#### 6. ADMINISTRATOR'S PROPOSALS

Attached at Appendix 2 is a summary of our proposals as deemed approved under Rule 2 33(5) of the Insolvency Rules 1986 in the absence of an initial meeting of creditors

## 7. SUMMARY OF STEPS TAKEN DURING THE ADMINISTRATION

Following the appointment, all statutory notices were issued to the Company, its director, creditors, shareholders and registrar of companies in accordance with the Insolvency Act. Notification was also issued to the Company's former accountants, solicitors and insurance brokers.

The director was issued with a letter detailing the effects of our appointment and a questionnaire to complete. A Notice to submit a Statement of Affairs was issued to the sole director, Mr Lawrence Hoffman. The Director's Statement of Affairs was not completed as Mr Hoffman sadly passed away prior to being able to complete it. The administrators, therefore, completed a makeshift Statement of Affairs for their internal files using the information, we were able to obtain prior to Mr Hoffman's passing. The Statement of Affairs was not submitted to Companies House.

Notification of the appointment of the administrators was published in the London Gazette Local advertising was not considered necessary as it was believed that all of the Company's creditors had been identified by the director

Throughout the administration the administrators maintained bank accounts held with National Westminster Bank and arrangements were made for the Company's bank account to be closed with the funds held being forwarded to the Administrators

The Company had a number of outstanding loans to various companies and individuals, the vast majority of which were sub-charged to one of the Company's three secured creditor banks. The administrators continued to enforce the Company's security by disposing of properties which had already been subject to enforcement, making attempts to reach settlement agreements with debtors of expired loans, and by commencing enforcement measures where agreements had not been or were unlikely to be reached. Enforcement measures included the appointment of Law of Property Act (LPA) receivers over properties located in England and Wales, or by taking possession of properties located in Scotland. The Law of Property Act is not applicable under Scotlish law meaning we were unable to appoint LPA receivers over these properties, having to deal with the matters as mortgagee in possession. Recoveries relating to these properties, including recovery of rental income and loan interest repayments amounted to £8,704,730.87. These recoveries are classed as fixed charge realisations, owing to the Banks' sub-charges.

In addition to the outstanding loans, the Company had been running a small number of titigation cases against property valuers for professional negligence. The administrators continued with the matters that had begun and commenced many more following a review of the Companies files to

determine whether any action may be necessary. Not all actions progressed to settlement, with six cases being dropped at various stages as advised by our lawyers for commercial reasons, uncertainty surrounding the defendant's ability to pay any judgement or the insolvency of the defendant concerned. However, the majority of cases did progress to settlement. Legal settlements totalled £3,546,591.08. The administrators took legal advice at the outset of the administration as to the status of legal settlements in terms of which creditors would be entitled to the net sums recovered. Advice indicates that these recoveries are classed a floating charge realisations, owing to the security documents held by the Company's secured creditors not explicitly covering the prospect of legal settlements, which would lead to the secured creditors being able to bring their own legal action for the same matters as the administrators had already

Other floating charge assets recovered by the administrators include cash held at the Company's bank upon our appointment, sales of office furniture and equipment, periodic recoveries of minimal sums for historic fees relating to loans the Company had dealt with prior to the administration, and sundry refunds paid to the Company during the administration. In total all floating charge recoveries totalled £3,603,260 88

Total distributions of both fixed and floating charge realisations made to the secured creditors amounted to £9,951,944 73. This figure is vastly more than had been anticipated by all involved in the administration at the outset.

The Company was never VAT registered, therefore, all VAT paid during the administration has been irrecoverable

#### 8. REMUNERATION AND DISBURSEMENTS

As previously reported our remuneration is fixed by reference to the time properly given by us (as administrators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLPfor attending to matters arising in the administration and we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9), in accordance with our firm's policy, details of which accompanied the Statement of Proposals of the Joint Administrators for Achieving the Purpose of the Administration pursuant to Paragraph 49 of Schedule B1 to the Insolvency Act 1986 and Rule 2 33 of the Insolvency Rules 1986

The relevant resolutions were approved by the secured creditors pursuant to Rule 2 106 of the Rules

Total remuneration drawn to 22 May 2015 in accordance with the above approval amounts to £898,666 Total time spent to 22 May 2015 on this assignment amounts to 4,777 40 hours at an average composite rate of £190 79 per hour resulting in total time costs to 22 May 2015 of £911,478 50

# SUMMARY OF ADMINISTRATORS' PROPOSALS, INCLUDING MAJOR AMENDMENTS TO AND DEVIATIONS FROM THEM

## Proposals deemed approved under Rule 2.33(5) of the Insolvency Rules 1986

- The Joint Administrators propose to realise the assets and undertaking of the Company in such a manner as they consider appropriate with a view to achieving the purposes set out in Paragraph 3(2) of Schedule B1 to the Insolvency Act 1986.
- 2. The Joint Administrators propose in the interim to take all necessary actions to preserve the value of the Company's assets.
- It is not our normal policy to seek blanket approval on our cases for an automatic 6 month extension to the Administration period, however, in this case given the complexities, the size of the loan book and the problematic nature of the remaining loan portfolio, the Administrators are of the view that there is little realistic prospect of the Administration being concluded within 12 months. It is proposed therefore that a 6 month extension be approved as part of the proposals once the initial statutory 12 month period has expired. If appropriate, the Joint Administrators propose to apply to Court under the provisions of Paragraph 76(2)(a) of Schedule B1 to the Insolvency Act 1986 for an Order that their term of office be extended.
- It is considered unlikely, however if appropriate, the Joint Administrators propose to move from Administration to Creditors' Voluntary Liquidation under the provisions of Paragraph 83 of Schedule B1 to the Insolvency Act 1986. It is proposed that Paul Stanley, a Licensed Insolvency Practitioner regulated by the ICAEW and a partner of Begbies Traynor be appointed Liquidator of the Company. In accordance with Paragraph 83(7) and Rule 2 117(3) of the Insolvency Rules 1986, creditors may nominate a different person to be Liquidator provided that the nomination is made after receipt of the proposals and before the proposals are approved
- 5. If appropriate, the Joint Administrators propose to take steps to dissofve the Company.
- 6. In the event that the sale of the Company's assets either in whole or in part involves the disposal of assets subject to security and in the event that the Administrators cannot come to terms with the creditors concerned, the Administrators propose to apply to Court under the provisions of Paragraphs 70, 71 and 72 of Schedule B1 to the Insolvency Act 1986 to dispose of property which is subject to security as if it were not subject to security and goods which are under hire-purchase agreements as if all the rights of ownership under the agreement were vested with the Company.

- If appropriate, the Joint Administrators propose to apply to Court under the provisions of Paragraph 65(3) of Schedule B1 to the Insolvency Act 1986 for leave to make one or more dividend distributions to creditors whose claims are neither secured nor preferential. If this route is deemed appropriate, the Administration will be exited via dissolution
- The joint administrators propose to be remunerated on the basis of their hourly costs at scale rates calculated on the time properly spent in the course of the administration.
- These proposals shall be subject to such modifications or conditions as the Court may approve or impose
- The proposals are conditional upon the passing of a resolution set out in the correspondence between the creditors and the Administrators and subject to such modifications as the Administrators may approve
- Once the Administration is complete and the Administrators think that the purpose of the Administration has been achieved, then the creditors, in accordance with Paragraph 98(2) of Schedule B1 to the Insolvency Act 1986, hereby consent to the Joint Administrators being discharged from liability in respect of any action as Joint Administrators. The discharge from liability will take effect from the date the Administration Order is discharged.
- In accordance with Paragraph 52 of Schedule B1 of the Act, it is not the intention of the Joint Administrators to convene a meeting of creditors on the basis that -

There is insufficient property to enable a distribution to be made to unsecured creditors

In order that the purpose of the administration may be fully achieved, we propose to remain in office as administrators in order to conclude the realisation of the Company's property. The principal matters to deal with in this respect are

- Collect in the Company's loan book,
- Sell properties where loans are in default,
- Conduct litigation.

Following these events we propose to finalise distributions to the secured and preferential creditors (if any come to light).

#### **BEGBIES TRAYNOR CHARGING POLICY**

#### INTRODUCTION

\_This note applies where a licensed insolvency practitioner in the firm is acting as an office—holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm Best practice guidance<sup>2</sup> indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

#### OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

## EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party
  - (A) The following items of expenditure are charged to the case (subject to approval)
    - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting,
    - Car mileage is charged at the rate of 45 pence per mile,
    - Storage of books and records (when not chargeable as a Category 1
      disbursement) is charged on the basis that the number of standard archive boxes
      held in storage for a particular case bears to the total of all archive boxes for all
      cases in respect of the period for which the storage charge relates.
