For the year ending 31 March 2019 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the statement of income and retained earnings has not been delivered.

These financial statements were approved by the board of directors and authorised for issue on 03 December 2019 , and are signed on behalf of the board by:

Mr Ian McCulloch

Director

Company registration number: 03716587

Echo and the Bunnymen Limited

Notes to the financial statements

Year ended 31 March 2019

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 79 Tib Street, Manchester, M4 1LS.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

At the balance sheet date the liabilities of the company exceeded its assets by £1,788. The accounts have been drawn up on a going concern basis on the assumption that the support of the directors and creditors will continue in the foreseeable future.

Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year and derives from the provision of services falling within the company's ordinary activities.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fittings fixtures and equipment	-	25 % reducing balance
---------------------------------	---	-----------------------

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 2 (2018: 2).

5. Tangible assets

	Fixtures, fittings and equipment £	Total £
Cost		
At 1 April 2018	3,639	3,639
Additions	2,720	2,720
At 31 March 2019	6,359	6,359
Depreciation		
At 1 April 2018	910	910
Charge for the year	1,362	1,362
At 31 March 2019	2,272	2,272
Carrying amount		
At 31 March 2019	4,087	4,087
At 31 March 2018	2,729	2,729

6. Debtors

	2019 £	2018 £
Trade debtors	7,021	812
Other debtors	106,897	74,631
	113,918	75,443

7. Creditors: amounts falling due within one year

	2019 £	2018 £
Bank loans and overdrafts	3,585	-
Trade creditors	2,392	9,644
Corporation tax	9,675	-
Other creditors	194,490	229,329
	210,142	238,973

8. Directors advances, credits and guarantees

During the year the directors entered into the following advances and credits with the company:

2019

	Balance brought forward £	Advances /(credits) to the directors £	Balance o/standing £
Mr Ian McCulloch	51,010	29,768	80,778
Mr William Sergeant	(193,054)	(161)	(193,215)
	<u> </u>	<u> </u>	<u> </u>
	(142,044)	29,607	(112,437)
	<u> </u>	<u> </u>	<u> </u>

2018

	Balance brought forward £	Advances /(credits) to the directors £	Balance o/standing £
Mr Ian McCulloch	93,373	(42,363)	51,010
Mr William Sergeant	(46,252)	(146,802)	(193,054)
	<u> </u>	<u> </u>	<u> </u>
	47,121	(189,165)	(142,044)
	<u> </u>	<u> </u>	<u> </u>

Any overdrawn loan account is interest bearing at 4% per annum.
