Statement of accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost. Finance costs incurred during the development stage of a project are capitalised, along with site preparation costs, installation costs and connection costs. Once the project is commissioned, these costs are amortised over the estimated useful economic life of the asset constructed.

Depreciation is provided by the company to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives from commissioning as follows:

Plant and machinery	15 years
---------------------	----------

Taxation

Corporation tax is provided on taxable profits at the current rate applicable. Tax charges and credits are accounted for through the same primary statement (either the profit and loss account or statement of total recognised gains and losses) as the pre-tax item.

In accordance with Financial Reporting Standard 19, full provision is made for deferred taxation on a non discounted basis in respect of all timing differences. Deferred tax is calculated at rates at which it is estimated that the tax will arise.

Deferred tax assets are recognised to the extent they are more likely than not to be recovered.

Turnover

Turnover is derived from and recognised when electricity generated is exported to third party customers. All turnover arises solely within the United Kingdom.

Cash flow statement

Under Financial Reporting Standard 1 (revised), the company is exempt from the requirement to prepare a cash flow statement on the grounds that more than 90% of the voting rights are controlled within the group and the consolidated financial statements of CLPE Holdings Limited are publicly available.

Related party transactions

Under Financial Reporting Standard 8, the company is exempt from the requirement to disclose related party transactions with group entities on the grounds that more than 90% of the voting rights are controlled within the group and the consolidated financial statements of CLPE Holdings Limited are publicly available.
