Notes to the Financial Statements
for the Year Ended 30 June 2021

1. **STATUTORY INFORMATION**

Himenz Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The accounts are prepared on a going concern basis, the use of the going concern basis of accounting is appropriate because there are no material uncertainties related to events or conditions that may cast significant doubt about the ability of the company to continue as a going concern.

In carrying out this assessment, the directors have considered the impact of the Covid-19 pandemic on the trade and finances of the company and wider group and they have taken steps to protect liquidity.

The directors are therefore satisfied that there is no significant risk to the ability of the company to continue as a going concern for at least 12 months from the date of approval of these financial statements.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Goodwill

Goodwill has been amortised fully.

Development cost

Development cost is amortised evenly over useful life of 5 years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- in accordance with the property
Improvements to property	- 25% on reducing balance
Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 25% on reducing balance

2. ACCOUNTING POLICIES - continued

Government grants

Government grant received during the year has been accounted according to the policy per FRS 102.

The performance model required that:

- (a) A grant that does not impose specified future performance-related conditions on the recipient is recognised in income when the grant proceeds are received or receivable.
- (b) A grant that imposes specified future performance-related conditions on the recipient is recognised in income only when the performance-related conditions are met.

The accrual method requires that:

- (a) An entity classifies a grant either as a grant relating to revenue or a grant relating to assets.
- (b) Grants relating to revenue are recognised in income on a systematic basis over the periods in which the entity recognises the related costs for which the grant is intended to compensate (Note: A grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs shall be recognised in income in the period in which it becomes receivable.)
- (c) Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit & Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 23 (2020 - 23) .
