Auditors' Report to A TO Z CATERING SUPPLIES LIMITED
under Section 247B of the Companies Act 1985

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the applicable law. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. This other information comprises only the Directors' Report. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

We read the directors report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. However, the evidence available to us was limited because we were unable to carry out auditing procedures necessary to obtain adequate assurance regarding the quantities of stock in the balance sheet of £188,863. Any adjustments to this figure would have a consequential significant effect on the profit for the year. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Also the evidence available to us in respect of the opening balance was limited, because we were not appointed the auditors of the company for the preceding financial year. We have had to rely upon all opening balances from the preceding financial statements.

In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Qualifying opinion arising from limitation in audit scope

With the exception of the above, in our opinion the financial statements give a true and fair view of the state of the company's affairs as at 30 November 2001 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the Abbreviated Financial Statements for the year ended 30 November 2001

1. Accounting Policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and machinery	- 25% on a reducing balance basis
Fixtures, fittings and equipment	- 25% on a reducing balance basis
Motor vehicles	- 25% on a reducing balance basis

1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

1.5. Stock

Stock is valued at the lower of cost and net realisable value.

1.6. Deferred taxation

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to materialise.
