Accountants' Report			<u>1</u>
Abbreviated Balance Sheet			<u>2 to 3</u>
Notes to the Abbreviated Accounts			<u>4 to 5</u>

The following reproduces the text of the accountants' report in respect of the company's annual financial statements, from which the abbreviated accounts (set out on pages 2 to 5) have been prepared.

**Chartered Accountants' Report to the Director on the Preparation of the Unaudited Statutory
Accounts of
Desktop Driving Limited
for the Year Ended 30 June 2014**

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the accounts of Desktop Driving Limited for the year ended 30 June 2014 set out on pages from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at icaew.com/membershandbook.

This report is made solely to the Board of Directors of Desktop Driving Limited, as a body, in accordance with the terms of our engagement letter. Our work has been undertaken solely to prepare for your approval the accounts of Desktop Driving Limited and state those matters that we have agreed to state to them, as a body, in this report in accordance with AAF 2/10 as detailed at icaew.com/compilation. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Desktop Driving Limited and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that Desktop Driving Limited has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profit of Desktop Driving Limited. You consider that Desktop Driving Limited is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of Desktop Driving Limited. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Asset class	Depreciation method and rate
Freehold property	1% reducing balance
Fixtures & Fittings	20% reducing balance

Fixed asset investments

Fixed asset investments are stated at historical cost less provision for any diminution in value.

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Deferred tax

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes, which have arisen but not reversed by the balance sheet date, except as required by the FRSSE. Deferred tax is measured at the rates that are expected to apply in the periods when the timing differences are expected to reverse, based on the tax rates and law enacted at the balance sheet date.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
