NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Going concern

The financial statements have been prepared on the going concern basis, which assumes that the company will continue in operational existence for the foreseeable future. The directors consider that the company is a going concern on the basis that they will continue to provide financial support for the foreseeable future.

Turnover

Turnover is stated net of VAT. Turnover represents the value of services provided under contracts to the extent that there is a right to consideration and is recorded at the value of the consideration due. Where a contract has only been partially completed at the balance sheet date, turnover represents the value of the services provided to date based on a proportion of the total contract value. Where payments are received from customers in advance of services provided, the amounts are recorded as Deferred Income and included as part of Creditors due within one year.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Office Equipment - 33% straight line

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
