ANNEXURE 4 TO FORM 155(6)b

Terms defined in this Statutory Declaration (including Annexure 3) have the same meanings in this Annexure 4 unless otherwise stated.

- A. The Charging Company will enter into the Supplemental Debenture in order to vary the terms of the Debenture. The existing security constituted under the Debenture does not presently operate to guarantee or otherwise secure any money or liability if and insofar as such money was borrowed or such liability was incurred directly or indirectly for the purpose of the acquisition by any person of shares in the Company or the reduction or discharge of any existing liability incurred for the purpose of such acquisition. The Supplemental Debenture will operate to widen the nature of the obligations secured to include the sums lent under the facility made available under the terms of the Facilities Agreement which was used, in part, to finance the acquisition of the entire share capital of the Company. Upon executing the Supplemental Debenture, the Charging Company will be assuming obligations in connection with the purchase of its shares as follows:-

1. The Charging Company:-

- (a) covenants that it will pay to the Security Trustee all monies and discharge all obligations and liabilities at the date of the Debenture or thereafter due, owing or incurred by it to any or all of the Finance Parties (as defined in the Facilities Agreement including, without limitation, all monies, obligations and liabilities due, owing or incurred under or pursuant to:

 - (ii) ancillary sub-facilities letters addressed to certain of Bidco's subsidiaries from Barclays Bank plc and National Westminster Bank plc (the "Ancillary Sub-Facilities Letters") setting out the terms on which utilisation of working capital facilities available under the Facilities

Agreement could be made by way of the issue of performance bonds, guarantees or letters of credit, or by way of overdraft;

- (iii) any documents effecting interest rate swaps and/or other hedging arrangements between Bidco and the Security Trustee entered into under the terms of the Facilities Agreement;
- (iv) amounts due under fee letters entered into pursuant to the terms of the Facilities Agreement;
- (v) the guarantee and debenture entered into by Parent and Bidco in favour of the Security Trustee dated 21 December 2000;
- (vi) the Debenture;
- (vii) the Supplemental Debenture;
- (viii) any supplemental legal mortgage executed over any Mortgage Required Property (as defined in the Facilities Agreement);
- (ix) a subordination deed made between (amongst others) Parent and Bidco, the "A Individuals" the "B Individuals", the Investors and the Security Trustee (as each such term is defined therein); and
- (x) any and all other mortgages, charges, pledges, guarantees and other instruments from time to time entered into by any member of the group of companies of which the Parent is the holding company by way of guarantee, other assurance and/or security in respect of amounts owed to the Finance Parties under the Finance Documents (as each such term is defined in the Facilities Agreement),

(all such documents set out in this paragraph 1(a) being together referred to herein as the "Finance Documents"); and

(b) irrevocably and unconditionally guarantees:-

- (i) the due performance by each Obligor (as defined in the Facilities Agreement) of all of its obligations under or pursuant to the Finance Documents to which it is a party (each Obligor and the Charging Company being referred to herein as a "Charging Obligor"); and
- (ii) the payment of all monies and discharge of all liabilities at the date of the Debenture or thereafter due, owing or incurred to the Finance Parties (as defined in the Facilities Agreement) or any of them including without limitation, all monies, obligations and liabilities due, owing or incurred under or pursuant to the Finance Documents (as defined in the Facilities Agreement),

in each case when the same become due for payment or discharge whether by acceleration or otherwise, and whether such monies, obligations or liabilities are expressed or implied; present, future or contingent, joint or several, incurred as principal or surety, originally owing to the Finance Parties (as defined in the Facilities Agreement) or any of them or purchased or otherwise acquired by any of them, denominated in sterling or any other currency, or incurred on any banking account or in any other manner whatsoever.

In the case of the guarantee described in paragraph A1(b) above, if for any reason any such person, being a Charging Obligor, fails to discharge any such obligation or liability or to pay any such monies, each Charging Obligor (other than such person) shall immediately on demand by the Security Trustee discharge such obligation or liability or, as the case may be, pay such monies to the Security Trustee.

- (c) Each Charging Obligor agrees to pay interest on each amount demanded of it under its guarantee from the date of such demand until payment (after as well as before judgement) at the Default Rate (as defined in the Facilities Agreement) and

otherwise in accordance with the terms of the Facilities Agreement or any other relevant provision of any of the Finance Documents (as defined in the Facilities Agreement).

- (d) As a separate and independent stipulation, each Charging Obligor irrevocably and unconditionally agrees that if any purported obligation or liability of any other Charging Obligor which would have been the subject of its guarantee described in paragraph A1(b) above and in this paragraph A1(d) and in paragraph A3 below had it been valid or enforceable is not or ceases to be valid or enforceable against such other Charging Obligor on any ground whatsoever whether or not known to the Finance Parties or any of them (including, without limitation, any irregular exercise or absence of any corporate power or lack of authority of, or breach of duty by, any person purporting to act on behalf of such other Charging Obligor or any legal or other limitation, whether under the Limitation Acts or otherwise, any disability or Incapacity (as defined in the Debenture) or any change in the constitution of such other Charging Obligor) it shall nevertheless be liable in respect of that purported obligation or liability as if the same were fully valid and enforceable and it were a principal debtor in respect thereof. Each Charging Obligor, under the Debenture, irrevocably and unconditionally agrees with the Security Trustee (as trustee for the other Finance Parties (as defined in the Facilities Agreement) to indemnify and keep indemnified the Finance Parties (as defined in the Facilities Agreement) against any loss or liability arising from any failure of any other Charging Obligor to perform or discharge any such purported obligation or liability or from any invalidity or unenforceability of any of the same against any other Charging Obligor.

2. The Charging Company, with full title guarantee, charges to the Security Trustee by way of first fixed and floating charges and as a continuing security for the payment and discharge of the monies, obligations and liabilities described in paragraph A1 above, its undertaking and all its property, assets and rights whatsoever and wheresoever both present and future (the "**Charged Assets**").

3. The Charging Company agrees to, if and when at any time required by the Security Trustee, execute such further encumbrances and assurances in favour of, or for the benefit of, the Security Trustee and the other Finance Parties (as defined in the Facilities Agreement) and to do all such acts and things as the Security Trustee shall from time to time reasonably require over or in relation to all or any of the Charged Assets to secure the monies, obligations and liabilities described in paragraph A1 above or to perfect or protect the Security Trustees' security over the Charged Assets or any part thereof or to facilitate the realisation of the same.
- B. The Charging Company will, together with certain other subsidiaries of Bidco (as lenders), enter into the Loan Agreement with Bidco (as borrower) in which such subsidiaries (including the Company) together agree to make available to Bidco a loan facility of up to £368,500,000 for the period from the date of the Loan Agreement until 31 December 2005.
- C. The Charging Company will, together with certain other subsidiaries of Bidco (as lenders), enter into the Support Agreement with Bidco (as borrower) pursuant to which such subsidiaries (including the Company) together agree to make loans available to Bidco pursuant to the terms set out therein.
