**AUDITORS' REPORT TO THE MEMBERS OF
PRECIS (1748) LIMITED**

We have audited the financial statements on pages 4 to 10.

Respective responsibilities of Directors and auditors

The Directors are responsible for preparing the Annual Report. As described on pages 1 and 2, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the Directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we have also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Company's affairs as at 31 December 2000 and of its loss for the year ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the Accounts

for the year ended 31 December 2000

1 ACCOUNTING POLICIES

Basis of Preparation

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards in the United Kingdom.

The Company is a wholly owned subsidiary of Cannons Group PLC and its results and net assets are included in the consolidated financial statements of Cannons Group PLC which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing group accounts. The Company is also exempt from preparing a cash flow statement under the terms of Financial Reporting Standard 1 (Revised 1996) and exempt under the terms of Financial Reporting Standard 8 from disclosing related party transactions (but not balances) with entities that are part of Cannons Group PLC.

Investments

Investments in subsidiary undertakings are stated at the lower of cost or Directors' valuation.

Capital instruments

The Company has adopted the provisions of Financial Reporting Standard 4 'Capital instruments' ("FRS 4") which requires the amount of shareholders' funds attributable to equity and non-equity interests to be separately disclosed. Dividends for the year on the Company's redeemable preference shares have been appropriated through the profit and loss account. However, as the Company does not have sufficient distributable reserves in order to pay such preference share dividends, these dividends have been credited back within the profit and loss account reserves.

Financial derivative instruments and foreign exchange

From time to time the Company enters into certain cross-currency swap contracts, with other Companies within the Group, in order to reduce the Company's exposure to the risk of adverse movements in the exchange rates between Sterling and Euros during the period from issue of its redeemable preference shares until the date that the shares are redeemed. The value of the redeemable preference shares is therefore translated at the rate of exchange implied by the cross-currency swap contract, when such a contract is in place. If no such contract is in place the redeemable preference shares are translated at the exchange rate prevailing at year end.

Under these agreements the Company agrees with other parties to exchange, at specified intervals, the difference between the Sterling interest rates paid and the Euro interest rates received calculated by reference to the agreed notional amount. The term of such instruments is not greater than the term of the redeemable preference shares being hedged.

The differential paid or received by the Company on the swap agreement is charged/(credited) to the profit and loss appropriation reserve in the year to which it relates, as part of financing the convertible redeemable preference shares.

Deferred Taxation

Deferred taxation is computed using the liability method and provision is made only to the extent that it is probable that a liability will arise within the foreseeable future.

2 DIRECTORS' EMOLUMENTS

No Director received any remuneration from the Company during the year.

3 AUDITORS' REMUNERATION

The Company's audit fees are borne by Cannons Health & Fitness Limited a subsidiary of the ultimate parent company.

The Company incurred no corporation tax in the year (1999: nil). In 2000 tax losses of £2,299,000 arose in relation to the loss on closure of a cross-currency swap agreement and on interest on the cross currency swap agreement (note 5). The company has surrendered the benefit of these tax losses to fellow subsidiary undertakings. Accordingly no tax losses are available for carry-forward.

In accordance with the provisions of FRS 4, the Company has appropriated through the profit and loss account preference share dividends for the year on the Company's 3.18% redeemable preference shares.. However as the Company does not have sufficient distributable reserves in order to pay such preference share dividends, these dividends have been credited back within the profit and loss account reserves (note 8).

The non-equity shares represent cumulative preference shares redeemable on 20 December 2003, which do not carry any voting rights. They were issued in 1999 at £1 per share and the amounts payable on redemption total to €127,915,726. Precis (1748) Limited has the option to redeem the shares on or after 20 December 2000. Shareholders are entitled to receive dividends at 3.18% on €127,915,726 per annum payable on 20 December each year from 20 December 2000. On a winding up, the preference shareholders rank above ordinary shareholders and are entitled to receive €127,915,726 and any dividends accrued but unpaid in respect of their shares.

Because of the Euro exposure associated with the final amount payable on redemption of the preference shares, the Company entered into a cross-currency swap contract to hedge this exposure during part of the year. At the year-end a swap was in place and accordingly, the preference share capital is translated at the exchange rate implied by the swap contract, and valued at £78,224,000 in the balance sheet (1999: £79,549,000).
