# MTN Technology Limited Notes to the Abbreviated Accounts For the year ended 30 June 2013

#### 1 Accounting policies

Basis of preparation

The unaudited accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the value, net of discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Employee benefit trust

Employee Benefit Trusts (EBT) are valued at cost less accumulated amortisation. Amortisation is calculated to write off the cost in equal instalments over their estimated useful lives of 80 years.

The Company established a Trust with the broad objective of providing benefits to the employees and their dependants, both past and present. The Trustees operate independently of the Company and the assets of the Trust are held separately from those of the Company. In order to comply with accounting standards, the assets of the Trust are combined with those of the Company in these accounts, except to the extent that they have been designated into sub trusts for specific employees.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Office equipment

25% reducing balance

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken in to account in arriving at the operating profit.
