Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

The directors present their Strategic Report on Virgin Media Finance PLC for the year ended 31 December 2018.

For the purposes of this Strategic Report, Directors' Report and financial statements, the Virgin Media Finance PLC group will be referred to as "the group", Virgin Media Finance PLC the entity will be referred to as "the company", the group headed by Virgin Media Inc. will be referred to as "the Virgin Media group", and the group headed by Liberty Global plc will be referred to as "the Liberty Global group".

The company is a wholly-owned subsidiary undertaking of Virgin Media Inc. ("Virgin Media") which is itself a wholly-owned subsidiary of Liberty Global plc ("Liberty Global").

On 30 November 2018 the group acquired a controlling interest in ntl Kirklees and ntl Glasgow from a subsidiary of Virgin Media Inc. outside of the group.

The group has accounted for the acquisition as a common control transfer at carry-over basis. Accordingly the group financial statements, related notes and information contained in this report for the years ended 31 December 2018 and 31 December 2017 have been adjusted to give retrospective effect to these transactions accounted for under common control.

PRINCIPAL ACTIVITIES

The Virgin Media group operates under the Virgin Media brand in the United Kingdom (U.K.) and Ireland.

The group provides video, broadband internet, fixed-line telephony and mobile services in the U.K. and Ireland to both residential and business-to-business (B2B) customers. The group is one of the largest providers of video, broadband internet and fixed-line telephony services in terms of the number of customers in the U.K. and Ireland. The group believes its advanced, deep-fibre cable access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result, it provides its customers with a leading, next-generation broadband service and one of the most advanced interactive television services available in the UK and Irish markets.

The group provides mobile services to its customers using a third-party network through mobile virtual network operators (MVNO) arrangements.

In addition, through the Virgin Media Business brand, the group offers a broad portfolio of B2B voice, data, internet, broadband and managed services solutions to small businesses, medium and large enterprises and public sector organisations in the UK and Ireland.

At 31 December 2018, the Virgin Media group provided services to over 5.9 million residential cable customers on its network. The group is also one of the largest MVNO by number of customers, providing mobile telephony services to 2.7 million contract mobile customers and 0.4 million prepay mobile customers over third party networks. At 31 December 2018, over 84% of residential customers on the group's cable network received multiple services and 63% were "triple-play" customers, receiving broadband internet, video and fixed-line telephony services from the group.

Liberty Global is the world's largest international TV and broadband company with operations in 10 European countries. Its substantial scale and commitment to innovation enables it to develop market-leading products delivered through next-generation networks that, as of 31 December 2018, connected over 21 million customers subscribing to 45 million television, broadband internet and telephony services. In addition, at 31 December 2018, Liberty Global served over 6 million mobile subscribers.

The principal activity of the company is to facilitate the group's financing structure by implementing the group's capital management policies, making and facilitating external borrowings and holding investments in subsidiary companies. The company's investments include all of the Virgin Media group's trading operating companies.

The group's reporting segments are based on its method of internal reporting to Liberty Global and the information used by its chief executive officer, who is the chief operating decision maker, or CODM, to evaluate segment performance and make capital allocation decisions.

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

REVIEW OF THE BUSINESS AND FUTURE DEVELOPMENTS

For the year ended 31 December 2018, revenue increased by 3.8% to £5,150.3 million from £4,960.5 million in 2017 primarily as result of an increase in residential cable revenue, B2B revenue and mobile revenue. See further discussion of revenue under '*Performance against Key Performance Indicators*' below.

Cost of sales increased by 9.5% to £1,621.5 million for the year ended 31 December 2018, from £1,480.4 million in 2017. Cost of sales increased during 2018, as compared to 2017 mainly driven by an increase in programming and copyright costs primarily due to higher costs for certain premium and/or basic content, an increase in mobile handset and other device costs due to the net effect of a higher average cost per handset sold and an increase in interconnect and access costs.

Gross profit increased by 1.4% to £3,528.8 million for the year ended 31 December 2018, from £3,480.1 million for the year ended 31 December 2017 primarily due to the reasons detailed above. Gross margin has decreased by 1.7% to 68.5% for the year ended 31 December 2018 from 70.2% for year ended 31 December 2017.

Administrative expenses increased by 8.6% to £2,800.2 million for the year ended 31 December 2018, from £2,578.3 million for the year ended 31 December 2017. This was partly driven by increased depreciation associated with property and equipment additions related to the installation of customer premises equipment, the expansion and upgrade of the group's networks and other capital initiatives. In addition, there was an increase in related party fees and allocations related to corporate services performed by Liberty Global of £156.9 million and £140.7 million during 2018 and 2017 respectively. These charges generally related to management, finance, legal, technology and other corporate and administrative services provided to the group's subsidiaries. In addition there was a provision for litigation of £104.7 million related to a VAT matter in the U.K. recognised during 2018 compared to a £30.1 million legal settlement recognised during 2017.

Finance income decreased to £753.7 million for the year ended 31 December 2018, from £849.3 million for the year ended 31 December 2017. The lower interest income arising on decreased related party loan receivables from other Liberty Global group undertakings and the impact of the weakening of the pound sterling against the US dollar in 2018 compared to a strengthening in 2017, which resulted in lower gains made on the fair value of the derivative financial instruments in 2018 than foreign exchange gains in 2017.

Finance costs decreased to £1,008.9 million for the year ended 31 December 2018 from £1,116.1 million for the year ended 31 December 2017. The decrease in costs was principally driven by the impact of the weakening of the pound sterling against the US dollar in 2018 compared to a strengthening in 2017, which resulted in lower foreign exchange losses in 2018 than losses on the fair value of derivative financial instruments 2017. In addition there was an overall increase in interest payable due to higher average outstanding third party debt.

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

REVIEW OF THE BUSINESS AND FUTURE DEVELOPMENTS (continued)

Performance against Key Performance Indicators

Revenue

Residential and B2B revenue includes both subscription and non-subscription revenue.

Cable subscription revenue includes amounts received from subscribers for ongoing services. Cable non-subscription revenue includes, among other items, channel carriage fees, installation revenue, late fees and revenue from the sale of equipment.

Residential mobile subscription revenue includes amounts received from subscribers for ongoing services. Residential mobile non-subscription revenue includes, among other items, interconnect revenue and revenue from sales of mobile handsets and other devices.

B2B subscription revenue represents revenue from services to certain small or home office (SOHO) subscribers. SOHO subscribers pay a premium price to receive expanded service levels along with video, broadband internet, fixed-line telephony or mobile services that are the same or similar to the mass marketed products offered to residential subscribers. B2B non-subscription revenue includes revenue from business broadband internet, video, fixed-line telephony, mobile and data services offered to medium to large enterprises and on a wholesale basis, to other operators.

Other revenue primarily includes broadcasting revenue.

Revenue by major category for the years ended 31 December 2018 and 2017 was as follows:

	2018	Restated ⁽³⁾ 2017	Increase
Revenue:	£ million	£ million	
Residential revenue			
Cable	3,638.4	3,541.8	2.7 %
Mobile	663.5	604.8	9.7 %
Total residential revenue	4,301.9	4,146.6	3.7 %
B2B Revenue	778.0	753.3	3.3 %
Other revenue	70.4	60.6	16.2 %
	<u>5,150.3</u>	<u>4,960.5</u>	3.8 %

The increase in residential cable revenue is due to an increase in both the average number of RGUs ⁽¹⁾ ("Revenue Generating Units") and increased ARPU ⁽²⁾ ("Average Revenue per Unit"):

- Total RGUs increased due to the net effect of an increase in the average number of broadband internet, video and fixed-line telephony RGUs.
- The increase in ARPU is primarily attributable to the net effect of higher ARPU from broadband internet and video services and an improvement in RGU mix, offset by lower ARPU from fixed-line telephony services.

⁽¹⁾ RGU: A Revenue Generating Unit is separately a Basic Video Subscriber, Enhanced Video Subscriber, Internet Subscriber or Telephony Subscriber. A home, residential multiple dwelling unit, or commercial unit may contain one or more RGUs.

⁽²⁾ ARPU: Average Revenue per RGU or mobile subscriber as applicable

⁽³⁾ Restated: Refer to note 4 of the financial statements

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

REVIEW OF THE BUSINESS AND FUTURE DEVELOPMENTS (continued)

For the year ended 31 December 2018, mobile revenue increased to £663.5 million from £604.8 million in 2017. The increase in mobile revenue relates to the net effect of an increase in non-subscription mobile handset sales in the U.K., which typically generate relatively low margins. This has been partially offset by the net effect of decreased U.K. residential mobile subscription revenue due primarily to lower ARPU, offset by an increase in Ireland, mainly due to an increase in the average number of mobile subscribers.

The increase in B2B revenue is primarily due to an increase in the average number of broadband internet SOHO RGUs in the U.K.

The increase in other revenue is largely due to an increase in broadcasting revenue in Ireland.

Summary residential cable statistics

Selected statistics for the group's residential cable customers are shown below:

	2018	Restated 2017
Total cable customers	5,946,600	5,886,900
Cable products:		
Video	4,143,100	4,119,900
Fixed-line telephone	4,923,500	4,796,400
Broadband internet	5,600,300	5,476,500
Total cable products	14,666,900	14,392,800
Cable products per customer (i)	2.5x	2.4x
Triple play penetration	63.0%	62.1%
Cable ARPU (ii)	£51.24	£50.78

(i) Each telephone, television and broadband internet subscriber directly connected to the Virgin Media group's network counts as one product. Accordingly, a subscriber who receives both telephone and television services counts as two products. Products may include subscribers receiving some services for free or at a reduced rate in connection with promotional offers.

(ii) Cable ARPU is calculated by dividing the average monthly subscription revenue (late fees, interconnect fees, annual average fees and mobile handset sales) for the indicated period, by the average of the opening and closing number of Customer Relationships for the period.

The total number of cable products grew to 14,666,900 at 31 December 2018 from 14,392,800 at 31 December 2017, representing a net increase in products of 274,100.

Summary mobile statistics

Selected statistics for the group's mobile customers are shown below:

	2018	2017
Postpaid mobile customers (i)	2,744,300	2,538,400
Prepaid mobile customers (i)	376,700	514,300
Total mobile customers	3,121,000	3,052,700
Mobile ARPU (ii)	£9.61	£10.10

(i) Our Mobile Subscriber count represents the number of active subscriber identification module (SIM) cards in service rather than services provided. For example, if a Mobile Subscriber has both a data and voice plan on a smartphone this would equate to one Mobile Subscriber. Alternatively, a subscriber who has a voice and data plan for a mobile handset and a data plan for a laptop (via a dongle) would be counted as two Mobile Subscribers. Customers who do not pay a recurring monthly fee are excluded from our Mobile Subscriber counts after a 30 day period of inactivity.

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

REVIEW OF THE BUSINESS AND FUTURE DEVELOPMENTS (continued)

(ii) Mobile monthly average revenue per user ("Mobile ARPU") is calculated by dividing the average monthly mobile subscription revenue (excluding sales and late fees) for the indicated period by the average of the opening and closing balances of total mobile subscribers in service for the period.

The group added 205,900 postpaid subscribers in 2018. Growth in postpaid subscriptions was offset by a lower prepaid base, resulting in an overall increase in the group's mobile base of 68,300 in 2018.

FINANCING

As of 31 December 2018, the group had £12,745.6 million of financial liabilities compared with £13,129.2 million as at 31 December 2017. The principal changes to financial liabilities during the year are discussed as follows:

In August 2018, the group received cash of £417.3 million (equivalent) through the partial repayment of a related-party loan from Liberty Global Europe 2 Limited, the group's immediate parent. The group in turn used this cash to redeem \$190.0 million (£149.1 million) of the \$530.0 million (£415.8 million) outstanding principal amount of the 2023 VM Dollar Senior Notes and in full the £250.0 million outstanding principal amount of the 2023 VM Sterling Senior Notes. These transactions were funded with a portion of the proceeds received by another Liberty Global subsidiary in connection with the sale of Liberty Global's operations in Austria.

In October 2018, the group received cash of £255.8 million (equivalent) through the partial repayment of a related party loan from LG Europe 2 which the group used to redeem in full the \$340.0 million (£266.8 million) outstanding principal amount of the 2023 VM Dollar Senior Notes. In connection with these transactions, the group recognised a net loss on debt modification and extinguishment of £28.3 million related to the payment of £22.0 million of redemption premiums and the write-off of £6.3 million of unamortized deferred financing costs and discounts.

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The group is exposed to volatility in its cash flows and earnings resulting from changes in interest rates and foreign currency exchange rates. The group has entered into various derivative instruments with a number of counterparties to manage this volatility of its cash flows and earnings.

The group has entered into cross-currency interest rate swaps to manage interest rate and foreign exchange rate currency exposures resulting from the variable and fixed rates of interest paid on dollar denominated debt obligations and movements in fair value on certain of its U.S. dollar denominated debt. Additionally, the group has entered into interest rate swaps to manage interest rate exposures resulting from the variable rates of interest paid on sterling denominated debt obligations and movements in fair value on certain of its sterling denominated debt. The group has also entered into U.S. dollar forward rate contracts to manage foreign exchange rate currency exposures related to certain committed and forecasted purchases. See note 22 to the group financial statements for further information on the group's derivative instruments.

PRINCIPAL RISKS AND UNCERTAINTIES

Financial risk management

Details of the financial risks and how they are managed are outlined in note 21 to the group financial statements. The principal financial risks faced by the group are credit risk, interest rate risk, foreign exchange rate risk and liquidity risk.

Principal non-financial risks

Virgin Media Finance PLC is a member of the Virgin Media group, which manages the principal non-financial risks and uncertainties and is headed by Virgin Media Inc. These risks, among others, are discussed in more detail in Virgin Media Inc.'s annual report. The principal non-financial risks include the following:

- economic and business conditions and industry trends in the countries in which we operate;
- the competitive environment in the cable television, broadband and telecommunications industries in the U.K. and Ireland including competitor responses to our products and services;
- fluctuations in currency exchange rates and interest rates;

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

PRINCIPAL RISKS AND UNCERTAINTIES (continued)

- instability in global financial markets, including sovereign debt issues in the European Union (E.U.) and related fiscal reforms;
- consumer disposable income and spending levels, including the availability and amount of individual consumer debt;
- changes in consumer television viewing preferences and habits;
- consumer acceptance of our existing service offerings, including our cable television, broadband internet, fixed-line telephony and mobile and business service offerings, and of new technology, programming alternatives and other products and services that we may offer in the future;
- the group's ability to manage rapid technological changes;
- the group's ability to maintain or increase the number of subscriptions to our cable television, broadband internet, fixed-line telephony and mobile service offerings and our average revenue per household;
- the group's ability to provide satisfactory customer service, including support for new and evolving products and services;
- the group's ability to maintain or increase rates to our subscribers or to pass through increased costs to our subscribers;
- the impact of the group's future financial performance, or market conditions generally, on the availability, terms and deployment of capital;
- changes in, or failure or inability to comply with, government regulations in the markets in which the group operates and adverse outcomes from regulatory proceedings;
- government intervention that impairs the group's competitive position, including any intervention that would open the group's broadband distribution networks to competitors and any adverse change in the group's accreditations or licenses;
- the group's ability to obtain regulatory approval and satisfy other conditions necessary to close acquisitions and dispositions, and the impact of conditions imposed by competition and other regulatory authorities in connection with acquisitions;
- the group's ability to successfully acquire new businesses and, if acquired, to integrate, realize anticipated efficiencies from, and implement our business plan with respect to, the businesses we have acquired or that we expect to acquire;
- changes in laws or treaties relating to taxation, or the interpretation thereof, in the markets in which the group operate;
- changes in laws and government regulations that may impact the availability and cost of capital and the derivative instruments that hedge certain of the group's financial risks;
- the ability of suppliers and vendors (including our third-party wireless network providers under the group's MVNO arrangements) to timely deliver quality products, equipment, software, services and access;
- the availability of attractive programming for our video services and the costs associated with such programming;
- uncertainties inherent in the development and integration of new business lines and business strategies;

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

PRINCIPAL RISKS AND UNCERTAINTIES (continued)

- the group's ability to adequately forecast and plan future network requirements, including the costs and benefits associated with the Network Extension;
- the availability of capital for the acquisition and/or development of telecommunications networks and services;
- problems the group may discover post-closing with the operations, including the internal controls and financial reporting process, businesses we acquire;
- leakage of sensitive customer data;
- the outcome of any pending or threatened litigation;
- the loss of key employees and the availability of qualified personnel;
- changes in the nature of key strategic relationships with partners and joint venturers;
- adverse changes in public perception of the "Virgin" brand, which we and others license from Virgin Enterprises Limited, and any resulting impacts on the goodwill of customers toward the us; and
- events that are outside of the group's control, such as political unrest in international markets, terrorist attacks, malicious human acts, natural disasters, pandemics and other similar events.

The UK referendum advising for the exit of the UK from the EU could have a material adverse effect on our business, financial condition, results of operations or liquidity. On 23 June 2016, the UK held a referendum in which voters approved, on an advisory basis, an exit from the EU, commonly referred to as "Brexit". Following the failure to reach a separation deal by the original deadline of 29 March 2019, the EU granted the UK an extension until 31 October 2019. Uncertainty remains as to what kind of separation agreement, if any, may be agreed and approved by the UK Parliament. It is possible that the UK will again fail to agree to a separation agreement with the EU by the new 31 October 2019 deadline which, in the absence of another extension, would require the UK to leave the EU under a so-called "hard Brexit" or "no-deal Brexit" without agreements on trade, finance and other key elements. The foregoing has caused considerable uncertainty as to Brexit's impact on the free movement of goods, services, people and capital between the UK and the EU, customer behaviour, economic conditions, interest rates, currency exchange rates, and availability of capital. Examples of the potential impact Brexit could have on Virgin Media group's business, financial condition or results of operations include:

- changes in foreign currency exchange rates and disruptions in the capital markets;
- shortages of labour necessary to conduct our business, including our Network Extension;
- disruption to our UK supply chain and related increased cost of supplies;
- a weakened UK economy resulting in decreased consumer demand for our products and services;
- legal uncertainty and potentially divergent national laws and regulations as the UK determines which EU laws and directives to replace or replicate, or where previously implemented by enactment of UK laws or regulations, to retain, amend or repeal; and
- various geopolitical forces may impact the global economy and our business, including, for example, other EU member states (in particular those member states where we have operations) proposing referendums to, or electing to, exit the EU.

Virgin Media Finance PLC
Strategic Report
for the year ended 31 December 2018

FUTURE OUTLOOK

The directors will continue to review management policies in light of changing trading and market conditions. Further detail of the future outlook of the group, is provided in Virgin Media Inc.'s financial statements and annual report for 2018, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP and at Liberty Global's website at www.libertyglobal.com.

On behalf of the board

R D Dunn
Director
27 June 2019

Virgin Media Finance PLC
Directors' Report
for the year ended 31 December 2018

The directors present their report and the financial statements for the group and company for the year ended 31 December 2018.

RESULTS AND DIVIDENDS

The group made a profit for the year, after tax, of £384.6 million (2017: profit of £487.7 million). The directors have not recommended the payment of a dividend (2017: £nil).

DIRECTORS AND THEIR INTERESTS

The directors who served during the year and thereafter were as follows:

R D Dunn

M T Fries (appointed 28 November 2018)

M O Hifzi

T Mockridge (resigned 11 June 2019)

The directors of the company have been indemnified against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision is in force for directors serving during the financial year and as at the date of approving the Directors' Report.

EMPLOYMENT POLICIES AND DISABLED EMPLOYEES

The group remains committed to the continuing introduction and practice of progressive employment policies which reflect changing business, social and employee needs.

The group aims to ensure that everyone connected to it is treated fairly and equality, whether they are a current or former member of staff, job applicant, customer or supplier.

Nobody should be discriminated against, either directly or indirectly, on the grounds of gender, gender reassignment, marital status, pregnancy, race, ethnic origin, colour, nationality, national origin, disability, sexual orientation, religion or belief, age, political affiliation or trade union membership. The policy applies to anyone who works for, who has worked for or who applies to work for Virgin Media or its partners. That means permanent, temporary, casual or part-time staff, anyone on a fixed-term contract, agency staff and consultants working with the group, ex-employees and people applying for jobs. This applies to all aspects of employment, including recruitment and training.

The group gives full consideration to applications from employees with disabilities where they can adequately fulfil the requirements of the job. Depending on their skills and abilities, employees with a disability have the same opportunities for promotion, career development and training as other employees. Where existing employees become disabled, it is the group's policy to provide continuing employment wherever practicable in the same or an alternative position and to provide appropriate training to achieve this aim.

In line with Liberty Global's 'Code of Business Conduct', the group's employees and directors are expected to display responsible and ethical behaviour, to follow consistently both the meaning and intent of this Code and to act with integrity in all of the group's business dealings. Managers and supervisors are expected to take such action as is necessary and appropriate to ensure that the group's business processes and practices are in full compliance with the Code.

Employee Involvement

The Virgin Media group is dedicated to increasing the practical involvement of individuals in the running of its business. It seeks to achieve this as follows:

- all employees are encouraged to understand the aims of the Virgin Media group and of their own business area and to contribute to improving business performance through their knowledge, experience, ideas and suggestions. This requires strong communication to ensure that employees are briefed as widely as possible about activities and developments across Virgin Media. The online news channel, open forums, newsletters and team meetings play important roles in this, as do the development of people management skills and the ongoing conversations about performance and development which underpin mid-year and year-end reviews;

Virgin Media Finance PLC
Directors' Report
for the year ended 31 December 2018

EMPLOYMENT POLICIES AND DISABLED EMPLOYEES (continued)

- the Virgin Media group ensures that all employees are involved and consulted through “Voice” which operates at a national, divisional and local level. It enables employees and employers to have an open and transparent relationship with a flow of information. It is focused around sharing information, involving employees in decision making, gaining access to knowledge and experience or resolving differences of opinion. Involving employees in decision making enhances confidence and job satisfaction, creates a sense of belonging and empowerment, reduces stress and impacts positively on wellbeing.

The Virgin Media group fosters a team spirit among employees and their greater involvement by offering participation in bonus or local variable reward schemes and team development opportunities. Virgin Media also operates various recognition schemes which are designed to reward employees for behaviours which are consistent with the Virgin Media values and has a volunteering scheme which allows employees to take a day each year to volunteer with a charity or organisation of their choice.

ENVIRONMENTAL AND SUSTAINABILITY POLICIES

The group is committed to growing a responsible and sustainable business. This means ensuring that the group's growth and its contribution to the U.K. is delivered in a way that's good for people and the environment.

In 2018, the group maintained its focus on progressing our five 2020 sustainability goals. The group continues to grow without increasing our carbon footprint. Since 2014 we have achieved a 22% reduction in Scope 1 & 2 emissions across UK and Ireland. In addition to maintaining a zero waste to landfill logistics supply chain, further progress has been made towards zero office waste to landfill, with 10% being sent to landfill in 2018 compared to 15% the prior year.

We made solid progress towards our ambition to support 1 million disabled people to get into and stay in work by the end of 2020 as part of our focus on transforming lives through connectivity. We launched the Support to Work service, an innovative digital employment service run by Scope and fully funded by Virgin Media, which provides disabled people with the advice, skills and confidence they need to find the right job for them and to thrive in work.

By 2020 Virgin Media aims to:

- Nurture an engaged workforce which represents the diversity of our customers and communities
- Improve the sustainability performance of every new product
- Grow our business without increasing our carbon footprint
- Create the opportunities for 100,000 small businesses to grow in the UK's economy through digital
- Support 1 million disabled people in getting into and staying in work by the end of 2020

Each of the goals is owned by a member of the Virgin Media Executive Committee and we have a dedicated Sustainability team which facilitates and communicates our progress to becoming a more sustainable business.

The group communicates updates on performance and key highlights through its dedicated sustainability website: www.virginmedia.com/sustainability.

Virgin Media Finance PLC
Directors' Report
for the year ended 31 December 2018

GOING CONCERN

As Virgin Media Finance PLC is either a direct or indirect parent of substantially all of the trading companies in the Virgin Media group, these consolidated financial statements include substantially all of the trade and assets of the overall Virgin Media group. Whilst forecasts and projections, which take account of reasonably possible changes in trading performance, have not been prepared at a Virgin Media Finance PLC group level, they have been prepared for the Virgin Media group as a whole. These forecasts and projections showed that cash on hand, together with cash from operations and the undrawn revolving credit facility, are expected to be sufficient for the Virgin Media group's and hence the group's cash requirements through to at least 30 June 2020.

Taking into account these forecasts and projections and after making enquiries, the directors have a reasonable expectation the group has adequate support and resources to continue in operational existence for the foreseeable future.

For these reasons the directors continue to adopt the going concern basis in preparing these financial statements.

CORPORATE GOVERNANCE

The group is committed to conducting business with honesty, integrity and respect. Corporate governance affects the way the group directs its relationship with its stakeholders. The group believes that the highest standards of corporate governance are essential to the group's business integrity and performance. The group has adopted a number of policies and procedures to support solid corporate governance in every area of the group's operations.

Corporate Governance Guidelines adopted by the Liberty Global Board of Directors serve as a framework for Board governance over the affairs of the group for the benefit of its shareholders. These include Code of Business Conduct, Code of Ethics, Audit Committee Charter, Compensation Committee Charter, Nominating and Corporate Governance Committee Charter and Succession Planning Committee Charter.

Further information on Corporate Governance is available to the public on Liberty Global's website at www.libertyglobal.com/cr under the heading "Corporate Responsibility". The information on the website is not part of this report.

DISCLOSURE OF INFORMATION TO THE AUDITOR

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information required by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the group's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information.

AUDITOR

KPMG LLP will be re-appointed under section 487(2) of the Companies Act 2006.

Signed on behalf of the board of directors

M O Hifzi
Director

Approved by the directors on 24 June 2019

Virgin Media Finance PLC

Statement of Directors' Responsibilities in respect of the Strategic Report, the Directors' Report and Financial Statements for the year ended 31 December 2018

The directors are responsible for preparing the Strategic Report, the Directors' Report and the Group and Parent Company financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare Group and parent Company financial statements for each financial year. Under that law they have elected to prepare the Group financial statements in accordance with International Financial Reporting Standards as adopted by the European Union (IFRSs as adopted by the EU) and applicable law and have elected to prepare the parent Company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and parent Company and of their profit or loss for that period. In preparing each of the Group and parent Company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable, relevant, reliable and prudent;
- for the Group financial statements, state whether they have been prepared in accordance with IFRSs as adopted by the EU;
- for the parent Company financial statements, state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Group and parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent Company's transactions and disclose with reasonable accuracy at any time the financial position of the parent Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Independent Auditor's Report to the Members of Virgin Media Finance PLC

1 Our opinion is unmodified

We have audited the financial statements of Virgin Media Finance PLC ("the Company") for the year ended 31 December 2018 which comprise the Group Income Statement and Statement of Comprehensive Income, Group Balance Sheet, Group Statement of Changes in Equity, Group Cash Flow Statement, Company Balance Sheet, and the related notes, including the accounting policies in note 2.

In our opinion:

- the financial statements give a true and fair view of the state of the Group's and of the parent Company's affairs as at 31 December 2018 and of the Group's profit for the year then ended;
- the Group financial statements have been properly prepared in accordance with International Financial Reporting Standards as adopted by the European Union;
- the parent Company financial statements have been properly prepared in accordance with UK accounting standards, including FRS 101 *Reduced Disclosure Framework*; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Group in accordance with, UK ethical requirements including the FRC Ethical Standard as applied to listed entities. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

2 Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In arriving at our audit opinion above, the key audit matters, in decreasing order of audit significance, were as follows:

Group: Capitalisation of costs associated with construction and installation activities

The risk – Accounting treatment:

Capitalisation of both internal and external costs incurred (part of which is included in Property and equipment, net of £5,423.1m (2017: £5,136.7m)) associated with the capital projects undertaken by the group involve estimation of the amount of time and costs that should be capitalised. The most significant risk is that the group may inappropriately capitalise construction and installation costs. The key risks in determining if construction and installation costs qualify for recognition as an asset, include whether the costs are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the group; it is probable that future economic benefits associated with the item will flow to the group, and if the cost can be measured reliably.

The effect of these matters is that, as part of our risk assessment, we determined that carrying amount of Network assets of £4,977.5m has a high degree of estimation uncertainty, with a potential range of reasonable outcomes greater than our materiality for the financial statements as a whole, and possibly many times that amount.

Our response

Our procedures included:

Independent Auditor's Report to the Members of Virgin Media Finance PLC

Control operations – We evaluated the design, implementation and tested operating effectiveness of key internal controls in place used for identifying which construction and installation costs should be capitalised.

Personnel interviews – We challenged the amount of internal costs capitalised during the year by comparing to budgets, interviewing department heads to determine the level of time individuals have spent on capital items, and analysed the changes to significant estimates utilised by the group to determine the amount of internal costs to be capitalised (if any), and other changes in the business with a potential impact on cost capitalisation during the year.

Tests of details – For both internal and external costs capitalised we selected a sample of PP&E additions on costs capitalised and assessed the nature of the costs thereby assessing the appropriateness of the group's cost capitalisation conclusions.

Parent Company: Recoverability of the Company's investments in subsidiaries

The risk – low risk/high value:

The carrying amount of the Company's investments in subsidiaries of £4,699.4m (2017: £4,513.6m) represents 63.5% of the company's total assets. The recoverability is not at a high risk of significant misstatement or subject to significant judgement. However, due to their materiality in the context of the financial statements, this is considered to be the area that had the greatest effect on our overall audit of the parent company

Our response

Our procedures included:

Tests of detail: We tested the company's investment impairment model. This assigns a recoverable amount to each subsidiary based on its net current asset and an allocation of the Virgin Media group valuation performed by an external expert. We then compared the value calculated by the company's model to the carrying value of each investment.

Assessing subsidiary audits: We assessed the work performed by the subsidiary audit teams of those subsidiaries where audits are performed and considered the results of that work on those subsidiaries' profits and net assets.

3 Our application of materiality and an overview of the scope of our audit

Materiality for the group financial statements as a whole was set at £51.0m (2017: £50.0m), determined with reference to a benchmark of revenue of £5,150.3m, of which it represents 1.0% (2017: 1.0%).

Materiality for the parent Company financial statements as a whole was set at £51.0m (2017: £40.0m), determined with reference to a benchmark of Company total assets, of which it represents 0.7% (2017: 0.7%).

We agreed to report to the Directors any corrected or uncorrected identified misstatements exceeding £2.5m, in addition to other identified misstatements that warranted reporting on qualitative grounds.

The group's reporting components comprise the UK and Ireland, we subjected the UK component to a full scope audit for group purposes. The Irish component was not subject to audit as it was deemed to be not financially significant. Of the group revenue of £5,150.3m the UK component represented 92.4% (2017: 92.6%)

4 We have nothing to report on going concern

The Directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or the Group or to cease their operations, and as they have concluded that the Company's and the Group's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

Our responsibility is to conclude on the appropriateness of the Directors' conclusions and, had there been a material uncertainty related to going concern, to make reference to that in this audit report. However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the group or the company will continue in operation.

Independent Auditor's Report to the Members of Virgin Media Finance PLC

In our evaluation of the Directors' conclusions, we considered the inherent risks to the Group's and Company's business model and analysed how those risks might affect the Group's and Company's financial resources or ability to continue operations over the going concern period. In our evaluation of the Directors' conclusions, we considered the inherent risks to the Group's and Company's business model, including the impact of Brexit, and analysed how those risks might affect the Group's and Company's financial resources or ability to continue operations over the going concern period. We evaluated those risks and concluded that they were not significant enough to require us to perform additional audit procedures.

Based on this work, we are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements.

We have nothing to report in these respects, and we did not identify going concern as a key audit matter.

5 We have nothing to report on the strategic report and the directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in those reports;
- in our opinion the information given in the strategic report and the directors' report for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

6 We have nothing to report on the other matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

7 Respective responsibilities

Directors' responsibilities

As explained more fully in their statement set out on page 13, the Directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Group and parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or other irregularities (see below), or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud, other irregularities or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

Independent Auditor's Report to the Members of Virgin Media Finance PLC

8 The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

1 Authorisation of financial statements and statement of compliance with IFRS

The consolidated financial statements of Virgin Media Finance PLC for the year ended 31 December 2018 were authorised for issue by the board of directors on June 2019 and the Group Balance Sheet was signed on the board's behalf by R D Dunn. Virgin Media Finance PLC is a public limited company incorporated and domiciled in England & Wales. The company's shares are not publicly traded although the Senior Notes issued by the company are registered on the Luxembourg Stock Exchange.

2 Accounting policies

The principal accounting policies adopted by the group are set out below and have all been applied consistently throughout the current year and the preceding year except as discussed below.

Basis of preparation

The group's financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union as they apply to the financial statements of the group for the year ended 31 December 2018 and applied in accordance with the Companies Act 2006. The separate financial statements of the parent company are prepared under Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

Notwithstanding the group's net current liabilities of £2,833.1 million, the financial statements are prepared on the going concern basis because, after making enquiries, the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future. As Virgin Media Finance PLC is either a direct or indirect parent of substantially all of the trading companies in the Virgin Media group, these consolidated financial statements include substantially all of the trade and assets of the overall Virgin Media group. Whilst forecasts and projections, which take account of reasonably possible changes in trading performance, have not been prepared at a Virgin Media Finance PLC group level, they have been prepared for the Virgin Media group as a whole. These forecasts and projections showed that cash on hand, together with cash from operations and the undrawn revolving credit facility, are expected to be sufficient for the Virgin Media group's and hence the group's cash requirements through to at least 30 June 2020.

The group financial statements are presented in pound sterling and all values are rounded to the nearest one hundred thousand pounds, except when otherwise indicated.

The accounting policies which follow set out those policies which apply in preparing the group's financial statements for the year ended 31 December 2018.

Foreign exchange movements have been presented within finance income and/or costs and reserves to align with the nature of how these gains and/or losses arise.

Common control transfer

On 30 November 2018 the group acquired a controlling interest in Cabletel Scotland Limited, Cabletel West Riding Limited, ntl Glasgow Holdings Limited and ntl Kirkless Holdings Limited. The company has accounted for the acquisition as a common control transfer at carry-over basis. Accordingly, the financial statements and related notes for the years ended 31 December 2018 and 31 December 2017 have been adjusted to give retrospective effect to a transaction accounted for under common control.

Variable interest entities

On 30 November 2018, in connection with certain Liberty Global group reorganisations, the group completed the transfer of Liberty Property Holdco I Limited, and Liberty Property Holdco II Limited, from the group to Liberty Property Holdco III Limited, another subsidiary of Liberty Global group outside of Virgin Media group. Liberty Property Holdco I Limited, Liberty Property Holdco II Limited, and Liberty Property Holdco III are collectively referred to as "the Liberty Property Companies." The assets held by the Liberty Property Companies are used by the group creating a variable interest in the Liberty Property Companies for which the group is the primary beneficiary and, accordingly, the group is required to consolidate the Liberty Property Companies.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

New standards, amendments and interpretations adopted by the group

The following standards and interpretations have been issued with an effective date for accounting periods beginning after the date of these financial statements:

In May 2014, IFRS15, 'Revenue from contracts with Customers' was issued, which requires an entity to recognise the amount of revenue to which it expects to be entitled for the transfer of goods or services to customers. The group adopted IFRS15 effective 1 January 2018 by recording the cumulative effect of the adoption to retained earnings. The group applied the new standard to contracts that were not complete at 1 January 2018. The comparative information for the year ended 31 December 2017 contained within these financial statements and notes has not been restated for the impact of IFRS 15 and continues to be reported under the accounting standards in effect for such periods

The principal impacts of IFRS15 on the group's revenue recognition policies relate to the group's accounting for time-limited discounts and free service periods provided to customers and certain upfront fees charged to customers, as follows:

- When the group enters into contracts to provide services to customers, the group often provides time-limited discounts or free service periods. Under previous accounting standards, the group recognised revenue net of discounts during the promotional periods and did not recognise any revenue during free service periods. Under IFRS 15, revenue recognition for those contracts that contain substantive termination policies will be accelerated, as the impact of the discounts or free service periods will be recognised uniformly over the contractual period. For contracts that do not have substantive termination penalties, the group will continue to record the impacts of partial or full discounts during the applicable promotional periods.
- When the group enters into contracts to provide services to customers, the group often charges installation or other upfront fees. Under previous accounting standards, installation fees related to services provided over the group's cable networks were recognised as revenue during the period in which the installation occurred to the extent these fees were equal to or less than direct selling costs. Under IFRS 15, these fees are generally deferred and recognised as revenue over the contractual period, or longer if the upfront fee results in a material renewal right.

IFRS 15 also impacted the group's accounting for certain upfront costs directly associated with obtaining and fulfilling customer contracts. Under the previous policy, these costs were expensed as incurred unless the costs were in the scope of another accounting topic that allowed for capitalisation. Under IFRS 15, certain upfront costs associated with contracts that have substantive termination penalties and a term of one year or more are recognised as assets and amortised to operating costs and expenses over the applicable period benefited. The impact on the group of IFRS15 is shown in note 30.

IFRS 9, 'Financial Instruments' includes revised guidance surrounding the measurement of financial instruments, a new expected credit loss model for calculating impairment of financial assets and new general hedge accounting requirements. The standard is effective for annual periods beginning on or after 1 January 2018 and earlier application is permitted. The group has assessed the impact of IFRS 9 and concluded it is not material to the group.

New standards, amendments and interpretations not adopted

International Accounting Standards (IAS/IFRSs/IFRICs)

Effective Date

IFRS 16 Leases	Revised guidance on the recognition, measurement and disclosure of leases	1 January 2019
----------------	---	----------------

The directors have assessed the impact of these standards on the financial statements as set out below:

IFRS 16 specifies how to recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

IFRS 16 was issued in January 2016 and applies to annual reporting periods beginning on or after 1 January 2019.

Upon adoption of IFRS 16 the group expect to record right-of-use (ROU) assets and operating lease liabilities in range of £135 million to £145 million on the group balance sheet. The adoption of IFRS 16 is not expected to have a significant impact on the group income statement and group cash flow statement.

Judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. The nature of estimation means that actual outcomes could differ from those estimates.

The most significant judgments and estimations used by management in the process of applying the group's accounting policies are discussed below:

Impairment of intangible assets

Goodwill and intangible assets with indefinite lives are assessed for impairment annually and when such indicators exist.

When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of these cash flows. Where fair value less cost to sell is used, the valuation must represent the fair value of the cash-generating unit in an orderly transaction between market participants under current market conditions, less costs to sell.

Deferred tax assets

Deferred tax assets are recognised for unused tax losses and allowances to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Details of the measurement of the group's deferred tax asset recognition and measurement are provided in note 10.

Property, plant and equipment

Depreciation is provided on all property, plant and equipment, other than freehold land, on a straight-line basis at rates calculated to write off the cost of each asset over the shorter of its leasing period or estimated useful life. Useful lives are reviewed annually and where adjustments are required, these are made prospectively.

The nature and amount of labour and other costs to be capitalised with respect to construction and installation activities involves significant judgment. In addition to direct external and internal labour and materials, the group also capitalises other costs directly attributable to the group's construction and installation activities, including dispatch costs, quality-control costs, vehicle-related costs and certain warehouse-related costs. The capitalisation of these costs is based on time sheets, time studies, standard costs, call tracking systems and other verifiable means that directly link the costs incurred with the applicable capitalisable activity. The group continuously monitors the appropriateness of its capitalisation policies and update the policies when necessary to respond to changes in facts and circumstances, such as the development of new products and services, and changes in the manner that installations or construction activities are performed.

Fair value measurement of financial instruments

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date (see note 22).

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

Basis of consolidation

Subsidiaries are entities controlled by the group. The group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. In assessing control, the group takes into consideration potential voting rights. The acquisition date is the date on which control is transferred to the acquirer. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

Acquisitions under common control

Business combinations between entities that are under common control are accounted for at book value. The assets and liabilities acquired or transferred are recognised or derecognised at the carrying amounts previously recognised in the group controlling shareholder's consolidated financial statements. The components of equity of the acquired entities are added to the same components within the group equity and any gain/loss arising is recognised directly in equity.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

Foreign currency translation

The group's consolidated financial statements are presented in pound sterling, which is also the parent company's functional currency. Transactions in foreign currencies are initially recorded in the local entity's functional currency by applying the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All exchange differences are included in the Group Income Statement, except where hedge-accounting is applied and for differences on monetary assets and liabilities that form part of the group's net investment in a foreign operation. These are recorded directly in equity until the disposal of the net investment, at which time they are reclassified from equity to profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Goodwill

Business combinations, other than common control business combinations, are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the group. The group measures goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

Costs related to acquisitions, other than those associated with the issue of debt or equity securities, are expensed as incurred.

When the excess is negative any gain on bargain purchase is recognised in profit or loss immediately.

Any contingent consideration payable is recognised at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

On a transaction-by-transaction basis, the group elects to measure non-controlling interests, which have both present ownership interests and are entitled to a proportionate share of net assets of the acquiree in the event of liquidation, either at its fair value or at its proportionate interest in the recognised amount of the identifiable net assets of the acquiree at the acquisition date. All other non-controlling interests are measured at their fair value at the acquisition date.

Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses. The cost includes costs directly attributable to making the asset capable of operating as intended. Property, plant and equipment acquired through business combinations is initially recorded at fair value on acquisition.

Depreciation is provided on all property, plant and equipment, other than freehold land, on a straight-line basis at rates calculated to write off the cost of each asset over the shorter of its leasing period or estimated useful life as follows:

Network assets, cable plant and equipment

Network assets - 3 - 30 years

Network assets includes construction in progress which is not depreciated and comprises of materials, consumables and direct labour relating to network construction and is stated at the cost incurred in bringing each product to its present location and condition, as follows:

Raw materials and consumables	- Purchase cost
Work in progress	- Cost of direct materials and labour

Other fixed assets:

Property held under finance lease	- Period of lease
Freehold property, other than land	- 30 years
Leasehold improvements	- 20 years or, if less, the term of the lease
Furniture and fixtures	- 5 - 12 years
Computer equipment	- 3 - 5 years
Motor vehicles	- 5 years

Labour costs relating to the design, construction and development of the network, capital projects, and related services are capitalised and depreciated on a straight-line basis over the life of the relevant assets.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying values may not be recoverable. The useful lives and residual values are reviewed annually and where adjustments are required, these are made prospectively.

Impairment of intangible assets and property, plant and equipment

In accordance with IAS 36 'Impairment of Assets', the group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the Group Income Statement in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed, other than on goodwill, only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

Provisions for liabilities and charges

Provisions are recorded when the group has a legal or constructive obligation as a result of a past event for which it is probable that the group will be required to settle by an outflow of economic benefits and for which a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where the effect of the time value of money is material, the amount of the provision is the present value of the expenditures expected to be required to settle the obligation.

Leases

Assets held under finance leases, which transfer to the group substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease, with a corresponding liability being recognised for the lower of the fair value of the leased asset and the present value of the minimum lease payments. Lease payments are apportioned between the reduction of the lease liability and finance charges in the Group Income Statement so as to achieve a constant rate of interest on the remaining balance of the liability. Assets held under finance leases are generally depreciated over the estimated useful life of the asset; certain assets held under finance leases are depreciated over the lease term where this is shorter than the estimated useful life.

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases and rentals payable are charged in the Group Income Statement on a straight line basis over the lease term.

Interest bearing loans and borrowings

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Gains and losses arising on the repurchase, settlement or otherwise cancellation of liabilities are recognised respectively in finance income and finance costs.

Finance costs which are incurred in connection with the issuance of debt are deferred and set off against the borrowings to which they relate. Deferred finance costs are amortised over the term of the related debt using the effective interest method.

Derivative financial instruments and hedging

The group has established policies and procedures to govern the management of its exposure to interest rate and foreign currency exchange rate risks through the use of derivative financial instruments, including interest rate swaps, cross currency interest rate swaps and foreign currency forward rate contracts.

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value at each balance sheet date.

Derivatives are recognised as financial assets when the fair value is positive and as liabilities when the fair value is negative.

The foreign currency forward rate contracts, interest rate swaps and cross-currency interest rate swaps are valued using internal models based on observable inputs, counterparty valuations or market transactions in either the listed or over-the counter markets, adjusted for non-performance risk. Non-performance risk is based upon quoted credit default spreads for counterparties to the contracts and swaps. Derivative contracts which are subject to master netting arrangements are not offset and have not provided, nor require, cash collateral with any counterparty.

While these instruments are subject to the risk of loss from changes in exchange rates and interest rates, these losses would generally be offset by gains in the related exposures. Financial instruments are only used to hedge underlying commercial exposures. The group does not enter into derivative financial instruments for speculative trading purposes, nor does it enter into derivative financial instruments with a level of complexity or with a risk that is greater than the exposure to be managed.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

For derivatives which are designated as hedges the hedging relationship is documented at its inception. This documentation identifies the hedging instrument, the hedged item or transaction, the nature of the risk being hedged and how effectiveness will be measured throughout its duration. Such hedges are expected at inception to be highly effective.

The group designates certain derivatives as either fair value hedges, when hedging exposure to variability in the fair value of recognised assets or liabilities or firm commitments, or as cashflow hedges, when hedging exposure to variability in cash flows that are either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Derivatives that are not part of an effective hedging relationship, as set out in IFRS 9, must be classified as held for trading and measured at fair value through profit or loss.

The treatment of gains and losses arising from revaluing derivatives designated as hedging instruments depends upon the nature of the hedging relationship and are treated as follows:

Cash flow hedges

For cash flow hedges, the effective portion of the gain or loss on the hedging instrument is recognised directly in Other Comprehensive Income, while the ineffective portion is recognised in the Group Income Statement. Amounts taken to Other Comprehensive Income are reclassified to the Group Income Statement when the hedged transaction is recognised in the Group Income Statement, such as when a forecast sale or purchase occurs, in the same line of the Group Income Statement as the recognised hedged item. Where the hedged item is the cost of a non-financial asset or liability, the gains and losses previously accumulated in equity are transferred to the initial measurement of the cost of the non-financial asset or liability. If a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the Group Income Statement. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked, amounts previously recognised in Other Comprehensive Income remain in equity until the forecast transaction occurs and are reclassified to the Group Income Statement.

Fair value hedges

For fair value hedges, the changes in the fair value of the hedging instrument are recognised in the Group Income Statement immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in the line of the Group Income Statement relating to the hedged item.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked, then the fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

Inventories

Inventory consists of goods for resale and programing inventories which are valued at the lower of cost or net realisable value using the first-in, first-out (FIFO) method. Cost represents the invoiced purchase cost of inventory. Net realisable value is based on judgements, using currently available information about obsolete, slow moving or defective inventory. Based upon these judgements and estimates, which are applied consistently from period to period, an adjustment is made to state the carrying amount of inventory held for resale at the lower of cost and net realisable value.

Trade and other receivables

Trade and other receivables are recognised and carried at the lower of their original invoiced value and recoverable amount. Where the time value of money is material, receivables are carried at amortised cost. Provision is made where there is objective evidence that the group will not be able to recover balances in full.

IFRS 9 Financial Instruments was issued by the IASB in July 2014 and is effective for the Company for the year ended 31 December 2018. Applying IFRS 9 has resulted in changes to the measurement and disclosure of financial instruments and introduced a new expected loss impairment model. Regarding impairment, the Company has applied the IFRS 9 approach to measuring expected credit losses which uses a lifetime expected loss allowance for all assets held at amortised cost.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

We have revised the methodologies we use to impair financial assets to reflect the forward-looking 'expected credit loss' model introduced by IFRS 9, in contrast to the backward-looking 'incurred credit loss' model used under IAS 39. In order to assess the impact of IFRS 9 the Company reviewed the last 12 months of actual debtor impairment when calculating the impact of the expected credit loss. The Company now recognises a loss allowance for all expected credit losses on initial recognition of trade receivables. Providing for loss allowances on our existing financial assets has not had a material impact on the financial statements.

Cash and short term deposits

Cash and short-term deposits in the Group Balance Sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less. For the purpose of the Group Cash Flow Statement, cash and cash equivalents consist of cash and short term deposits as defined above, net of outstanding bank overdrafts.

Tax

Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted by the balance sheet date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the income statement. The directors periodically evaluate positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establish provisions where appropriate. Income tax is charged or credited to Other Comprehensive Income if it relates to items that are charged or credited to Other Comprehensive Income.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Pensions

The group contributes to the Virgin Media sponsored group personal pension plans for eligible employees. Contributions to these schemes are recognised in the Group Income Statement in the period in which they become payable, in accordance with the rules for each of the plans.

The group operates three defined benefit pension plans, which require contributions to be made to separately administered funds. The plans are closed to new entrants.

The regular cost of providing benefits under the defined benefit plans is attributed to individual years using the projected unit credit method. Variations in pension cost, which are identified as a result of actuarial valuations, are amortised over the average expected remaining working lives of employees in proportion to their expected payroll costs. Past service costs are recognised in the income statement on a straight-line basis over the vesting period or immediately if the benefits have vested.

When a settlement (eliminating all obligations for benefits already accrued) or a curtailment (reducing future obligations as a result of a material reduction in the scheme membership or a reduction in future entitlement) occurs, the obligation and related scheme assets are re-measured using the current actuarial assumptions and the resultant gain or loss recognised in the Group Income Statement during the period in which the settlement or curtailment occurs.

The interest element of the defined benefit pension cost represents the change in present value of scheme obligations resulting from the passage of time and is determined by applying the discount rate to the opening present value of the benefit obligation, taking into account material changes in the obligation during the year. The expected return on scheme assets is based on an assessment made at the beginning of the year of long term market returns on scheme assets, adjusted for the effect of fair value of the scheme assets of contributions received and benefits paid during the year. The difference between the expected return on scheme assets and the interest cost is recognised in the Group Income Statement.

Actuarial gains and losses are recognised in full in the Group Statement of Comprehensive Income in the period in which they occur.

The defined benefit pension asset or liability in the Group Balance Sheet comprises the total for each scheme of the present value of the defined benefit obligation (using a discount rate based on high quality corporate bonds), less any past service cost not yet recognised and less the fair value of scheme assets out of which the obligations are to be settled directly. Fair value is based on market price information and, in the case of quoted securities, is the published bid price.

Revenue recognition

IFRS 15 'Revenue from contracts with customers' is effective for periods beginning on or after 1st January 2018. The group has applied IFRS 15 using the retrospective with cumulative effect method - i.e. by recognising the cumulative effect of initially applying IFRS 15 as an adjustment to the opening balance of equity at 1 January 2018. Therefore, the comparative information has not been restated and continues to be reported under IAS 18 and IAS 11.

The standard requires revenue earned from contracts to be recognised in line with performance obligations based on a five-step model.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

On inception of the contract we identify a “performance obligation” for each of the distinct goods or services we have promised to provide to the customer. The consideration specified in the contract is allocated to each performance obligation identified based on their relative standalone selling prices, and is recognised in revenue as they are satisfied. The following table summarises the performance obligations we have identified for our major revenue lines and provides information on the time of when they are satisfied and the related revenue recognition policy.

Revenue line	Performance obligation	Revenue recognition policy
Service revenue – Cable Networks	Provision of video, broadband internet and fixed-line telephony services over our cable network to customers. Performance obligations are identified for each distinct service for which the customer has contracted and are considered to be satisfied over the time period that these services are delivered	Revenue for these types of services is recognised evenly over the period of the agreement as the services are provided.
Installation and other upfront fees	When the group enters into contracts to provide services to customers, the group often charges installation or other upfront fees. The group is obliged to ensure it can supply services to the customer premise as per the customer contract. This includes cable plant and equipment installation at the customers premise.	These fees are generally deferred and recognised as revenue over the contractual period, or longer if the upfront fee results in a material renewal right.
B2B revenue	Provision of data, voice and network solution services, including the sale and maintenance of equipment to business customers. Installation charges are charged in relation to the provision of services. The group is obliged to provide the customer with the connectivity services and or equipment stipulated the customer contract.	The group defer upfront installation and certain nonrecurring fees received on business-to-business contracts where we maintain ownership of the installed equipment. The deferred fees are amortised into revenue on a straight-line basis, generally over the longer of the term of the arrangement or the expected period of performance.
Mobile revenue – Airtime services	Provision of minutes, texts and data over our Mobile network. The group is obliged to provide the customer with a SIM which is provisioned with contracted allowances each month.	The group recognise revenue from mobile services in the period in which the related services are provided. Revenue from pre-pay customers is deferred prior to the commencement of services and recognised as the services are rendered or usage rights expire.
Mobile revenue - Handsets	Provision of mobile handset delivery to the customer. The group is obliged to provide delivery of mobile handsets as requested by the customer.	Under previous accounting standards, revenue was recognised upon delivery only if collectability was reasonably assured. To the extent that collectability of instalment payments from the customer was not reasonably assured upon delivery of the handset, handset revenue was recognised on a cash basis as customer payments were received. Under IFRS 15 handset revenue is recognised upon delivery regardless of collectability.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

There are no material obligations in respect of returns, refunds or warranties.

Consideration from mobile contracts is allocated to the airtime service component and the handset component based on the relative standalone selling prices of each component. When the group offer handsets and airtime services in separate contracts entered into at the same time, the group account for these contracts as a single contract.

Incremental revenues are generated based on usage for calls and video on demand. The entity has a right to consideration from the customer at an amount that corresponds directly with the value to the customer of the entity's performance completed to date, therefore the entity recognises the revenue to the extent to which it has a right to invoice.

For subscriber promotions, such as discounted or free services during an introductory period, revenue is recognised uniformly over the contractual period if the contract has substantive termination penalties. If a contract does not have substantive termination penalties, revenue is recognized only to the extent of the discounted monthly fees charged to the subscriber, if any.

For subscriber promotions, such as discounted or free services during an introductory period, revenue is recognised uniformly over the contractual period if the contract has substantive termination penalties. If a contract does not have substantive termination penalties, revenue is recognized only to the extent of the discounted monthly fees charged to the subscriber, if any.

IFRS 15 also impacted the group's accounting for certain upfront costs directly associated with obtaining and fulfilling customer contracts. Under the previous policy, these costs were expensed as incurred unless the costs were in the scope of another accounting topic that allowed for capitalisation. Under IFRS 15, certain upfront costs associated with contracts that have substantive termination penalties and a term of one year or more are recognised as assets and amortised to operating costs and expenses over the applicable period benefited.

Other income

Interest income is recognised as interest accrues according to the effective interest method which uses the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount.

Share-based payments

The company is an indirect, wholly-owned subsidiary of Virgin Media Inc. and Liberty Global plc. The company has no share-based compensation plans. Employees render services in exchange for shares or rights over shares (equity-settled transactions) of Liberty Global plc common stock.

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date which they are granted. The fair value of options and share appreciation rights are determined using the Black-Scholes model. The fair value of restricted share units is determined using either the share price at the grant date or the Monte Carlo model, depending on the conditions attached to the restricted share units being granted. These transaction costs are recognised, together with a corresponding increase in either equity or amounts owed to parent undertakings, over the service period, or, if applicable, over the period in which any performance conditions are fulfilled, which ends on the date on which the relevant employees become fully entitled to the award (vesting date). The cumulative expense recognised for equity settled transactions at each reporting date, until the vesting date, reflects the extent to which the vesting period has expired and the number of awards that are estimated to ultimately vest, in the opinion of management at that date and based on the best available information.

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market vesting condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

3 Segment information

The principal activity of the company is to facilitate the group's financing structure by implementing the group's capital management policies, making and facilitating external borrowings and holding investments in subsidiary companies. The company's investments include all of the Virgin Media group's trading operating companies.

The Virgin Media group's reporting segments are based on its method of internal reporting to the Liberty Global group and the information used by its chief executive officer, who is the chief operating decision maker ("CODM"), to evaluate segment performance and make capital allocation decisions.

It has been determined that the Virgin Media group comprises a single operating segment. This reflects how the CODM reviews the results of the group's business based on revenue and profitability measures.

There is no material difference between the revenue presented to the CODM and the revenue of the Virgin Media Finance PLC group. Revenue for the group was £5,150.3 million (2017 - £4,960.5 million) and was entirely derived from the sale of goods and services.

Geographic Locations

The group's revenue by geographic location is set out below:

	2018 £ million	Restated 2017 £ million
U.K.	4,757.6	4,595.8
Ireland	392.7	364.7
Total	<u>5,150.3</u>	<u>4,960.5</u>

4 Common control transfer and acquisition

In November 2018 the group acquired investments in Cabletel Scotland Limited, Cabletel West Riding Limited, ntl Glasgow Holdings Limited and ntl Kirkless Holdings Limited. The group has accounted for the acquisitions as common control transfers at carry-over basis. Accordingly, the financial statements and related notes for the years ended 31 December 2018 and 31 December 2017 have been adjusted to give retrospective effect to a transaction accounted for under common control.

The following tables set out the retrospective effects of the common control transfer on the group's 31 December 2017 balance sheet and income statement and statement of other comprehensive income:

	As previously stated 31 December 2017	Common control adjustments	As restated 31 December 2017
	£ million	£ million	£ million

Total tax expense	<u>90.2</u>	<u>147.7</u>

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

10 Tax (continued)

(d) Recognised deferred tax

Recognised deferred tax assets at 31 December 2018 and 31 December 2017 were as follows:

	2018 £ million	Restated 2017 £ million
UK deferred tax assets:		
Depreciation and amortisation	1,499.8	1,577.4
Derivative instruments	-	6.9
Net operating losses	139.0	133.6
Other	6.5	22.5
Total UK deferred tax assets	<u>1,645.3</u>	<u>1,740.4</u>

The group has determined it probable that in future it will generate sufficient pre-tax profits to utilise substantially all of its deferred tax assets related to unclaimed capital allowances.

(e) Unrecognised deferred tax

Deferred tax assets in respect of the following amounts have not been recognised as there is not currently persuasive evidence that there will be suitable taxable profits against which these timing differences will reverse.

	2018 £ million	Restated 2017 £ million
Net operating losses	415.9	558.3
Capital losses	12,105.0	12,102.9
Other timing differences	364.7	207.1
	<u>12,885.6</u>	<u>12,868.3</u>

A reduction in the UK corporation tax rate from 20% to 19% was substantively enacted on 26 October 2015. A further reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the company's future current tax charge accordingly. The deferred tax assets and liabilities have been calculated using the now enacted rate of 17% (2017 – 17%).

At 1 January 2017 (restated)	2,153.7	292.3	21.3	2,467.3

The amortisation charge has been recognised through administrative expenses in the Group Income Statement.

(b) Impairment of goodwill and intangible assets with indefinite lives

Goodwill is not amortised, but is tested for impairment annually or more frequently if circumstances indicate a possible impairment exists in accordance with IAS 36 'Impairment of Assets'.

Goodwill is allocated to Cash Generating Units (CGUs), the assets of which are separately operated and monitored, and are judged to independently generate cash inflows. Management considers that there is only one CGU relating to the group's cable network which is the core operating asset used to deliver services.

The group comprises substantially all of the assets of the Virgin Media group. The fair value less costs to sell the Virgin Media group determined in 2013 on its acquisition by Liberty Global confirmed the recoverable amount of goodwill was in excess of its carrying value. The Virgin Media group has continued to be profitable and the likelihood of the current recoverable amount being less than the current carrying amount is considered remote. As a result, no impairment to goodwill was required for the years ended 31 December 2018 and 2017.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

11 Intangible assets (continued)

Goodwill and other intangible assets with indefinite useful lives are not amortised, but instead are tested for impairment at least annually. The group evaluate the recoverable amount of the group's CGUs, using a fair value less costs to sell method. The group's CGU the estimate of the recoverable amount is based primarily of observable EBITDA multiples for recent transactions and publicly-traded peer companies, which are Level 2 inputs in the fair value hierarchy. Based on the results of the group's 2018 quantitative goodwill impairment assessment, the group determined fair value exceeded the carrying value of the group's CGU.

Assets held under finance leases

Included in the net book value of property, plant and equipment is £49.8 million (2017 - £59.6 million) in respect of assets held under finance leases and similar hire purchase contracts. Accumulated depreciation on these assets is £26.1 million (2017 - £40.3 million) and the charge for the year was £9.8 million (2017 - £22.1 million).

The group did not capitalise any borrowings costs during the year.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

12 Property, plant and equipment (continued)

Included in 'Other' are the following net book values:

	2018 £ million	2017 £ million
Freehold land and buildings	35.4	55.4
Leasehold land and buildings	29.8	30.5
Leasehold improvements	62.1	86.6
	<u>127.3</u>	<u>172.5</u>

13 Financial assets

	2018 £ million	Restated 2017 £ million
<i>Non-current</i>		
Restricted cash	5.5	0.1
Deferred financing costs	14.5	11.7
Derivative instruments (see note 22)	741.9	476.5
Amounts owed by related parties	<u>4,826.0</u>	<u>5,065.9</u>
	<u>5,587.9</u>	<u>5,554.2</u>
<i>Current</i>		
Derivative instruments (see note 22)	143.0	226.9
Restricted cash	0.1	-
	<u>143.1</u>	<u>226.9</u>

Amounts owed by related parties are in respect of loan notes receivable from Liberty Global Europe 2 Limited, a wholly owned subsidiary of Liberty Global plc that sits outside of the Virgin Media group, which have an aggregate principal balance of £4,826.0 million (2017: £5,065.9 million). These comprise of principal amount outstanding of £1,501.5 million (2017: £2,174.6 million) which incur interest at a rate of 8.5% repayable in April 2023 and £3,324.5 million (2017: £2,891.3 million) at a rate of 4.825% (subject to adjustment) repayable in July 2023.

14 Trade and other receivables

	2018 £ million	Restated 2017 £ million
<i>Non-current</i>		
Prepayments and accrued income	37.3	16.7
Other receivables	0.1	113.7

Trade receivables	417.7	411.7
Amounts owed by parent and group undertakings	-	9.4
Amounts owed by related parties	46.8	83.2
Prepayments and accrued income	164.0	119.2
	<u>628.5</u>	<u>623.5</u>

Prepayments and accrued income classified as non-current include long term telecommunications contracts with terms in excess of one year.

Current amounts owed by related parties are unsecured and repayable on demand.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

14 Trade and other receivables (continued)

Trade receivables are non-interest bearing, are generally on 30-90 day terms and are stated net of provision for non-recoverability. The group's trade and other receivables have been reviewed for indicators of impairment and it was concluded that a provision for non-recoverability of £19.6 million (2017 - £33.1 million) was required. The carrying value of trade receivables is considered to be a fair approximation of fair value.

The allowance for doubtful accounts is based upon the group's assessment of probable loss related to uncollectible trade receivables. The group uses a number of factors in determining the allowance, including, among other things, collection trends, prevailing and anticipated economic conditions and specific customer credit risk. The allowance is maintained until either receipt of payment or the likelihood of collection is considered to be remote

Movements in the provision for impairment of receivables were as follows:

	£ million
At 1 January 2017	29.7
Charge for the year	25.6
Utilised	(22.2)
At 31 December 2017 and 1 January 2018	33.1
Charge for the year	25.7
Utilised	(39.2)
At 31 December 2018	19.6

The ageing analysis of trade receivables is as follows:

	Total	Neither past due nor impaired	Balances past due			
	£ million	£ million	<30 days £ million	30 - 60 days £ million	60 - 90 days £ million	>90 days £ million
31 December 2018	417.7	315.1	22.2	57.1	18.9	4.4
31 December 2017	411.7	261.7	61.7	26.4	20.9	41.0

15 Inventories

	2018 £ million	2017 £ million
Goods for resale	32.0	31.0
Programming inventory	28.7	21.6
Total inventory	60.7	52.6

16 Cash and short term deposits

Cash at bank earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the group, and earn interest at the respective short-term deposit rates. The fair value of cash and cash equivalents including overdrawn cash book balances at 31 December 2018 was £16.2 million (2017 - £23.1 million).

	2018 £ million	2017 £ million
Cash at bank and in hand	16.1	23.0
Short-term deposits	0.1	0.1
	16.2	23.1

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

18 Financial liabilities (continued)

Borrowings at 31 December were repayable as follows:

	2018 £ million	2017 £ million
Amounts falling due:		
Within one year	1,981.0	1,834.2
In more than one year but not more than five years	903.1	889.1
In more than five years	9,488.5	9,965.5
	12,372.6	12,688.8
Less: issue costs	(55.7)	(70.8)
Total borrowings	12,316.9	12,618.0
Financial liabilities not classed as borrowings	428.7	511.2
Total financial liabilities	12,745.6	13,129.2

Financial liabilities not classed as borrowings include amounts payable to parent and group undertakings, obligations under finance leases and hire purchase contracts, interest rate swaps and cross-currency interest rate swaps.

Loans repayable in more than five years are as follows:

Senior notes	1,417.1	2,016.3
Senior secured notes	4,476.5	4,427.2
Senior credit facilities	3,563.6	3,409.8
Other debt	31.3	112.2
	9,488.5	9,965.5

Vendor financing

The group enters into vendor financing arrangements to finance certain property and equipment additions and operating costs. The amounts owed pursuant to these arrangements are interest bearing and include VAT which was paid on the group's behalf by the vendor. Repayments of vendor financing obligations are included in the repayment of borrowings in the Group Cash Flow Statement. The weighted average cost of vendor financing debt is 4.97% and is substantially due within 1 year.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

18 Financial liabilities (continued)

In August 2018, the group received cash of £417.3 million through the partial repayment of a related-party loan from Liberty Global Europe 2 Limited, the Virgin Media group's immediate parent. The group in turn used this cash to redeem \$190.0 million (£149.1 million) of the \$530.0 million (£415.8 million) outstanding principal amount of the 2023 VM Dollar Senior Notes and in full the £250.0 million outstanding principal amount of the 2023 VM Sterling Senior Notes. These transactions were funded with a portion of the proceeds received by another Liberty Global subsidiary in connection with the sale of Liberty Global's operations in Austria.

In October 2018, the group received cash of £255.8 million through the partial repayment of a related party loan from LG Europe 2 which the group used to redeem in full the \$340.0 million (£266.8 million) outstanding principal amount of the 2023 VM Dollar Senior Notes. In connection with these transactions, the group recognised a loss on debt modification and extinguishment, net, of £28.3 million related to the payment of £22.0 million of redemption premiums and the write-off of £6.3 million of unamortized deferred financing costs and discounts.

Less: issue costs	<u>(18.2)</u>	<u>(20.9)</u>
Total senior secured notes	<u>4,986.7</u>	<u>4,905.5</u>

In January 2017, Virgin Media Secured Finance plc issued the 2027 VM 5.0% Senior Secured Notes. The net proceeds from the 2027 VM 5.0% Senior Secured Notes were used to redeem in full the £640.0 million outstanding principal amount under the April 2021 VM Sterling Senior Secured Notes. In connection with these transactions, a loss on debt modification and extinguishment, net, of £31.0 million was recognised. This loss includes the payment of £25.3 million of redemption premiums and the write-off of £5.7 million of unamortized discount and deferred financing costs.

In February 2017, Virgin Media Secured Finance launched an offer (the Exchange Offer) to exchange the January 2021 VM Sterling Senior Secured Notes for the 2025 VM 6.0% Sterling Senior Secured Notes. The Exchange Offer was consummated on 21 March 2017 and £521.3 million aggregate principal amount of the January 2021 VM Sterling Senior Secured Notes was exchanged for £521.3 million aggregate principal amount of the 2025 VM 6.0% Sterling Senior Secured Notes. The January 2021 VM Sterling Senior Secured Notes were exchanged for the 2025 VM 6.0% Sterling Senior Secured Notes in a non-cash transaction, other than the payment of accrued and unpaid interest on the exchanged January 2021 VM Sterling Senior Secured Notes. In connection with these transactions, a loss on debt modification and extinguishment, net, of £5.1 million was recognised. This loss includes the write off of £4.1 million of unamortized premiums and the payment of £1.0 million of third-party costs.

Senior credit facility due after more than one year	<u>3,539.8</u>	<u>3,383.6</u>
<i>The current instalment of the senior credit facility consists of:</i>		
VM Revolving Facilities		
LIBOR+ 2.75% revolving facilities	-	-
Total senior credit facility	<u>3,539.8</u>	<u>3,383.6</u>

In February 2017, Virgin Media SFA Finance Limited entered into a new £865.0 million term loan facility (VM Facility J). The net proceeds from VM Facility J were used to prepay in full the £849.4 million outstanding principal amount under VM Facility E. In connection with these transactions, we recognized a loss on debt modification and extinguishment, net, of £1.8 million related to the write-off of unamortized discounts and deferred financing costs.

In November 2017, Virgin Media Bristol LLC entered into VM Facility K and Virgin Media SFA Finance Limited entered into both VM Facility L and VM Facility M. The net proceeds from VM Facility K, VM Facility L and VM Facility M were used to prepay:

- in full the \$3,400.0 million (£2,514.0 million) outstanding principal amount under VM Facility I; and
- in full the £865.0 million outstanding principal amount under VM Facility J.

In connection with these transactions, we recognized a loss on debt modification and extinguishment, net, of £22.7 million related to the write off of unamortized discounts and deferred financing costs.

The VM Credit Facility requires that certain members of the Virgin Media Borrowing Group that generate not less than 80% of such group's EBITDA (as defined in the VM Credit Facility) in any financial year, guarantee the payment of all sums payable under the VM Credit Facility and such group members are required to grant first-ranking security over all or substantially all of their assets to secure the payment of all sums payable. In addition, the holding company of each borrower must give a share pledge over its shares in such borrower.

At 31 December 2017, the senior secured credit facilities of the group included a multi currency revolving credit facility ("Revolving Facility") with a maximum borrowing capacity equivalent to £675.0 million, which bore interest at LIBOR plus 2.75% with 1.1% fee on unused commitments. During 2018, the Revolving Facility was amended and split into two revolving facilities. As of 31 December 2018, Revolving Facility A was a multi currency revolving facility maturing on 31 December 2021 with a maximum borrowing capacity equivalent to £50.0 million, and Revolving Facility B was a multi currency revolving facility maturing on 15 January 2024 with a maximum borrowing capacity equivalent to £625.0 million. All other terms from the previously existing Revolving Facility continue to apply to the new revolving facilities.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

18 Financial liabilities (continued)

In addition to mandatory prepayments which must be made for certain disposal proceeds (subject to certain de minimis thresholds), the lenders may cancel their commitments and declare the loans due and payable after 30 business days following the occurrence of a change of control in respect of Virgin Media Investment Holdings Limited, subject to certain exceptions.

The VM Credit Facility contains certain customary events of default, the occurrence of which, subject to certain exceptions and materiality qualifications, would allow the lenders to (i) cancel the total commitments, (ii) accelerate all outstanding loans and terminate their commitments there under and/or (iii) declare that all or part of the loans be payable on demand. The VM Credit Facility contains certain representations and warranties customary for facilities of this type, which are subject to exceptions, baskets and materiality qualifications.

The VM Credit Facility restricts the ability of certain members of the Virgin Media Borrowing Group to, among other things, (i) incur or guarantee certain financial indebtedness, (ii) make certain disposals and acquisitions and (iii) create certain security interests over their assets, in each case, subject to carve-outs from such limitations.

The VM Credit Facility requires the borrowers to observe certain affirmative undertakings or covenants, which covenants are subject to materiality and other customary and agreed exceptions. In addition, the VM Credit Facility also requires compliance with various financial covenants such as Senior Net Debt to Annualised EBITDA and Total Net Debt to Annualised EBITDA, each capitalised term as defined in the VM Credit Facility.

In addition to customary default provisions, the VM Credit Facility provides that any event of default with respect to indebtedness of £50.0 million or more in the aggregate of the company, and its subsidiaries is an event of default under the VM Credit Facility.

The VM Credit Facility permits certain members of the Virgin Media Borrowing Group to make certain distributions and restricted payments to its parent company (and indirectly to Liberty Global) through loans, advances or dividends subject to compliance with applicable covenants.

Restrictions

The agreements governing the senior notes and the senior credit facility significantly, and, in some cases, absolutely restrict the group's ability and the ability of most of its subsidiaries to:

- incur or guarantee additional indebtedness;
- pay dividends or make other distributions, or redeem or repurchase equity interests or subordinated obligations;
- make investments;
- sell assets, including shares in subsidiaries;
- create liens;
- enter into agreements that restrict the restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- merge or consolidate or transfer substantially all of the group's assets; and
- enter into transactions with affiliates.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

19 Leases and hire purchase contracts

Obligations under finance leases and hire purchase contracts

The group uses finance leases and hire purchase contracts to acquire plant and equipment. These leases have terms of renewal but no material purchase options or escalation clauses. Renewals are at the option of the lessee. Future minimum lease payments under finance leases and hire purchases contracts are as follows:

	2018 £ million	2017 £ million
<i>Future minimum payments due:</i>		
Not later than one year	9.6	14.5
After one year but not more than five years	28.5	25.1
After five years	135.5	134.6
	173.6	174.2
Less: finance charges allocated to future periods	(119.5)	(115.8)
Present value of minimum lease payments	54.1	58.4

The present value of minimum lease payments is analysed as follows:

	2018 £ million	2017 £ million
<i>Amounts falling due:</i>		
Not later than one year	5.7	10.9
After one year but not more than five years	14.6	12.9
After five years	33.8	34.6
	54.1	58.4

Operating lease agreements where the group is lessee

Future minimum rentals payable under non-cancellable operating leases are as follows:

	Land & buildings		Other	
	2018 £ million	2017 £ million	2018 £ million	2017 £ million
Not later than one year	29.0	26.1	7.8	8.0
After one year but not more than five years	77.5	69.4	14.5	20.0
After five years	52.1	47.3	-	1.2
	158.6	142.8	22.3	29.2

The group has entered into commercial leases on certain properties, motor vehicles and items of machinery. These leases have varied durations, some can be exited with as little as two months' notice whilst the terms of some run indefinitely until notice is served.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

20 Provisions

	Property related costs £ million	Other provisions £ million	Total £ million
At 31 December 2017 and 1 January 2018			
Current	2.7	3.3	6.0
Non-current	130.1	3.8	133.9
	<u>132.8</u>	<u>7.1</u>	<u>139.9</u>
Established during the year	3.0	18.0	21.0
Used during the year	(4.2)	(18.0)	(22.2)
Revisions in cashflow estimates	1.9	-	1.9
Movement in discount rate	(11.2)	-	(11.2)
At 31 December 2018	<u>122.3</u>	<u>7.1</u>	<u>129.4</u>
Analysed as:			
Current	2.4	3.1	5.5
Non-current	119.9	4.0	123.9
	<u>122.3</u>	<u>7.1</u>	<u>129.4</u>

Property related costs

Property related costs expected to be incurred are mainly in relation to dilapidations costs on leasehold properties. The majority of the costs are expected to be incurred over the next 25 years.

Other provisions

Other provision elements mainly consist of National Insurance contributions on share options and restricted stock unit grants and redundancy costs resulting from restructuring programmes.

21 Financial Risk Management Objectives and Policies

The group's principal financial liabilities, other than derivatives, comprise bank loans (senior credit facility), senior notes, senior secured notes, finance leases, vendor financing, trade payables, hire purchase contracts and loans made to parent and fellow group undertakings. With the exception of trade payables the main purpose of the financial liabilities is to raise finance for the Virgin Media group's operations. The group has various financial assets such as trade receivables and cash and short term deposits, which arise directly from its operations.

The group is exposed to various market risks, including credit risk, foreign exchange rate risk, liquidity risk and interest rate risk. Market risk is the potential loss arising from adverse changes in market rates and prices. As some of the group's indebtedness accrues interest at variable rates there is exposure to volatility in future cash flows and earnings associated with variable interest payments.

Interest and principal obligations on some indebtedness are in U.S. dollars and euros. As a result the group has exposure to volatility in future cash flows and earnings associated with changes in foreign exchange rates on payments of interest and principal amounts on a portion of its indebtedness.

The group has entered into various derivative instruments to manage interest rate risk, and foreign exchange risk with respect to the U.S. dollar, comprising of interest rate swaps, cross-currency interest rate swaps and foreign currency forward contracts. The objective is to reduce the volatility of the group's cash flows and earnings caused by changes in underlying rates.

The main risks arising from the group's financial liabilities are described below:

Interest rate risk

The group is subject to interest rate risk because it has substantial indebtedness at variable rates of interest. At 31 December 2018, before taking into account hedging instruments, interest is determined on a variable basis on £3,563.5 million (2017 - £3,409.8 million) or 29% (2017 - 27%) of indebtedness, relating solely to amounts drawn down on the senior credit facilities. The group aims to reduce the volatility of its cash flows and earnings as a result of fluctuations in interest rates through the use of derivative financial instruments.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

21 Financial Risk Management Objectives and Policies (continued)

Interest rate risk profile of financial assets

The group's financial assets include cash on money market deposit at call, seven day and monthly rates, and amounts owed by parent undertakings and related parties charged at variable interest rates.

Sensitivity analysis of changes in interest rates

Interest rate risks are presented by way of a sensitivity analysis in accordance with IFRS 7 'Financial Instruments: Disclosures'. These show the effects of changes in market interest rates on interest payments, interest income and expense, other components and, as appropriate, equity. The interest rate sensitivity analyses are based on the following assumptions:

- Changes in market interest rates of non-derivative financial instruments with fixed interest rates only affect income if measured at fair value. As such, all financial instruments with fixed interest rates that are carried at amortised cost are not subject to interest rate risk as defined by IFRS 7.
- Changes in market interest rates affect the interest income or expense of non-derivative variable-interest financial instruments, the interest payments of which are not designated as hedged items of cash flow hedges against interest rate risks. As a consequence, they are included in the calculation of interest rate sensitivities.
- Changes in the market interest rate of interest rate derivatives (interest rate swaps and cross-currency interest rate swaps) that are not part of a hedging relationship as set out in IFRS 9 'Financial Instruments' affect gains or losses on derivatives and are therefore taken into consideration in the calculation of interest rate sensitivities.
- Foreign currency forward rate contracts are not subject to interest rate risks and therefore do not affect interest rate sensitivities.

Based on debt at 31 December 2018, including amounts owed to and due from parent and group undertakings, and taking into consideration hedging instruments, a 0.25% movement in market interest rates would result in an annual increase or decrease in the gross interest income/expense of £8.3 million (2017 - a 0.25% movement in market interest rates would result in an annual increase or decrease in the gross interest income/expense of £7.2 million). Movements in gross interest expense would be recognised in finance income and finance costs in the Group Income Statement.

Foreign currency exchange rate risk

The group is also subject to foreign currency exchange risks because interest and principal obligations with respect to a portion of its indebtedness is denominated in U.S. dollars and euros. To the extent that the pound declines in value against the U.S. dollar and the euro, the effective cost of servicing U.S. dollar and euro denominated debt will be higher. Changes in the exchange rate result in foreign currency gains or losses.

As of 31 December 2018 the group had £5,532.9 million (2017 - £5,709.5 million), or 45% (2017 - 45%) of external indebtedness, denominated in U.S. dollars and £413.3 million (2017 - £408.9 million), or 3% (2017 - 3%) of external indebtedness, denominated in euros (see note 18). The group has a programme in place to mitigate the risk of losses arising from adverse changes in foreign currency exchange rates which uses a number of derivative financial instruments. When taking into consideration cross currency interest rate swaps and foreign currency forward rate contracts, the majority of external debt is hedged against foreign currency exchange rate risk.

For the year ended 31 December 2018 the group had foreign currency losses of £326.1 million (2017 - gains of £525.1 million).

The losses for the year ended 31 December 2018 were primarily due to the weakening of the sterling pound relative to the U.S. dollar in respect of the U.S. dollar denominated debt issued by the group, partially offset by the U.S. dollar denominated debt advanced to group undertakings. The gains for the year ended 31 December 2017 were primarily due to the strengthening of the sterling pound relative to the U.S. dollar in respect of the U.S. dollar denominated debt issued by the group, partially offset by the U.S. dollar denominated debt advanced to group undertakings.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

21 Financial Risk Management Objectives and Policies (continued)

Sensitivity analysis of changes in foreign currency exchange rates

For the presentation of market risks, IFRS 7, 'Financial Instruments: Disclosures' requires sensitivity analysis that shows the effects of hypothetical changes of foreign currency exchange rates of relevant risk variables on profit or loss and shareholders' equity. The periodic effects are determined by relating the hypothetical changes in risk variables to the balance of financial instruments at the reporting date. It is assumed that the balance at the reporting date is representative of the year as a whole.

Currency risks are defined by IFRS 7 as arising on account of financial instruments being denominated in a currency other than the functional currency and being of a monetary nature. Relevant risk variables are generally all non-functional currencies in which the group has financial liabilities, excluding amounts due to parent undertakings.

The currency sensitivity analysis is based on the following assumptions:

Major non-derivative monetary financial instruments (liquid assets, receivables and finance lease liabilities) are directly denominated in the functional currency. There are therefore no foreign exchange fluctuations in respect of these instruments which have an effect on profit or loss or shareholders' equity. Interest income and expense from financial instruments are also either recorded in the functional currency or transferred to the functional currency using derivatives.

The group has a number of derivative instruments with various counterparties to manage its exposure to changes in foreign currency exchange rates. Exchange rate fluctuations, on which the financial instruments are based, affect gains or losses on derivatives in the finance income or finance costs lines, respectively, of the Group Income Statement.

The following table demonstrates the sensitivity to a reasonably possible change in the pound sterling against U.S. dollar and euro exchange rates with all other variables remaining constant, of the group's profit before tax. Due to foreign exchange translation of monetary assets and liabilities, the impact of translating the net assets of foreign operations into sterling is excluded from the sensitivity analysis:

	Increase/ decrease in exchange rates	Effect on profit/(loss) before tax £ million
2018		
Sterling/U.S. dollar	+20%	925.3
Sterling/U.S. dollar	-20%	(1,388.0)
Sterling/euro	+20%	70.3
Sterling/euro	-20%	(105.4)
2017		
Sterling/U.S. dollar	+20%	957.4
Sterling/U.S. dollar	-20%	(1,436.0)
Sterling/euro	+20%	69.6
Sterling/euro	-20%	(104.4)

Liquidity risk and capital management

The company is a wholly owned subsidiary and its ultimate parent company is Liberty Global plc. Capital management policies are operated at a Virgin Media group level by the management of Liberty Global plc. The agreements that govern the Virgin Media group's indebtedness set out financial maintenance tests and restrictive covenants, and it is the policy of the Virgin Media group to maintain adequate headroom against these tests and covenants.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

21 Financial Risk Management Objectives and Policies (continued)

The Virgin Media group's business is capital intensive and the Virgin Media group is highly leveraged. The Virgin Media group has significant cash requirements for operating costs, capital expenditure and interest expense. The level of the Virgin Media group's capital and operating expenditures are affected by significant amounts of capital required to connect customers to the network, expand and upgrade the network and offer new services. Cash on hand, together with cash from operations and an undrawn credit facility, are expected to be sufficient for the Virgin Media group's cash requirements through to 30 June 2020. The Virgin Media group has significant scheduled repayments that may need to be financed through means other than reliance on cash flow from operations, such as raising additional debt or equity, refinancing the existing facility, possible loans from parent undertakings or related parties, sale of assets or other means. It may not be possible to obtain adequate financing, or sell assets at all, or on favourable terms, or the terms of the senior credit facility or senior notes may prevent the Virgin Media group from incurring additional indebtedness or selling assets.

As of 31 December 2018 the group had £12,371.0 million of external debt (including finance leases, vendor financing and net of deferred finance costs) outstanding, compared to £12,676.4 million as of 31 December 2017 and cash and cash equivalents of £16.2 million compared to £23.1 million at 31 December 2017.

The principal amount outstanding under the senior credit facility at 31 December 2018 was £3,563.68 million (2017 - £3,409.8 million). The senior credit facility comprises two term facilities denominated in pounds sterling of £400.0 million and £499.0 million respectively (2017 - £400.0 million and £499.0 million), one term facility denominated in U.S. dollar of £2,664.6 million (2017 - £2,510.8 million) and two revolving facilities of £625.0 million and £50.0 million (2017 - one facility of £675.0 million). At 31 December 2018, £3,539.8 million (2017 - £3,383.6 million) of the term facilities net of issue costs had been drawn. The group had £675.0 million available of its revolving credit facilities for bank guarantees and standby letters of credit.

The group does not have any scheduled principal payments on its senior notes and senior credit facility until 2021. However, if the group was unable to meet repayment conditions or service these obligations through cash flows from operations, then it would need to secure additional funding such as raising additional debt or equity, refinancing the existing facility, selling assets or using other means. It may not be possible to obtain financing or sell assets, at all or on favourable terms, or the group may be contractually prevented by the terms of its senior notes or senior credit facility from incurring additional indebtedness or selling assets.

A maturity analysis of financial liabilities, outstanding at 31 December, showing the remaining contractual undiscounted amounts payable, including interest commitments, is shown below:

	Less than 1 year £ million	1 to 5 years £ million	Greater than 5 years £ million	Total £ million
2018				
Senior credit facility, senior notes and senior secured notes	593.3	3,560.2	10,187.8	14,341.3
Vendor financing	1,942.7	48.7	2.7	1,994.1
Finance lease and hire purchase contracts	9.6	28.5	135.5	173.6
Derivative contracts	10.9	79.8	283.9	374.6
2017				
Senior credit facility, senior notes and senior secured notes	592.2	3,366.5	10,901.3	14,860.0
Vendor financing	1,862.4	213.5	88.0	2,163.9
Finance lease and hire purchase contracts	14.5	25.1	134.6	174.2
Derivative contracts	56.0	75.9	320.9	452.8

The above amounts exclude other financial liabilities, such as trade payables, which are all repayable in less than one year. Amounts owed to parent and group undertakings have also been excluded as they are repayable on demand.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

21 Financial Risk Management Objectives and Policies (continued)

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The group's financial instruments that are exposed to concentrations of credit risk consist primarily of cash, trade receivables and derivative contracts.

At 31 December 2018, the group had £16.2 million (2017 - £23.1 million) in cash and cash equivalents. These cash and cash equivalents are on deposit with a number of major financial institutions and, as part of the Virgin Media group's cash management process, regular evaluations of the credit standing of these institutions are performed using a range of metrics. The group has not experienced any losses in cash balances and management do not believe it is exposed to any significant credit risk on its cash balances.

Concentrations of credit risk with respect to trade receivables are limited because of the large number of customers and their distribution across a wide geographic area. The Virgin Media group performs credit evaluations of its business customers' financial condition and generally does not require collateral. No single group or customer represents greater than 10% of total accounts receivable.

Concentrations of credit risk with respect to derivative contracts are focused within a limited number of international financial institutions with which the Virgin Media group transacts and relate only to derivatives with recorded asset balances. The Liberty Global group performs regular reviews of the financial institutions with which it transacts as to their credit worthiness and financial condition. The group includes a credit risk adjustment based upon the credit default swap spread in the valuation of derivative instruments, however, the group does not expect there to be any significant non-performance risks associated with its counterparties.

22 Financial Instruments

Derivative Instruments and Hedging Activities - financial risk management

The company and group have obligations in a combination of U.S. dollars, euros, and pounds sterling at fixed and variable interest rates. As a result the group is exposed to variability in its cash flows and earnings resulting from changes in foreign currency exchange rates and interest rates.

The group's objective in managing its exposure to interest rates and foreign currency exchange rates is to decrease the volatility of its earnings and cash flows caused by changes in the underlying rates. The group has established policies and procedures to govern these exposures and has entered into derivative financial instruments including interest rate swaps, cross-currency interest rate swaps and foreign currency forward rate contracts. Subsidiaries of Virgin Media Finance PLC hold financial instruments which hedge the foreign currency risk of debt issued by its fellow group undertakings. It is the group's policy not to enter into derivative financial instruments for speculative trading purposes, nor to enter into derivative financial instruments with a level of complexity or with a risk that is greater than the exposure to be managed. The amounts below include amounts relating to short term as well as long term payables.

With the exception of a limited number of foreign currency forward contracts, the group has elected not to designate derivative instruments as accounting hedges, although these remain economic hedges.

The fair values of derivative financial instruments recognised in the Group Balance Sheet are as follows:

Cross-currency interest rate swaps - hedging the principal and interest payments of senior notes and senior credit facility

The terms of the group's outstanding cross-currency interest rate swaps, which are used to mitigate the interest and foreign exchange rate risks relating to the pound sterling value of principal and interest payments on U.S. dollar and euro denominated senior notes and senior secured notes at 31 December 2018, were as follows:

Final maturity date of hedges	Hedge type	Notional amount due from counterparty million	Notional amount due to counterparty million	Weighted average remaining life
January 2023	Not designated	\$400.0	€339.6	4.0
April 2019 - January 2025	Not designated	\$6,735.1	£4,482.6	5.1
January 2021	Fair value	\$447.9	£276.7	2.0
January 2025	Not designated	£2,365.8	\$3,400.0	6.1

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

22 Financial Instruments (continued)

Interest rate swaps - hedging of interest rate sensitive obligations

As of 31 December 2018, the group had outstanding interest rate swap agreements to manage the exposure to variability in future cash flows on the interest payments associated with its senior credit facility which accrues at variable rates based on LIBOR. The group has also entered into interest rate swap agreements to manage its exposure to changes in the fair value of certain debt obligations due to interest rate fluctuations. The interest rate swaps allow the group to receive or pay interest based on six month LIBOR or fixed rates in exchange for payments or receipts of interest at six month LIBOR or fixed rates.

The terms of the group's outstanding interest rate swap contracts at 31 December 2018 were as follows:

Final maturity date of hedge	Hedge type	Notional amount due from counterparty million	Notional amount due to counterparty million	Weighted average remaining life
April 2019 - January 2026	Not designated	£20,063.7	£20,056.9	4.2
January 2025	Not designated	\$3,400.0	\$3,400.0	6.1
January 2023 - January 2025	Not designated	€1,629.2	€1,629.2	3.9
January 2021	Fair value	£628.4	£628.4	2.0

The notional amounts of multiple derivative instruments that mature within the same calendar month are shown in aggregate.

Interest rate swaptions

The group has entered into various interest rate swap options (swaptions), which give the right, but no obligation, to enter into certain interest rate swap contracts at set dates in the future, with each such contract having a life of no more than three years. At the transaction date, the strike rate of each of these contacts was above the corresponding market rate.

The terms of outstanding interest rate swap option contracts at 31 December 2018 were as follows:

Final maturity date	Hedge type	Notional amount due from counterparty million	Notional amount due to counterparty million	Weighted average option expiration period	Weighted average strike rate %
October 2022 - January 2026	Not designated	£4,756.4	£4,756.4	0.9	2.47
January 2023 - January 2025	Not designated	€514.80	€514.80	0.9	2.08

Basis Swaps

The terms of outstanding basis swap contracts at 31 December 2018 were as follows:

Final maturity date	Hedge type	Notional amount due from counterparty million	Notional amount due to counterparty million	Weighted average remaining life
July 2019	Not designated	£900.0	£900.0	0.5
July 2019	Not designated	\$3,400.4	\$3,400.4	0.5

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

22 Financial Instruments (continued)

Foreign currency forward options and forward contracts

The group has entered into external foreign currency forward options and foreign currency forward contracts in order to manage foreign currency exposure risk with respect to Indian rupee (INR).

Foreign currency forward options

The following foreign currency forward options with a third party were in place at 31 December 2018:

Exchange currency	Notional amount million
Indian rupee	£0.4

Foreign currency forward contracts

The following foreign currency forward contracts with a related party were in place at 31 December 2018:

Maturity dates	Currency purchase forward million	Currency sold forward million
January 2019 - December 2019	\$65.7	£49.6

Cash flow hedges

With the exception of a limited number of foreign currency forward contracts, the group has elected not to designate derivative instruments as accounting hedges, although these remain economic hedges. The group has recognised effective portion of gains on losses in the unrealised gains and losses in the Group Statement of Comprehensive Income as result of historic derivative instruments that were designated as cash flow hedges and hedges of commercial operational contracts.

Changes in the fair values of derivative instruments are recorded as gains or losses on derivative instruments in the Group Income Statement in the period in which they occur. The following table presents movements in Other Comprehensive Income related to cash flow hedges for the year ended 31 December 2018:

	Total £ million	Cross currency interest rate swaps £ million	Tax effect £ million
Balance at 31 December 2017	(0.4)	(21.3)	20.9
Amounts recognised in Statement of Comprehensive Income reclassified to earnings	5.7	5.7	-
Tax effect recognised	(0.3)	-	(0.3)
Balance at 31 December 2018	<u>5.0</u>	<u>(15.6)</u>	<u>20.6</u>

Included within amounts reclassified to earnings is £5.8 million of net losses that have been recycled from the cash flow hedge reserve through the income statement in respect of swaps for which either designation was revoked, or the hedged instrument was settled as part of refinancing activities.

Fair value hedges

For derivative instruments that are designated and qualify as fair value accounting hedges, the gain or loss on derivatives is recognised in the Group Income Statement in the period in which they occur, together with any changes in the fair value of the hedged debt obligations due to changes in the hedged risks.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

22 Financial Instruments (continued)

Fair values of financial assets and liabilities

Set out below is a comparison by category of carrying values and fair values of the group's financial assets and financial liabilities, where different, as at 31 December:

	2018 Carrying value £ million	2018 Fair value £ million	2017 Carrying value £ million	2017 Fair value £ million
Senior credit facility	(3,539.8)	(3,609.4)	(3,383.6)	(3,461.6)
5.25% U.S. dollar senior notes due 2022	(49.7)	(49.6)	(70.6)	(68.9)
4.875% U.S. dollar senior notes due 2022	(58.5)	(57.6)	(88.0)	(86.9)
5.125% pound sterling senior notes due 2022	(44.3)	(44.1)	(44.3)	(44.4)
7.0% pound sterling senior notes due 2023	-	-	(247.3)	(262.8)
6.375% U.S. dollar senior notes due 2023	-	-	(387.6)	(406.2)
6.375% pound sterling senior notes due 2024	(298.4)	(302.3)	(298.1)	(322.3)
6% U.S. dollar senior notes due 2024	(387.3)	(377.1)	(366.8)	(380.4)
4.5% euro senior notes due 2025	(409.9)	(409.7)	(404.9)	(428.3)
5.75% U.S. dollar senior notes due 2025	(311.7)	(296.2)	(293.5)	(300.5)
5.50% pound sterling senior secured notes due 2021	(106.9)	(113.7)	(106.8)	(120.1)
5.25% U.S. dollar senior secured notes due 2021	(354.6)	(348.0)	(335.7)	(349.5)
5.5% pound sterling senior secured notes due 2025	(385.8)	(386.0)	(385.6)	(402.6)
5.5% U.S. dollar senior notes due 2025	(277.3)	(274.2)	(313.2)	(323.8)
5.125% pound sterling senior secured notes due 2025	(298.0)	(298.4)	(297.6)	(313.4)
6.0% pound sterling senior secured notes due 2025	(532.7)	(579.4)	(525.8)	(597.4)
5.25% U.S. dollar senior secured notes due 2026	(786.0)	(723.0)	(740.8)	(754.0)
5.5% U.S. dollar senior secured notes due 2026	(583.9)	(549.0)	(549.8)	(569.9)
4.875% pound sterling senior secured notes due 2027	(523.4)	(494.8)	(523.2)	(536.1)
5.0% pound sterling senior secured notes due 2027	(671.6)	(639.5)	(671.2)	(687.3)
6.25% pound sterling senior secured notes due 2029	(400.8)	(402.9)	(400.7)	(430.2)

The carrying values of amounts not listed above approximate their fair values.

The group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Unadjusted quoted prices in active markets for similar assets or liabilities; or
Unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active; or
Inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Unobservable inputs for the asset or liability.

The group endeavours to utilise the best available information in measuring fair value. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

22 Financial Instruments (continued)

As at 31 December 2018, the fair value of the financial instruments held by the group is as follows:

	Level 1 £ million	Level 2 £ million	Level 3 £ million	Total £ million
<i>Financial assets at fair value</i>				
Cash, short term deposits and restricted cash	21.7	-	-	21.7
Cross-currency interest rate swaps	-	783.9	-	783.9
Interest rate swaps	-	99.2	0.2	99.4
Foreign currency forward rate contracts	-	1.6	-	1.6
	<u>21.7</u>	<u>884.7</u>	<u>0.2</u>	<u>906.6</u>
<i>Financial liabilities at fair value</i>				
Senior credit facility	3,609.4	-	-	3,609.4
Senior notes	1,536.6	-	-	1,536.6
Senior secured notes	4,808.9	-	-	4,808.9
Cross-currency interest rate swaps	-	85.1	-	85.1
Interest rate swaps	-	281.1	8.4	289.5
	<u>9,954.9</u>	<u>366.2</u>	<u>8.4</u>	<u>10,329.5</u>

In estimating the fair value of other financial instruments, the group used the following methods and assumptions:

Cash and short term deposits, and restricted cash: The carrying amounts reported in the Group Balance Sheet approximate fair value due to the short maturity and nature of these financial instruments.

Derivative financial instruments: As a result of the group's financing activities, it is exposed to market risks from changes in interest and foreign currency exchange rates, which may adversely affect its operating results and financial position. When deemed appropriate, the group minimises risks from interest and foreign currency exchange rate fluctuations through the use of derivative financial instruments. The foreign currency forward rate contracts, interest rate swaps (excluding swaptions) and cross-currency interest rate swaps are valued using broker quotations, or market transactions in either the listed or over-the counter markets, adjusted for non-performance risk. As such, these derivative instruments are classified within level 2 of the fair value hierarchy. Due to the lack of Level 2 inputs for the swaption valuations, the group believe these valuations fall under Level 3 of the fair value hierarchy.

Senior notes, senior secured notes and credit facility: The fair values of the senior credit facility, senior notes and senior secured notes in the above table are based on the quoted market prices in active markets for the underlying third party debt and incorporate non-performance risk. Accordingly, the inputs used to value the senior notes and senior secured notes are classified within level 1 of the fair value hierarchy.

During the year, there were no transfers between Level 1, Level 2 and Level 3.

23 Equity share capital

	2018 £ '000	2017 £ '000
<i>Allotted, called up and fully paid:</i>		
76,184 (2017 - 92,456) ordinary shares of £1 each	<u>76</u>	<u>92</u>

During 2018 VMFH Limited, a subsidiary of the company, distributed its holding of 18,260 ordinary £1 shares that it held in the company to the company. The shares, together with the associated share premium of £2,880.2 million, were subsequently cancelled. The company also issued 1,988 ordinary £1 shares in exchange for ordinary shares in CableTel Scotland Limited and CableTel West Riding Limited, fellow subsidiaries of the Virgin Media group, with a value of £182.9 million.

24 Share-based payments

The group's employees are entitled to partake in Liberty Global plc share-based schemes. These share schemes consist of stock options and performance plans including stock appreciation rights ("SARs"), performance-based share appreciation rights ("PSARs"), restricted stock, restricted stock units ("RSUs") and performance share units ("PSUs"). The schemes provide share based compensation to individuals under the conditions describe below. The grant date fair values for options, share appreciation rights (SARs) and performance-based share appreciation rights (PSARs) are estimated using the Black-Scholes option pricing model, and the grant date fair values for restricted share units (RSUs) and performance-based restricted share units (PSUs) are based upon the closing share price of Liberty Global ordinary shares on the date of grant. We calculate the expected life of options and SARs granted by Liberty Global to employees based on historical exercise trends. The arrangements are equity settled with the employees. Liberty Global recharges the group for share schemes made available to the group employees.

Full detailed information on the group's share based payments are disclosed in the financial statements of Virgin Media Inc. which are available on Liberty Global's website at www.libertyglobal.com.

The income statement charge for share based payments for the year was £27.2 million (2017: £19.9 million).

Liberty Global Share Incentive Plans

As of 31 December 2018, Liberty Global was authorized to grant incentive awards under the Liberty Global 2014 Incentive Plan. Generally, the compensation committee of Liberty Global's board of directors may grant non-qualified share options, SARs, restricted shares, RSUs, cash awards, performance awards or any combination of the foregoing (collectively, awards). Ordinary shares issuable pursuant to awards made under these incentive plans will be made available from either authorized but unissued shares or shares that have been issued but reacquired by Liberty Global. Awards may be granted at or above fair value in any class of ordinary shares. The maximum number of Liberty Global ordinary shares with respect to which awards may be issued under the Liberty Global 2014 Incentive Plan is 105 million (of which no more than 50.25 million shares may consist of Class B ordinary shares), subject to anti-dilution and other adjustment provisions in the respective plan. As of 31 December 2018, the Liberty Global 2014 Incentive Plan had 46,220,904 ordinary shares available for grant.

Awards (other than performance-based awards) under the (i) Liberty Global 2014 Incentive Plan and (ii) VM Incentive Plan after June 7, 2013 generally (a) vest 12.5% on the six month anniversary of the grant date and then vest at a rate of 6.25% each quarter thereafter and (b) expire seven years after the grant date. RSUs vest on the date of the first annual general meeting of Liberty Global shareholders following the grant date. These awards may be granted at or above fair value in any class of ordinary shares. No further awards will be granted under the VM Incentive Plan.

Liberty Global Performance Awards

The following is a summary of the material terms and conditions with respect to Liberty Global's performance-based awards for certain executive officers and key employees for which awards were granted under the Liberty Global Incentive Plan and the Virgin Media Incentive Plan.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

24 Share-based payments (continued)

Liberty Global PSUs

In March 2015, Liberty Global's compensation committee approved the grant of PSUs to executive officers and key employees (the 2015 PSUs). The performance plan for the 2015 PSUs covered a two-year period ending 31 December 2016 and included a performance target based on the achievement of a specified compound annual growth rate (CAGR) in a consolidated operating cash flow metric (as defined in the applicable underlying agreement). The performance target was adjusted for events such as acquisitions, dispositions and changes in foreign currency exchange rates that affect comparability (OCF CAGR), and the participant's annual performance ratings during the two-year performance period. Participants earned 99.5% of their targeted awards under the 2015 PSUs, which vested 50% on each of 1 April 2017 and 1 October 2017.

In February 2016, Liberty Global's compensation committee approved the grant of PSUs to executive officers and key employees (the 2016 PSUs) pursuant to a performance plan that is based on the achievement of a specified OCF CAGR during the three-year period ending December 31, 2018. The 2016 PSUs require delivery of a compound annual growth rate of our consolidated OCF CAGR of 6.0% during the three-year performance period, with over- and under-performance payout opportunities should the OCF CAGR exceed or fail to meet the target, as applicable. The performance payout may be adjusted at the compensation committee's discretion for events that may affect comparability, such as changes in foreign currency exchange rates and accounting principles or policies. The 2016 PSUs will vest 50% on each of 1 April 2019 and 1 October 2019. During 2018, the compensation committee of Liberty Global's board of directors approved the grant of PSUs to executive officers and key employees (the 2018 PSUs) pursuant to a performance plan that is based on the achievement of a specified Adjusted OIBDA CAGR during the two-year period ending 31 December 2019. The 2018 PSUs include over- and under performance payout opportunities should the Adjusted OIBDA CAGR exceed or fail to meet the target, as applicable. A performance range of 50% to 125% of the target Adjusted OIBDA CAGR will generally result in award recipients earning 50% to 150% of their target 2018 PSUs, subject to reduction or forfeiture based on individual performance. The earned 2018 PSUs will vest 50% on 1 April 2020 and 50% on 1 October 2020. The target Adjusted OIBDA CAGR for the 2018 PSUs was determined on 26 October 2018 and, accordingly, associated compensation expense has been recognized prospectively from that date.

Liberty Global Challenge Performance Awards

Effective 24 June 2013, Liberty Global's compensation committee approved the Challenge Performance Awards, which consisted solely of PSARs for Liberty Global's senior executive officers and a combination of PSARs and PSUs for other executive officers and key employees. Each PSU represented the right to receive one Liberty Global or LiLAC Class A or Class C ordinary share, as applicable. The performance criteria for the Challenge Performance Awards was based on the participant's performance and achievement of individual goals in each of the years 2013, 2014 and 2015. As a result of satisfying performance conditions, 100% of the then outstanding Challenge Performance Awards vested and became fully exercisable on 24 June 2016. The PSARs have a term of seven years and base prices equal to the respective market closing prices of the applicable class on the grant date.

Virgin Media Stock Incentive Plans

Equity awards were granted to certain of the group's employees, prior to Liberty Global's acquisition of Virgin Media in June 2013, under certain incentive plans maintained and administered by the group and no new grants will be made under these incentive plans. The equity awards granted include stock options, restricted shares, RSUs and performance awards. Awards under the VM Incentive Plan have a 10-year term and become fully exercisable within five years of continued employment.

25 Reserves

Equity share capital

The balance classified as share capital represents the nominal value on issue of the company's equity share capital, comprising £1 ordinary shares.

Share premium account

Share premium represents the amount of consideration received for the company's equity share capital in excess of the nominal value of shares issued.

Treasury share reserve

The treasury share reserve was created in 2014 and subsequently cancelled in 2018 as a result of group wide restructures involving the company and fellow Virgin Media group companies

Other capital reserves comprising merger reserve and capital contributions

The results of subsidiary undertakings acquired through group reorganisations have given rise to the requirement to make adjustments on consolidation in the merger reserve.

Unrealised gains and losses

This reserve records the portion of gain or loss on hedging instruments that are determined to be effective hedges, and the exchange differences on retranslation of foreign operations.

Foreign currency translation reserve

This reserve records the gain or loss on the retranslation of subsidiary undertakings with functional currencies other than pound sterling.

Retained earnings

This reserve records all current and prior period retained profit and losses.

26 Capital commitments

	2018 £ million	2017 £ million
Amounts contracted for but not provided in the accounts	314.3	415.6

27 Contingencies

The group's application of VAT with respect to certain revenue generating activities has been challenged by the U.K. tax authorities. The group has estimated its maximum exposure in the event of an unfavourable outcome to be £47 million and has accrued £41.0 million as of 31 December 2018, as the likelihood of loss is considered probable. A court hearing was held at the end of September 2014 in relation to the U.K. tax authorities' challenge and a decision is expected in 2019.

On 19 March 2014, the U.K. government announced a change in legislation with respect to the charging of VAT in connection with prompt payment discounts such as those that the group offer to fixed-line telephony customers. This change, which took effect on 1 May 2014, impacted the group and some of its competitors. The U.K. tax authority issued a decision in the fourth quarter of 2015 challenging the group's application of the prompt payment discount rules prior to the 1 May 2014 change in legislation. The group appealed this decision. As part of the appeal process, the group were required to make aggregate payments of £67.0 million, comprising of the challenged amount of £63.7 million (which the group paid during the fourth quarter of 2015) and related interest of £3.3 million (which the group paid during the first quarter of 2016). No provision was recorded by the group at that time as the likelihood of loss was not considered to be probable. The aggregate amount paid does not include penalties, which could be significant in the event that penalties were to be assessed. In September 2018, the court rejected the group's appeal and ruled in favor of the U.K. tax authority. Accordingly, during the third quarter of 2018, the group recorded a provision for litigation of £63.7 million and related interest expense of £3.3 million in the group's income statement. The First Tier Tribunal gave permission to appeal to the Upper Tribunal and the group submitted grounds for appeal on 22 February 2019.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

27 Contingencies (continued)

The group expect the hearing to take place in the first half of 2020, however, no assurance can be given as to the ultimate outcome of this matter.

28 Pension and other post-retirement benefits

The group operates two defined benefit schemes in the U.K., the NTL Pension Plan and the 1999 ntl Pension Scheme, and one defined benefit scheme in Ireland, Virgin Media Ireland Limited Defined Benefit Plan, which provide both pensions in retirement and death benefits to members. Pension benefits are related to the members' final salary at retirement and their length of service.

Defined contribution plans

The group contributes to the Virgin Media sponsored group personal pension plans of eligible employees. Contributions are charged to the Group Income Statement as they become payable, in accordance with the rules of the plans.

Contributions to the defined contribution plans during the period were £24.5 million (2017 - £22.4 million). The amount of outstanding contributions at 31 December 2018 included within current liabilities was £3.6 million (2017 - £3.0 million).

Defined benefit plans

The group recognises any actuarial gains and losses in each period in the Group Statement of Comprehensive Income.

• 1999 ntl Pension Scheme

A subsidiary, Virgin Media Limited, operates a funded pension plan providing defined benefits ("1999 ntl Pension Plan"). The plan has never been opened to new entrants except when the plan began and subsequently on 31 May 2007, on both occasions new members were transferred from other existing plans. The Plan was closed to future accrual on 31 January 2014. The assets of the plan are held separately from those of the company, being invested in units of exempt unit trusts. The plan is funded by the payment of contributions to separately administered trust funds. The pension costs are determined with the advice of independent qualified actuaries on the basis of triennial valuations using the projected unit credit method.

• NTL Pension Plan

A subsidiary, Virgin Media Limited, operates a funded pension plan providing defined benefits ("NTL Pension Plan"). The pension plan was closed to new entrants as of 6 April 1998. The Plan was closed to future accrual on 31 January 2014. The assets of the plan are held separately from those of the company, in an independently administered trust. The plan is funded by the payment of contributions to this separately administered trust. The pension costs are determined with the advice of independent qualified actuaries on the basis of triennial valuations using the projected unit credit method.

• Virgin Media Ireland Limited Defined Benefit Plan

A subsidiary, Virgin Media Ireland Limited, operates a funded pension plan providing defined benefits ("Virgin Media Ireland Limited Defined Benefit Plan" previously called the "UPC Communications Ireland Limited Defined Benefit Plan"). The Plan was closed to future accrual on 31 July 2015. The assets of the plan are held separately from those of the company, in an independently administered trust. The plan is funded by the payment of contributions to this separately administered trust. The pension costs are determined with the advice of independent qualified actuaries on the basis of triennial valuations using the projected unit credit method.

The plans' assets are measured at fair value. The plans' liabilities are measured using the projected unit method and discounted at the current rate of return on a high quality corporate bond.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

28 Pension and other post-retirement benefits (continued)

The table below provides summary information on the group's defined benefit plans:

	2018	2017
	£ million	£ million
Projected benefit obligation	(563.1)	(623.5)
Fair value of plan assets	645.0	684.8

1999 ntl Pension Scheme and NTL Pension Plan have been disclosed within the "UK" figures.

Virgin Media Ireland Limited Defined Benefit Plan is shown within the "Ireland" figures.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

28 Pension and other post-retirement benefits (continued)

The group's pension plan weighted-average asset allocations by asset category at 31 December 2018 and 31 December 2017 were as follows:

2018	UK long term rate of return	UK total	Ireland long term rate of return	Ireland total
		£ million		£ million
Equities	5.8%	73.4	2.2%	9.8
Property	5.8%	3.0	0.0%	-
Corporate bonds	2.8%	33.4	2.2%	11.2
Government bonds	1.8%	66.0	0.0%	-
Hedge funds	5.3%	212.8	0.0%	-
Insurance policy (buy-in)	2.8%	171.0	0.0%	-
Cash and other	1.8%	60.1	2.2%	4.2
Total market value of assets		<u>619.7</u>		<u>25.2</u>
Present value of plan liabilities		(530.0)		(33.1)
Net pension asset/(liability)		<u>89.7</u>		<u>(7.9)</u>
2017	UK long term rate of return	UK total	Ireland long term rate of return	Ireland total
		£ million		£ million
Equities	5.7%	100.8	2.1%	11.4
Property	5.7%	3.5	0.0%	-
Corporate bonds	2.4%	35.8	2.1%	9.6
Government bonds	1.6%	114.5	0.0%	-
Hedge funds	5.2%	180.3	0.0%	-
Insurance policy (buy-in)	2.4%	190.1	0.0%	-
Cash and other	1.7%	34.4	2.1%	4.4
Total market value of assets		<u>659.4</u>		<u>25.4</u>
Present value of plan liabilities		(588.8)		(34.7)
Net pension asset/(liability)		<u>70.6</u>		<u>(9.3)</u>

The trustees of NTL Pension Plan purchased an insurance contract that will pay an income stream to the plan which is expected to match all future cash outflows in respect of certain liabilities. The fair value of this insurance contract is presented as an asset of the plan and is measured based on the future cash flows to be received under the contract discounted using the same discount rate used to measure the associated liabilities.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

28 Pension and other post-retirement benefits (continued)

Actuarial assumptions

The following are the principal actuarial assumptions at the reporting date (expressed as weighted averages):

	2018		2017	
	UK	Ireland	UK	Ireland
Discount rate	2.8%	2.2%	2.4%	2.1%
Future salary increases	3.2%	0.0%	3.2%	0.0%

The assumption for future salary increases is no longer applicable for the Virgin Media Ireland Limited Defined Benefit Plan after 31 July 2015 as the Plan was closed to future accrual from this date and benefits are no longer linked to salaries. Members of the U.K. pension schemes who remained employed by the group retain their salary link for revaluation of their deferred benefits.

The assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 60-year old to live for a number of years as follows:

	UK	
	2018	2017
Current pensioner aged 60 (male)	27.2	27.4
Current pensioner aged 60 (female)	29.0	28.8
Future retiree upon reaching 60 (male)	28.7	28.6
Future retiree upon reaching 60 (female)	30.6	30.4

The assumptions for the Virgin Media Ireland Limited pension scheme are equivalent to expecting a 65-year old to live for a number of years as follows:

	Ireland	
	2018	2017
Current pensioner aged 65 (male)	22.4	22.3
Current pensioner aged 65 (female)	24.3	24.4
Future retiree upon reaching 65 (male)	24.1	24.0
Future retiree upon reaching 65 (female)	26.1	26.0

Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to the assumptions set out above. The following table summarises how the impact on the defined benefit obligation at the end of the reporting period would have increased/(decreased) as a result of a change in the respective assumptions by one percent.

	2018		2017	
	UK	Ireland	UK	Ireland
Discount rate	(22.0)	(1.5)	(24.4)	(1.7)
Inflation	3.1	0.4	3.4	0.4

In valuing the liabilities of the UK pension fund at 31 December 2018, mortality assumptions have been made as indicated above. If life expectancy had been changed to assume that all members of the fund lived for one year longer, the value of the reported liabilities at 31 December 2018 would have increased by £23.9 million before deferred tax for the UK pensions. Life expectancy sensitivity assessment has not been carried out on the Virgin Media Ireland Limited Defined Benefit Plan.

The above sensitivities are based on the average duration of the benefit obligation determined at the date of the last full actuarial valuation at 31 December 2017 and 31 December 2018 respectively for the UK and Ireland. These are applied to adjust the defined benefit obligation at the end of the reporting period for the assumptions concerned. Whilst the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation to the sensitivity of the assumptions shown.

Funding

The group expects to contribute £2.5 million to the defined benefit pension plans in 2019.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

29 Related party transactions

During the year, the group entered into transactions in the ordinary course of business with other related parties. Transactions entered into during the year, and trading balances outstanding at 31 December with other related parties, are as follows:

<i>Related party</i>	Services rendered to related party £ million	Services rendered by related party £ million	Interest charged to related party £ million	Interest charged by related party £ million	Amounts owed by related party £ million	Amounts owed to related party £ million
Parent undertakings						
2018	-	-	-	-	-	(33.0)
2017	-	-	-	(4.7)	-	(27.7)
Fellow subsidiary undertakings						
2018	-	-	-	-	-	(3.7)
2017 (restated)	-	-	1.2	-	9.4	-
Liberty Global group undertakings						
2018	-	(156.9)	313.4	(0.3)	46.8	(63.9)
2017 (restated)	-	(129.4)	318.9	(0.3)	83.2	(13.4)

Parent undertakings

The group is headed by Virgin Media Inc. and has been indebted to the group, which receives interest income according to the terms of each loan agreement. The group recharges the ultimate parent company for certain costs directly attributed to the operations of that company including allocable payroll and related expenses.

Fellow subsidiary undertakings

The net recovery of debts by Virgin Media Limited relating to the customers of fellow subsidiary undertakings, namely Virgin Media Mobile Finance Limited, through centralised debt collection and treasury operations, generates trading balances which are offset by operating expenses and capital purchases that are also recharged by Virgin Media Limited. Virgin Media Limited is an indirect subsidiary of the company whilst Virgin Media Mobile Finance Limited is outside the group headed by the company.

Liberty Group undertakings

The company's ultimate parent is Liberty Global plc which also controls the group and the Virgin Media group. Certain debt raised by the group has been passed up to Liberty Global entities that sit outside the Virgin Media group. The debt of £4,826.0 million (see note 13) attracts interest which Liberty Global entities pay to the group according to the terms of each loan arrangement.

Terms and conditions of transactions with related parties

The terms of the loans payable to parent undertakings are as outlined in note 18. Certain expenses are specifically attributable to each company in the group. Where costs are incurred by Virgin Media Limited on behalf of other group companies, expenses are allocated to the other group companies on a basis that, in the opinion of the directors, is reasonable.

Compensation of key management personnel (including directors)

The compensation paid or payable to key management for employee services is shown below:

	2018 £ million	2017 £ million
Short-term employee benefits	4.2	3.9
Post-employment benefits	-	0.1
Non-equity incentive plan	3.4	1.0
Share based payments	1.9	2.9
	9.5	7.9

Key management represents directors and members of Virgin Media's Executive Committee.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

30 Change in significant accounting policies

The group has applied IFRS 15 using the retrospective with cumulative effect method - i.e. by recognising the cumulative effect of initially applying IFRS 15 as an adjustment to the opening balance of equity at 1 January 2018. Therefore, the comparative information has not been restated and continues to be reported under IAS 18 and IAS 11. The details of the significant changes and quantitative impact of the changes are set out below.

The following tables summarise the quantitative impact of adopting IFRS 15 on the group's financial statements for the year ending 31 December 2018:

	As reported £ million	Adjustments £ million	Balances without adoption of £ million
Balance sheet			
Debtors due after one year	37.4	(10.4)	27.0
Debtors due within one year	628.5	(16.1)	612.4
Creditors due within one year	1,663.0	0.7	1,663.7
Creditors due after one year	36.8	0.3	37.1
Income statement and statement of other comprehensive income			
Revenue	5,150.3	(25.7)	5,124.6
Cost of sales	(1,621.5)	-	(1,621.5)

The following table summarises the impact, net of tax, of transition to IFRS 15 on retained earnings at 1 January 2018:

	Impact of adopting IFRS 15 £ million
Retained earnings	
Balance before adopting IFRS 15 as at 31 December 2017	2,802.3
IFRS 15 adjustment	42.0
Balance under IFRS 15 at January 2018	<u>2,844.3</u>

Contract Balances

If the group transfer goods or services to a customer but do not have an unconditional right to payment, the group record a contract asset. Contract assets typically arise from the uniform recognition of introductory promotional discounts over the contract period and accrued revenue for handset sales. The group's contract assets were £23.8 million and £0.5 million as of 31 December 2018 and 1 January 2018, respectively. The current and long-term portions of our contract asset balance at 31 December 2018 are included within trade and other receivables in the group balance sheet.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

30 Change in significant accounting policies (continued)

The group record deferred revenue when we receive payment prior to transferring goods or services to a customer. The group primarily defer revenue for installation and other upfront services and other services that are invoiced prior to when services are provided. The group's deferred revenue balances were £396.5 million and £412.9 million as of 31 December 2018 and 1 January 2018 respectively. The decrease in deferred revenue during 2018 is primarily due to £374.0 million of revenue recognised that was included in the group's deferred revenue balance at 1 January 2018, partially offset by advanced billings recorded during the period. The current and long-term portions of the group's deferred revenue balance at 31 December 2018 are included within trade and other payables in the group balance sheet.

Contract Costs

The group's aggregate assets associated with incremental costs to obtain and fulfill our contracts were £44.4 million and £41.7 million at 31 December 2018 and 1 January 2018, respectively. The current and long-term portions of our assets related to contract costs at 31 December 2018 are included within Trade and other receivables in the group balance sheet.

Unsatisfied Performance Obligations

A large portion of the group's revenue is derived from customers who are not subject to contracts. Revenue from customers who are subject to contracts is generally recognised over the term of such contracts, which is typically 12 months for our residential service contracts, one to three years for our mobile service contracts and one to five years for our B2B service contracts.

Virgin Media Finance PLC
Notes to the Group Financial Statements
for the year ended 31 December 2018

31 Principal subsidiary undertakings (continued)

The company has issued a guarantee under Section 479(C) of the Companies Act 2006 for the year ended 31 December 2018 in respect of the subsidiaries listed above in section "Indirect shareholdings – guaranteed under Section 479(C) of the Companies Act 2006". The company guarantees all outstanding liabilities to which the subsidiary company is subject to at 31 December 2018, until they are satisfied in full and the guarantee is enforceable against the company by any person to whom the subsidiary company is liable in respect of those liabilities. These active subsidiaries have taken advantage of the exemption from audit of individual accounts for the year ended 31 December 2018 by virtue of Section 479(A) of the Companies Act 2006.

The guarantee under Section 479(C) of the Companies Act 2006 is in respect of the above subsidiaries, the majority of which are 100% owned, either directly or indirectly.

The company will issue a guarantee under Section 394(C) of the Companies Act 2006 for the year ended 31 December 2018 in respect of the wholly owned dormant subsidiaries listed above in section "Indirect shareholdings – guaranteed under Section 394(C) of the Companies Act 2006". The company guarantees all outstanding liabilities to which the subsidiary company is subject to at 31 December 2018, until they are satisfied in full and the guarantee is enforceable against the company by any person to whom the subsidiary company is liable in respect of those liabilities. These dormant subsidiaries have taken advantage of the exemption from preparing individual accounts for the year ended 31 December 2018 by virtue of Section 394(A) of the Companies Act 2006.

The guarantee under Section 394(C) of the Companies Act 2006 is in respect of the above subsidiaries, the majority of which are 100% owned, either directly or indirectly.

32 Parent undertaking and controlling party

The company's immediate parent undertaking is Virgin Media Communications Limited.

The smallest and largest group of which the company is a member and in to which the company's accounts were consolidated at 31 December 2018 are Virgin Media Inc. and Liberty Global plc, respectively.

The company's ultimate parent undertaking and controlling party at 31 December 2018 was Liberty Global plc.

Copies of the Virgin Media group accounts referred to above which include the results of the company are available from the company secretary, Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

In addition copies of the consolidated Liberty Global plc accounts are available on Liberty Global's website at www.libertyglobal.com.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

1 Company information

Virgin Media Finance PLC (the “company”) is a private company incorporated, domiciled and registered in England in the UK. The registered number is 05061787 and the registered address is Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

2 Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

2.1 Basis of accounting

These financial statements were prepared on a going concern basis and under the historical cost basis in accordance with the Companies Act 2006 and the Financial Reporting Standard 101 Reduced Disclosure Framework (“FRS 101”).

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU (“Adopted IFRSs”), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The company’s ultimate parent undertaking, Liberty Global plc, includes the company in its consolidated financial statements. The consolidated financial statements of Liberty Global plc are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from Liberty Global’s website at www.libertyglobal.com.

In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures, where required equivalent disclosures are included within the company’s consolidated financial statements:

- a cash flow statement and related notes;
- disclosures in respect of related party transactions with fellow group undertakings;
- disclosures in respect of capital management;
- the effects of new but not yet effective IFRSs;
- disclosures in respect of the compensation of key management personnel; and
- disclosures of transactions with a management entity that provides key management personnel services to the company.

As the consolidated financial statements of the company include the equivalent disclosures, the company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- IFRS 2 Share Based Payments in respect of group settled share based payments; and
- certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

No profit and loss account is presented by the company as permitted by Section 408 of the Companies Act 2006.

2.2 Going concern

Notwithstanding net liabilities of £2,182.2 million as at 31 December 2018 and a loss for the year then ended of £495.7 million, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company is either a direct or indirect parent of substantially all of the trading companies in the Virgin Media group and heads the Virgin Media Finance plc group which include substantially all of the trade and assets of the overall Virgin Media group. Whilst forecasts and projections, which take account of reasonably possible changes in trading performance, have not been prepared at a Virgin Media Finance PLC group level, they have been prepared for the Virgin Media group as a whole. These forecasts and projections showed that cash on hand, together with cash from operations and the undrawn revolving credit facility, are expected to be sufficient for the Virgin Media group's and hence the group's cash requirements through to at least 30 June 2020.

It is not Virgin Media's practice to prepare forecasts and projections for individual entities that are wholly owned by the group, as operational and financial management is undertaken at a group level. However forecasts and projections have been prepared for the Virgin Media group as a whole and these showed that cash on hand, together with cash from operations and the undrawn revolving credit facility, are expected to be sufficient for the Virgin Media group's and hence the company's cash requirements through to at least 12 months from the approval of these financial statements.

2.3 Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. The resulting exchange differences are taken to the profit and loss account.

2.4 Interest bearing loans and borrowings

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs. After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Gains and losses arising on the repurchase, settlement or otherwise cancellation of liabilities are recognised respectively in finance income and finance costs.

Finance costs which are incurred in connection with the issuance of debt are deferred and set off against the borrowings to which they relate. Deferred finance costs are amortised over the term of the related debt using the effective interest method.

2.5 Investments

Investments are recorded at cost, less provision for impairment as appropriate. The company assesses at each reporting date whether there is an indication that an investment may be impaired. If any such indication exists, the company makes an estimate of the investment's recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. A previously recognised impairment loss is reversed only if there was an event not foreseen in the original impairment calculations, such as a change in use of the investment or a change in economic conditions. The reversal of impairment loss would be to the extent of the lower of the recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior years.

2.6 Derivative financial instruments and hedging

The group has established policies and procedures to govern the management of its exposure to interest rate and foreign currency exchange rate risks, through the use of derivative financial instruments, including interest rate swaps, cross-currency interest rate swaps and foreign currency forward rate contracts.

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value at each balance sheet date.

Derivatives are recognised as financial assets when the fair value is positive and as liabilities when the fair value is negative.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

2 Accounting policies (continued)

The foreign currency forward rate contracts, interest rate swaps and cross-currency interest rate swaps are valued using internal models based on observable inputs, counterparty valuations or market transactions in either the listed or over-the-counter markets, adjusted for non-performance risk. Non-performance risk is based upon quoted credit default spreads for counterparties to the contracts and swaps. Derivative contracts which are subject to master netting arrangements are not offset and have not provided, nor require, cash collateral with any counterparty.

While these instruments are subject to the risk of loss from changes in exchange rates and interest rates, these losses would generally be offset by gains in the related exposures. Financial instruments are only used to hedge underlying commercial exposures. The group does not enter into derivative financial instruments for speculative trading purposes, nor does it enter into derivative financial instruments with a level of complexity or with a risk that is greater than the exposure to be managed.

For derivatives which are designated as hedges, the hedging relationship is documented at its inception. This documentation identifies the hedging instrument, the hedged item or transaction, the nature of the risk being hedged and how effectiveness will be measured throughout its duration. Such hedges are expected at inception to be highly effective.

The group designates certain derivatives as either fair value hedges, when hedging exposure to variability in the fair value of recognised assets or liabilities or firm commitments, or as cashflow hedges, when hedging exposure to variability in cash flows that are either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Derivatives that are not part of an effective hedging relationship, as set out in IAS 39, must be classified as held for trading and measured at fair value through profit or loss.

The treatment of gains and losses arising from revaluing derivatives designated as hedging instruments depends upon the nature of the hedging relationship and are treated as follows:

Cash flow hedges

For cash flow hedges, the effective portion of the gain or loss on the hedging instrument is recognised directly in other comprehensive income, while the ineffective portion is recognised in profit or loss. Amounts taken to other comprehensive income are reclassified to the profit and loss account when the hedged transaction is recognised in profit or loss, such as when a forecast sale or purchase occurs, in the same line of the profit and loss account as the recognised hedged item. Where the hedged item is the cost of a non-financial asset or liability, the gains and losses previously accumulated in equity are transferred to the initial measurement of the cost of the non-financial asset or liability.

If a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked, amounts previously recognised in other comprehensive income remain in equity until the forecast transaction occurs and are reclassified to the profit and loss account.

Fair value hedges

For fair value hedges, the changes in the fair value of the hedging instrument are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in the line of the profit and loss account relating to the hedged item.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked, then the fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

3 Judgements in applying accounting policies and key sources of estimation uncertainty

In the process of applying the company's accounting policies which are described above, management has not made any critical judgements that have a significant effect on the amounts recognised in the financial statements, except for:

Carrying value of investments

Investments are held at cost less any necessary provision for impairment. Where the impairment assessment did not provide any indication of impairment, no provision is required. If any such indications exist, the carrying value of an investment is written down to its recoverable amount.

Recoverability of intercompany debtors

Intercompany debtors are stated at their recoverable amount less any necessary provision. Recoverability of intercompany debtors is assessed annually and a provision is recognised if any indications exist that the debtor is not considered recoverable.

Fair value measurement of financial instruments

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date (see note 9).

4 Loss attributable to members of the parent company

The loss in the accounts of the parent company was £495.7 million (2017: loss of £27.7 million).

5 Investments

	£ million
Cost and net book value:	
At 1 January 2018	4,513.6
Additions	185.8
At 31 December 2018	<u>4,699.4</u>
Net book value:	
At 31 December 2018	<u>4,699.4</u>
At 31 December 2017	<u>4,513.6</u>

On 28 November 2018 the company issued 1,988 new ordinary shares to Virgin Media Communications Limited, a fellow group undertaking, in exchange for 100% of the shares of CableTel West Riding Limited and 91.28% shares in CableTel Scotland Limited. In addition it paid £2.7 million for the remaining 8.72% shares in CableTel Scotland Limited.

On the same day, the company transferred 100% of the shares of CableTel Scotland Limited and CableTel West Riding Limited to Virgin Media Investment Holdings Limited, a fellow group undertaking, in exchange for four shares of Virgin Media Investment Holdings Limited.

Details of the principal investments in which the group or the company holds at least 20% of the nominal value of any class of share capital, all of which are unlisted, can be seen in note 30 to the consolidated financial statements.

In the opinion of the directors the aggregate value of the investments in subsidiary undertakings is not less than the amount at which they are stated in the financial statements.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

6 Debtors

	2018 £ million	2017 £ million
Due after one year		
Loan notes due from group undertakings	2,277.8	943.7
Derivative financial assets	372.5	38.9
	<u>2,650.3</u>	<u>982.6</u>
Due within one year		
Interest receivable on loan notes due from group undertakings	-	13.5
Amounts owed by group undertakings	-	1.5
Derivative financial assets	55.7	4.4
	<u>55.7</u>	<u>19.4</u>

Amounts owed by group undertakings due after one year represent loan notes which had a carrying value of £2,277.8 million (2017 - £943.7 million) at the balance sheet date. Loan notes are denominated in sterling, bear interest of 5.08% and mature in April 2026.

7 Creditors: amounts falling due within one year

	2018 £ million	2017 £ million
Derivative financial liabilities	5.5	-
Interest on loan notes due to group undertakings	19.9	102.5
Interest payable on senior notes	28.6	37.5
Amounts owed to group undertakings	75.6	84.9
Loan notes due to group undertakings	281.0	4,961.0
	<u>410.6</u>	<u>5,185.9</u>

Amounts owed to group undertakings due within one year include loan notes which had a carrying value of £281.0 million (2017 - £4,961.0 million) at the balance sheet date. Loan notes are denominated in sterling and U.S. dollar, bear interest ranging from 1.32% to 7.53% and are repayable on demand.

Amounts owed to group undertakings are unsecured, interest-free and repayable on demand.

8 Creditors: amounts falling due after more than one year

	2018 £ million	2017 £ million
Loan notes due to group undertakings	7,608.4	-
Senior notes	1,558.7	2,199.2
Derivative financial liabilities	9.9	-
	<u>9,177.0</u>	<u>2,199.2</u>

Loan notes due to group undertakings falling due after more than one year had a carrying value of £7,608.4 million (2017 - £nil) at the balance sheet date. Loan notes are denominated in sterling and U.S. dollar, bear interest ranging from 0.00% to 5.08%, and mature between April 2026 and January 2028.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

8 Creditors: amounts falling due after more than one year (continued)

Borrowings are repayable as follows:

	2018 £ million	2017 £ million
Amounts falling due:		
In more than two years but not more than five years	151.5	201.1

6.375% U.S. dollar senior notes due 2023	-	391.9
6.00% U.S. dollar senior notes due 2024	390.0	369.7
6.375% Sterling dollar senior notes due 2024	300.0	300.0
5.75% US dollar senior notes due 2025	313.8	295.8
4.5% Euro senior notes due 2025	413.3	408.9
	<u>1,569.1</u>	<u>2,218.3</u>
Less issue costs	(10.4)	(19.1)
Total senior notes	<u>1,558.7</u>	<u>2,199.2</u>

The company has the following senior notes in issue as at 31 December 2018:

- 1) 5.25% senior notes due 15 February 2022 – the principal amount at maturity is \$63.3 million. Interest is payable semi-annually on 15 February and 15 August commencing 15 August 2012.
- 2) 4.875% senior notes due 15 February 2022 – the principal amount at maturity is \$74.3 million. Interest is payable semi-annually on 15 February and 15 August commencing 15 February 2013.
- 3) 5.125% senior notes due 15 February 2022 – the principal amount at maturity is £44.1 million. Interest is payable semi-annually on 15 February and 15 August commencing 15 February 2013.
- 4) 6.00% senior notes due 15 October 2024 – the principal amount at maturity is \$497.0 million. Interest is payable semi-annually on 15 April and 15 October commencing 15 April 2015.
- 5) 6.375% senior notes due 15 October 2024 – the principal amount at maturity is £300.0 million. Interest is payable semi-annually on 15 April and 15 October commencing 15 April 2015.
- 6) 5.75% senior notes due 15 January 2025 – the principal amount at maturity is \$400.0 million. Interest is payable semi-annually on 15 January and 15 July commencing 15 July 2015.
- 7) 4.5% senior notes due 15 January 2025 – the principal amount at maturity is €460.0 million. Interest is payable semi-annually on 15 January and 15 July commencing 15 July 2015.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

8 Creditors: amounts falling due after more than one year (continued)

Virgin Media Inc., a parent company of the company, and all the intermediate holding companies, guarantee the senior notes on a senior basis. Virgin Media Investment Holdings Limited, a direct wholly-owned subsidiary of the company, guarantees the senior notes on a senior subordinated basis and has no significant assets of its own other than its investments in its subsidiaries. The company has given a full and unconditional guarantee of all amounts payable under the terms of the Virgin Media group's senior secured credit facility and senior secured notes.

9 Financial instruments

	2018 £ million	2017 £ million
Financial assets		
Financial assets measured at fair value through profit or loss	428.2	43.3
Financial assets that are debt instruments measured at amortised cost	2,277.8	958.7
	<u>2,706.0</u>	<u>1,002.0</u>
Financial liabilities		
Financial liabilities measured at fair value through profit or loss	(15.4)	-
Financial liabilities measured at amortised cost	(9,572.2)	(7,385.1)
	<u>(9,587.6)</u>	<u>(7,385.1)</u>

Financial assets measured at fair value through profit or loss comprise interest rate swaps and cross currency interest rate swaps.

Financial assets measured at amortised cost comprise amounts owed by group undertakings.

Financial liabilities measured at fair value through profit or loss comprise interest rate swaps and cross currency interest rate swaps and certain other loans.

Financial liabilities measured at amortised cost comprise senior secured notes net of issue costs, interest payable on senior notes, amounts owed to group undertakings, accruals and deferred income.

Derivative financial instruments are designed to mitigate the risks experienced by the company. The company has obligations in a combination of U.S. dollars and sterling at fixed and variable interest rates. As a result, the company is exposed to variability in its cash flows and earnings resulting from changes in foreign currency exchange rates and interest rates.

The group's objective in managing its exposure to interest rate and foreign currency exchange rates is to decrease the volatility of its earnings and cash flows caused by changes in the underlying rates. The group has established policies and procedures to govern these exposures and has entered into derivative financial instruments including interest rate swaps, cross-currency interest swaps and foreign currency forward rate contracts. It is the group's policy not to enter into derivative financial instruments for speculative trading purposes, nor to enter into derivative financial instruments with a level of complexity or with a risk that is greater than the exposure to be managed. The amounts below include amounts relating to short term as well as long term creditors.

Financial and operational risk management is undertaken as part of the group's operations as a whole. These are considered in more detail in the consolidated financial statements of the group.

The derivative financial instruments held by the company are recorded at fair value on the balance sheet in accordance with IFRS 9 Financial Instruments. The fair values of these derivative financial instruments are valued using internal models based on observable inputs, counterparty valuations, or market transactions in either the listed or over-the counter markets, adjusted for non-performance risk.

The balance classified as share capital represents the nominal value on issue of the company's share capital, comprising £1 ordinary shares.

Share premium account

Share premium represents the amount of consideration received for the company's share capital in excess of the nominal value of shares issued.

Capital contribution

The £5 million capital contribution was received from Virgin Media Communications Limited as part of a comprehensive group restructuring in 2006.

Treasury shares reserve

The treasury share reserve represents the amount of the company's equity share capital together with share premium held by VMFH Limited, which is a wholly owned subsidiary of Virgin Media Finance PLC. VMFH Limited acquired 19.7% of the company's shares from Virgin Media Communications Limited on 29 December 2014. The company subsequently acquired 100% of the share capital of VMFH Limited from Virgin Media Communications Limited. During 2018, as result of a group wide restructure, VMFH distributed its shares in the company to the company which were subsequently cancelled.

Profit and loss account

Includes all current and prior period retained profits and losses.

Virgin Media Finance PLC
Notes to the Company Financial Statements
for the year ended 31 December 2018

12 Auditor's and directors' remuneration

Fees paid to KPMG LLP and its associates for non-audit services to the parent company itself are not disclosed in the individual accounts of Virgin Media Finance PLC because group financial statements are prepared which disclose such fees on a consolidated basis.

The directors received no remuneration for qualifying services as directors of this company. All directors' remuneration is paid and disclosed in the group's financial statements.

13 Guarantees

The company, along with fellow group undertakings, is party to a senior secured credit facility with a syndicate of banks. As at 31 December 2018, this comprised term facilities that amounted to £3,564 million (2017 - £3,410 million) and an outstanding balance of £nil (2017 - £nil) which was borrowed under revolving facilities of £675 million (2017 - £675 million). Borrowings under the facilities are secured against the assets of certain members of the group including those of this company.

In addition, a fellow group undertaking has issued senior secured notes which, subject to certain exceptions, share the same guarantees and security which have been granted in favour of the senior secured credit facility. The amount outstanding under the senior secured notes at 31 December 2018 amounted to £4,938 million (2017 - £4,870 million). Borrowings under the notes are secured against the assets of certain members of the group including those of this company.

In May 2019, a fellow group undertaking issued senior secured notes with principal amounts of £300 million and \$825 million. The new senior secured notes rank pari passu with the group's existing senior secured notes and senior secured credit facility, and subject to certain exceptions, share in the same guarantees and security granted in favour of its existing senior secured notes. The net proceeds were used to redeem in full £687million and \$355 million outstanding principal amounts of existing senior secured and secured notes.

The company has joint and several liabilities under a group VAT registration.

14 Parent undertaking and controlling party

The company's immediate parent undertaking is Virgin Media Communications Limited.

The smallest and largest groups of which the company is a member and in to which the company's accounts were consolidated at 31 December 2018 are Virgin Media Finance PLC and Liberty Global plc, respectively.

The company's ultimate parent undertaking and controlling party at 31 December 2018 was Liberty Global plc.

Copies of group accounts referred to above which include the results of the company are available from the company secretary, Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

In addition copies of the consolidated Liberty Global plc accounts are available on Liberty Global's website at www.libertyglobal.com.
