STRATEGIC REPORT
FOR THE YEAR ENDED 31 MARCH 2022**

Introduction

The Directors present their Strategic report for Tainside Limited (the "Company").

The Directors, in preparing this Strategic Report, have complied with section 414C of the Companies Act 2006. It has been prepared solely to provide the shareholders with information to assess how directors have performed their duty to promote the success of the Company for the year ended 31 March 2022.

Business review

The principal activity of the Company, a subsidiary of the Global Media & Entertainment Limited group ('the Group'), is unchanged from last year and is that of an investment holding company. The Company didn't trade in either the current or prior years.

The Company's income is generated from dividends from subsidiary companies, as in previous years. Dividends of £nil were paid in the year (2021: £nil).

Principal risks and uncertainties

The Company is a subsidiary of Global Media & Entertainment Limited Group, limited by shares. From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of the Group and are not managed separately. The review of the business of Global Media & Entertainment Limited and its subsidiaries, which provides an analysis of the main trends and factors likely to affect the development, performance and position of the business, and a description of the principal risks and uncertainties facing the business, can be found in the Group financial statements of Global Media & Entertainment Limited.

Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the Company uses intercompany borrowings from other Group companies.

Market Risk

The key risk to the business is that an advertising slowdown may put pressure on traditional revenues, and reduce the value of the investments held. The risk is monitored and managed through Group management.

Interest rate risk

Interest rate risk arises from intercompany balances that bear interest at a fixed rate. The Directors have reviewed the Company's exposure to interest rates and have concluded that the risk is appropriate in relation to the financial results of the Company.

Financial key performance indicators

Given the straightforward nature of the business, the Company's Directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business. The KPIs for the Global Media & Entertainment Limited Group can be found in the Annual Report of Global Media & Entertainment Limited, which is available to the public.

This report was approved by the board on 15 December 2022 and signed on its behalf.
