NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2010

1. ACCOUNTING POLICIES

1 1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1 2 Turnover

Turnover comprises revenue recognised by the company in respect of rental income receivable

1.3 Investment properties

Investment properties are included in the Balance sheet at their open market value in accordance with Statement of Standard Accounting Practice No 19 or the FRSSE (effective April 2008) and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company and the group

If an investment property's open market value at the year end is less than the value brought forward the deficit charge is initially made against any revaluation surplus previously made and then any excess is charged to the profit and loss account as an impairment
