Chase Engineering Services Ltd

Notes to the abbreviated financial statements for the year ended 31 March 2011

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and machinery	-	25% Reducing Balance
Fixtures, fittings and equipment	-	25% Reducing Balance

1.4. Stock

Stock is valued at the lower of cost and net realisable value.

1.5. Deferred taxation

The company adopted Financial Reporting Standard 19 "Deferred Taxation" (FRS 19) during the financial year.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;

Provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable,

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

Prior to the adoption of FRS 19, the company provided for deferred taxation only to the extent that timing differences were expected to materialise in the foreseeable future. The adoption of the new policy has been made by way of a prior year adjustment as though the revised policy had always been applied.

1.6. Going concern

These accounts have been prepared on a going concern basis. The Directors have agreed not to draw on their loan accounts until such time as they are available.
