Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

## **PRINCIPAL ACTIVITY AND REVIEW OF THE BUSINESS**

All of the Company's business involves the leasing of commercial aero engines. The Company had an engine lease portfolio of 8 engines throughout the year (2009: 8 engines).

Both the level of business and the year-end financial position were satisfactory and the Directors expect that the general level of activity will be sustained for the foreseeable future.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

### 1. ACCOUNTING POLICIES

#### **Basis of Accounting**

The Financial Statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules

The Company is exempt from the requirement of Financial Reporting Standard No 1 to prepare a cash flow statement as it is a wholly-owned subsidiary undertaking of Alpha Partners Leasing Limited and its cash flows are included within the consolidated cash flow statement of that company

Under FRS8 the Company is exempt from the requirement to disclose related party transactions with the Alpha Partners Leasing Group and its joint venture undertakings on the grounds that it is a wholly-owned subsidiary undertaking of Alpha Partners Leasing Limited

Where the company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the Company considers these to be insurance arrangements, and accounts for them as such. In this respect, the Company treats the guarantee contract as a contingent liability until such time as it becomes probable that the Company will be required to make a payment under the guarantee

#### **Functional and Presentational Currency**

The Financial Statements are presented in US Dollars as the Company conducts its principal activities in US Dollars and therefore recognises US Dollars as its functional currency

#### **Foreign Currencies**

Assets and liabilities denominated in foreign currencies are translated into US dollars at the rate ruling at the year end. Exchange differences, including those arising from currency conversions in the usual course of trading, are taken into account in determining profit on ordinary activities before taxation

#### **Turnover**

Net income from operating leases is credited to the profit and loss account on a straight line basis

#### **Depreciation**

Fixed assets are depreciated on a straight line basis from the time that they are first brought into use so as to write off their cost, less estimated residual value, over the lesser of

- (ii) the anticipated remaining useful life of the airframe for which the engine is designed
