estimated recoverable amount. The estimated recoverable amount is defined as the higher of the net realisable value and value in use. The value in use is determined by reference to estimated future discounted cash flows.

### 1.5. Investments

Investments in subsidiary undertakings are included in the Financial Statements at cost less provisions for impairment.

### 1.6. Investment Income

Dividends received are accounted for on the basis of cash received and gross of any attributable withholding taxes.

### 1.7. Taxation

Tax on the profit and loss for the year comprises current and deferred taxation. Tax is recognised in the profit and loss account. Current taxation is the expected tax payable on the taxable profit for the year and any adjustments to tax payable in respect of previous years.

A deferred tax asset or liability is recognised in respect of all deductible or taxable temporary differences between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on the tax rates and laws enacted or substantively enacted at the year-end date.

### 1.8. Significant Accounting Judgements and Estimates

The preparation of these Financial Statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and reported amounts of revenues and expenses during the reported period. No significant judgements or estimates have been applied in preparing these Financial Statements.

## Notes to the Financial Statements (continued)

For the year ended 30 September 2021

### 2. Staff Costs

There were no employees of the Company in the years 2021 and 2020.

The Directors of the Company also serve as Directors and employees of a number of other companies within the Group. Emoluments received by Directors therefore relate to a number of qualifying and non-qualifying services provided to a range of companies. Directors do not receive any incremental remuneration in respect of their services to the company, as these services are clearly trivial in the context of their total services provided to the Group. As such, the Directors do not believe it is possible to produce a meaningful allocation of total emoluments and therefore allocate emoluments only to the trading companies for which the vast majority of their services relate.
