S HARRIS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2012

1. Accounting Policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards

The financial statements have been prepared on a going concern basis notwithstanding net current liabilities of £237,250 and shareholders' deficit of £223,522. The director believes this to be appropriate because the company has access to continued funding from the ultimate controlling party and other related parties. The company is reliant on both of these parties for ongoing support and they have provided the company with undertakings that they will, for at least twelve months from the date of the approval of these financial statements, continue to make available such funds as are needed by the company and in particular will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting their liabilities as they fall due for payment. As with any company placing reliance on other individuals or entities for financial support, the director acknowledges that there can be no certainty that this support will continue, although at the date of approval of these financial statements, he has no reason to believe that they will not do so.

On this basis the director believes that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result from the going concern basis of preparation being inappropriate.

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Cash flow

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.3 Turnover

Performance income derived from the provision of creative and promotional services and rebates on band management services is accounted for in the period in which it is invoiced and adjusted for deferred revenue in respect of services provided in periods after the accounting period in which the invoice is raised. Deferred revenue is included in accruals and deferred income within creditors due in less than one year.

Equipment and property rental income is accounted for in the period in which it is invoiced.

Recording income is accounted for on an accruals basis or when it becomes contractually due.

Consultancy income is accounted for in the period in which it is invoiced.

All revenue is stated in the profit and loss account net of Value Added Tax.

S HARRIS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2012

1. Accounting Policies (continued)

1.4 Intangible fixed assets and amortisation

Negative goodwill occurs when the consideration paid is less than the aggregate fair values attributable to the identifiable assets and liabilities acquired. Negative goodwill is recognised on the face of the balance as an intangible fixed asset.

Negative goodwill up to the fair value of the non-monetary assets acquired is accounted for in the profit and loss account in periods (through depreciation or sale) that are expected to benefit from that negative goodwill. Negative goodwill in excess of the non-monetary assets acquired was recognised in the profit and loss account in the periods that benefited post acquisition. Any remaining negative goodwill on other monetary assets still held at the balance sheet date is included within negative goodwill and will be released in the accounting periods expected to benefit.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property	-	2.5% straight line
Office equipment	-	20 - 25% straight line
Studio and equipment	-	10 - 25% straight line

1.6 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

1.7 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.8 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the profit and loss account.
