Statements

Abbey Foods (Liverpool) Limited (registered number 3706041) did not trade during the current period or preceding period and has made neither profit nor loss, nor any other comprehensive income.

For the year ending 31 March 2021 the company was entitled to exemption from audit under section 480 of the Companies Act 2006 relating to dormant companies.

The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476.

The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of the accounts.

These financial statements on pages 1 to 6 were approved and authorised for issue by the Board of Directors on 9 December 2021.

Signed on behalf of the Board of Directors

K Suematsu
Director

Registered No: 3706041

Notes to the financial statements

For the year ended 31 March 2021

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and preceding year.

a. General information and basis of accounting

Abbey Foods (Liverpool) Limited (the company) is a company incorporated in the United Kingdom under the Companies Act. The address of the registered office is given on page 2. The nature of the company's operation and its principal activities are set out in the director's report on page 3.

These financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the company operates. The financial statements have been prepared in accordance with FRS 101 (Financial Reporting Standard 101) "Reduced Disclosure Framework" as issued by the Financial Reporting Council.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of comparative information in respect of certain assets, IFRS financial instruments, presentation of a cash flow statement, standards not yet effective, impairment of assets and related party transactions.

Where relevant, equivalent disclosures have been given in the group accounts of Princes Limited. The group accounts of Princes Limited are available to the public and can be obtained as set out in note 5.

The financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of IAS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 or value in use in IAS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can assess at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

b. Accounting policies

The principal accounting policies adopted are set out below.

Loans and receivables

Trade receivables, loans, and other receivables including, intercompany receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Registered No: 3706041

Notes to the financial statements (continued)

For the year ended 31 March 202

1. Accounting policies (continued)

Information regarding directors and employees

The company had no employees during the current and preceding year. No emoluments were payable to the directors of the company during the current and preceding financial year.

2. Debtors
