COMPANIES HOUSE

BROADGATE (FUNDING) PLC

REPORT OF THE DIRECTORS for the year ended 31 March 2007

The directors submit their Report and Accounts for the year ended 31 March 2007

Principal activities

The company is a wholly owned subsidiary of The British Land Company PLC and operates as a constituent of The British Land Company PLC group of companies (the "Group"). The company's principal activity is to provide funding to fellow subsidiaries of The British Land Company PLC in the United Kingdom (UK). The company did not trade during the current period and has made neither profit nor loss, nor any other recognised gain or loss.

Business review

As shown in the company's profit and loss account on page 5, the company's turnover was £nil while the prior year was £nil and profit before tax has decreased by 100.0% over the prior year.

No dividends were paid in the current year (2006: £nil).

The balance sheet on page 7 of the financial statements shows that the company's financial position at the year end is, in net asset terms, consistent with the prior year.

The performance of the Group, which includes the company, is discussed in the group's Annual Report which does not form part of this report.

Details of significant events since the balance sheet date are contained in note 16 of the financial statements.

The subsidiaries, if any, held by the company are listed in note 6 to the accounts. Where the company has subsidiaries, consolidated financial statements are not presented as the company takes advantage of the exemption afforded by Section 228 of the Companies Act 1985.

Risk management

This company is part of a large property investment group. As such the fundamental underlying risks for this company are that of the property group as discussed below.

The company generates returns to shareholders through long-term investment decisions requiring the evaluation of opportunities arising in the following areas:

- demand for space from occupiers against available supply,
- differential pricing for premium locations and buildings,
- alternative use for buildings,
- demand for returns from investors in property, compared to other asset classes,
- economic cycles, including their impact on tenant covenant quality, interest rates, inflation and property values,
- price differentials for capital to finance the business,
- legislative changes, including planning consents and taxation, and
- construction pricing and programming.

These opportunities also represent risks, the most significant being change to the value of the property portfolio. This risk has high visibility to senior executives and is considered and managed on a continuous basis. Executives use their knowledge and experience to knowingly accept a measured degree of market risk.

The company's preference for prime assets and their secure long term contracted rental income, primarily with upward only rent review clauses, present lower risks than many other property portfolios.

The company has no third party debt. It therefore has no interest rate exposure.

Environment

Across the Group, The British Land Company PLC recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The company operates in accordance with Group policies. The Group's full Corporate Responsibility Report is available online at www.britishland.com/crReport/2006.

BROADGATE (FUNDING) PLC

REPORT OF THE DIRECTORS **for the year ended 31 March 2007**

Directors

The directors who served throughout the year were, except as noted

Sir John Ritblat (Resigned 31 December 2006)

S A M Hester

J H Weston Smith (Resigned 14 July 2006)

R E Bowden

G C Roberts

A Braine

L M Bell

P C Clarke

Statement of directors' responsibilities

The directors are responsible for preparing the Report and the financial statements in accordance with applicable law and regulations

The directors have elected to prepare the financial statements in accordance with UK Generally Accepted Accounting Practice (UK Accounting Standards and applicable law)

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period

In preparing these statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Payments policy

In the absence of dispute, amounts due to trade and other suppliers are settled as expeditiously as possible within their terms of payment. Payments are administered on a consistent basis throughout the Group by The British Land Company PLC whose suppliers' days outstanding at 31 March 2007 were 26 (31 March 2006 33)

BROADGATE (FUNDING) PLC

REPORT OF THE DIRECTORS
for the year ended 31 March 2007

Disclosure of information to Auditors

Each of the persons who is a director at the date of approval of this report confirms that

(a) so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and

(b) the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the company's auditors are aware of that information

This confirmation is given and should be interpreted in accordance with the provisions of s234ZA of the Companies Act 1985

Auditors

A resolution to reappoint Deloitte & Touche LLP as the company's auditors will be proposed at the Annual General Meeting

This report was approved by the Board on 27 September 2007

Secretary

BROADGATE (FUNDING) PLC

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
BROADGATE (FUNDING) PLC
for the year ended 31 March 2007**

We have audited the financial statements of Broadgate (Funding) PLC for the year ended 31 March 2007 which comprise the profit and loss account, balance sheet, statement of total recognised gains and losses, note of historical cost profits and losses and the related notes 1 to 17. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 31 March 2007 and of its nil profit for the year then ended,
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements.

Director

BROADGATE (FUNDING) PLC

Notes to the accounts for the year ended 31 March 2007

1 Accounting policies

The principal accounting policies adopted by the directors are summarised below. They have been applied consistently throughout the current and previous year.

These financial statements are designed to cover a wide variety of companies and circumstances. As a result some notes or some entries in the primary statements or the notes may not be relevant for this company and so may be left blank intentionally.

Accounting basis

The financial statements are prepared in accordance with applicable United Kingdom law and Accounting Standards and under the historical cost convention as modified by the revaluation of investment properties and other fixed asset investments.

Where the company has subsidiaries, it has taken advantage of the exemption from preparing consolidated financial statements afforded by Section 228 of the Companies Act 1985 because it is a wholly owned subsidiary of another company. Group financial statements which include the company for The British Land Company PLC are publicly available (see note 17).

Cash flow statement

The company is exempt under FRS 1 (Revised) from preparing a cashflow statement.

Properties

Properties are externally valued on an open market basis at the balance sheet date. Investment and development properties are recorded at valuation. Any surplus or deficit arising is transferred to revaluation reserve, unless a deficit is expected to be permanent, in which case it is charged to the profit and loss account. Disposals are recognised on completion. Profit on disposal is determined as the difference between sales proceeds and the carrying amount of the asset at the commencement of the accounting period plus additions in the period.

In accordance with Statement of Standard Accounting Practice 19, no depreciation is provided in respect of investment property. The directors consider that this accounting policy, which represents a departure from the statutory accounting rules, is necessary to provide a true and fair view. The financial effect of the departure from these rules cannot reasonably be quantified as depreciation is only one of the many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified. Where properties held for investment are appropriated to trading stock, they are transferred at market value.

The cost of properties in course of development includes attributable interest and other associated outgoings. Interest is calculated on the development expenditure by reference to specific borrowings where relevant and otherwise on the average rate applicable to short-term loans. Interest is not capitalised where no development activity is taking place.

A property ceases to be treated as a development on practical completion.

Financial liabilities

Debt instruments are stated at their net proceeds on issue. Finance charges including premiums payable on settlement or redemption and direct issue costs are spread over the period to redemption, using the effective interest method.

BROADGATE (FUNDING) PLC

Notes to the accounts for the year ended 31 March 2007

1 Accounting policies (continued)

Investments

Fixed asset investments are stated at cost less provision for impairment

Taxation

Current tax is based on taxable profit for the year and is calculated using tax rates that have been enacted or substantively enacted. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are not taxable (or tax deductible). In particular the Group (including this company) became a REIT on 1 January 2007 and income and gains on qualifying assets are now exempt from taxation.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Net rental income

Rental income is recognised on an accruals basis. A rent adjustment based on open market estimated rental value is recognised from the rent review date in relation to unsettled rent reviews. Where a rent free period is included in a lease, the rental income foregone is allocated evenly over the period from the date of lease commencement to the next rent review date. Rental income from fixed and minimum guaranteed rent reviews is recognised on a straight-line basis over the shorter of the entire lease term or the period to the first break option. Where such rental income is recognised ahead of the related cash flow, an adjustment is made to ensure the carrying value of the related property including the accrued rent does not exceed the external valuation.

Initial direct costs incurred in negotiating and arranging a new lease are amortised on a straight-line basis over the period from the date of lease commencement to the next rent review date.

Where a lease incentive payment, including surrender premiums paid, does not enhance the value of a property, it is amortised on a straight-line basis over the period from the date of lease commencement to the next rent review date. Upon receipt of a surrender premium for the early determination of a lease, the profit, net of dilapidations and non-recoverable outgoings relating to the lease concerned is immediately reflected in income.
