Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with IFRSs as adopted by the EU and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

select suitable accounting policies and then apply them consistently

make judgments and estimates that are reasonable and prudent,

- · state whether they have been prepared in accordance with IFRSs as adopted by the EU, and
- · prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006 They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregulanties

Independent auditor's report to the members of Lend Lease Europe Retail Investments Limited

We have audited the financial statements of Lend Lease Europe Retail Investments Limited for the year ended 30 June 2012 set out on pages 4 to 11 The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of directors and auditor
As explained more fully in the Directors' Responsibilities Statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's web-site at www frc org uk/apb/scope/private cfm

Opinion on financial statements

In our opinion the financial statements

- . give a true and fair view of the state of the company's affairs as at 30 June 2012 and of its profit for the year then ended,
- · have been properly prepared in accordance with IFRSs as adopted by the EU and
- have been prepared in accordance with the requirements of the Companies Act 2006

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes to the financial statements

Accounting policies

Lend Lease Europe Retail Investments Limited (the "Company") is a company incorporated in the UK

The Company's financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs") and its interpretations as adopted by the International Accounting Standards Board (IASB)

The financial statements have been prepared on the going concern basis which the directors believe to be appropriate for the following reasons. The company is dependent for its working capital on funds provided to it by Lend Lease Europe Holdings Limited, the company's UK holding undertaking Lend Lease Europe Holdings Limited has provided the company with an undertaking that for at least 12 months from the date of approval of these financial statements, it will continue to make available such funds as they are needed by the company and in particular will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other Group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements, they have no reason to believe that it will not do so

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result in the basis of preparation being inappropriate

The accounting policies set out below have unless otherwise stated been applied consistently to all years presented in these financial statements

Revenue is stated net of value added tax and is derived from distributions and performance fees from the Lend Lease Retail Partnership and the Lend Lease

investments are stated at cost with adjustments made to the carrying value to reflect net realisable amounts where these are lower than cost. Management conducts impairment reviews annually

A provision is recognised in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and where appropriate the risks specific to the liability

Net Gains or Losses on Sale of Investments

Net gains or losses on sale of investments are recognised when an unconditional contract is in place

Trade and other receivables

Trade and other receivables are stated at their nominal amount (discounted if material) less provision for doubtful debts

The tax expense represents the sum of the tax currently payable and deferred tax

The tax currently payable is based on taxable profit for the year. Taxable profit or loss differs from net profit or loss as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences are differences between the Company's taxable profits or losses and its results as stated in the financial statements. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or subsequently enacted by the balance sheet date. Deferred tax assets are not recognised to the extent that the transfer of economic benefits in future is uncertain. Deferred tax assets and liabilities recognised have not been discounted

Net financing costs

Net financing costs comprise interest payable, interest receivable on funds invested, and foreign exchange gains and losses that are recognised in the income statement

Interest income and interest payable is recognised in profit or loss as it accrues using the effective interest method

Key estimates and judgements

These accounts are prepared under IFRSs as adopted by the EU. The choice of accounting policies involves in some cases, management evaluating and choosing the policy that gives the most true and fair view. The most relevant to the company is in relation to provision for doubtful debt

New standards and interpretations not yet adopted
A number of new standards amendments to standards and interpretations have been issued that are effective or not yet effective for the year ended 30 June 2012 but have not been applied in preparing these financial statements. None of these have a material effect on the financial statements of the Company

Directors' remuneration and employees

The directors did not receive any emoluments in respect of their services to the company (2011 Enil) The company did not employ any staff during the year (2011 Oil)

Auditor's remuneration

Auditor's remuneration in respect of audit and other fees were paid by Lend Lease Europe Limited the immediate parent undertaking. The directors estimate the fee attributable to the company is £10,370 (2011 £11 345)

(b) Factors affecting the current charge for the year

The tax assessed differs from the application of the standard rate of corporation tax in the UK 2012 25 5% (2011 27 5%) to the company's accounting profit before taxation for the following reasons

	2012	2011

Total tax in income statement	414,570	(3,848,794)

The Budget on 21 March 2012 revised the previously announced phased reduction in the main UK corporation tax rate. The rate is now proposed to reduce to 22% (was to be 23%) by 1 April 2014 with the most recent reduction to 24% taking effect from 1 April 2012 (was to be 25%). Prior to 1 April 2012, a corporation tax rate of 26% applied in the UK. A further reduction of the tax rate to 23% (effective from 1 April 2013) was substantively enacted on 3 July 2012. This will reduce the Company's future current tax charge accordingly and the impact has not yet been estimated.

(c) Factors that may affect future tax charges

The effective rate of taxation will vary as a result of any dividends paid by subsidiaries overseas tax rates and the utilisation of tax losses brought forward

15 Financial Risk Management

Introduction and overview

The company has exposure to the following risks

- Credit risk
- Operational risks
- Interest rate risks

This note presents information about the company's exposure to each of the above risks, the company's objectives, policies, and processes for measuring and managing risk, and the company's management of capital

The Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company to set appropriate risk limits and controls, and to monitor risks and adherence to limits

a) Credit risk
Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted. The Company is compliant with the Lend Lease Consolidated Group's framework for risk management including credit risk. There are no significant concentrations of external credit risk with the Company's exposure to only Lend Lease Consolidated Group related parties

b) Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the company's processes personnel technology and infrastructure and from external factors other than credit risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour

The company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the company's reputation with overall cost

Interest rate risk is the risk that the value of a financial instrument or cash flow associated with the instrument will fluctuate due to changes in the market interest rates. The Company's policy is to manage interest rate risk that impacts directly on the Company's assets and liabilities. The Company's exposure to interest rate risk is limited to movements in intra group lending rates

At 30 June 2012 it is estimated that an increase of one percentage point in interest rates would have decreased the Company's profit before tax by approximately £274,380 (2011 decreased profit by £890 325)

Compliance with the company's standards is supported by a programme of periodic reviews which are discussed at Board level
