What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow members to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to members.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached.

General case administration and planning

General case administration incorporates different categories such as cashiering, general case administration and dealing with sundry issues as and when they arise. This time cost also comprises maintenance of case files, undertaking case reviews incorporating compliance checks and dealing with general queries. These items

are not necessarily financially beneficial to any class of creditor but are requirements of the statutory regulations and the Insolvency Act and Rules.

Compliance with the Insolvency Act, Rules and best practice

Other work undertaken during the period includes complying with our statutory obligations and best practice guidance, which includes preparing and filing the appointment documentation, calculating the bond insurance and filing documentation at Companies House and with Courts Advertising. On appointment, notification was circulated to all stakeholders to include HMRC, the Company's bankers and shareholders. In addition, statutory advertisements were placed in the London Gazette including an advertisement for any creditor claims. These items are not necessarily financially beneficial to any class of creditor but are requirements of the Statutory Regulations and the Insolvency Act and Rules.

Dealing with all creditors' claims (including employees), correspondence and distributions

During the period of this report, time has been spent preparing and subsequently declaring the cash distribution to the shareholder. This work has had a direct financial benefit to members as they have received a return on their investment.

Other matters which includes meetings, tax, litigation, pensions and travel

A significant amount of time has been spent communicating with HMRC in respect of the corporation tax refund and tax clearances, which has become a very protracted stage of this liquidation. Once tax clearance is obtained, we shall proceed to close the liquidation.

CREDITORS

As in any liquidation, in a members' voluntary liquidation creditors are required to prove their claims and the liquidators must examine the proofs and the particulars of the claims and admit them, in whole or in part, or reject them. The liquidators must then settle the priorities of the creditors (as between secured, preferential, secondary preferential and unsecured creditors) before paying them in full with statutory interest. The statement of assets and liabilities embodied within the declaration of solvency sworn by the director indicated that there were no outstanding creditors. We have received no claims.

6. DISTRIBUTIONS TO MEMBERS

There has been one cash distribution to the shareholder during the period of this report of £385,000 which was declared on 11 February 2021.

7. REMUNERATION & EXPENSES

Our remuneration has been fixed by a resolution of the members of the Company by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP, in attending to matters arising in the liquidation subject to us having agreed that our remuneration shall not exceed the sum of £3,000 in circumstances where the value of time given by us and our staff in attending to matters arising in the winding up exceeds this sum.

We are also authorised to draw expenses, including expenses for services provided by our firm (defined as category 2 expenses in Statement of Insolvency Practice 9), in accordance with our firm's policy, details of which were presented to the general meeting of the Company at which various resolutions, including the special resolution that the Company be wound up voluntarily, were passed.

Our time costs for the period from 8 January 2021 to 7 January 2022 amount to £11,476 which represents 50.1 hours at an average rate of £229.06 per hour.

The following further information in relation to our time costs and expenses is set out at Appendix 2:

- ☐ Time Costs Analysis for the period 8 January 2021 to 7 January 2022
- □ Begbies Traynor (Central) LLP,'s charging policy

To date, we have drawn the total sum of £3,000 plus expenses of £126 in accordance with approval obtained from members.

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type.

Please note that the analysis provides details of the work undertaken by us and our staff following our appointment only.

Category 1 Expenses

To 7 January 2022, we have drawn any Category 1 expenses totalling £126 (plus VAT).

Category 2 Expenses

No Category 2 expenses have been incurred.

8. LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3.

9. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

There are no assets to be realised and the liquidation will be closed once the necessary tax clearances have been obtained from HMRC.

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to members?

General case administration and planning

General case administration incorporates different categories such as cashiering, general case administration and dealing with sundry issues as and when they arise. This time cost also comprises maintenance of case files, undertaking case reviews incorporating compliance checks and dealing with general queries. These items are not necessarily financially beneficial to any class of creditor but are requirements of the statutory regulations and the Insolvency Act and Rules.

Compliance with the Insolvency Act, Rules and best practice

We will continue to comply with our statutory obligations and best practice guidance, which includes the preparation of this annual report and the final report and subsequent filing at Companies House. Periodic bond reviews will continue to be carried out. These items are not necessarily financially beneficial to any class of creditor or shareholder but are requirements of the Statutory Regulations and the Insolvency Act and Rules.

Dealing with all creditors' claims (including employees), correspondence and distributions

During the period immediately following this report there has been a second interim distribution to the shareholder. There will be a modest final distribution in due course and once confirmation of tax clearance has been obtained.

Other matters which includes meetings, tax, litigation, pensions and travel

We shall continue with our efforts to obtain clearance from HMRC. Once obtained we shall proceed to draw the liquidation to a close.

How much will this further work cost?

The 'further work' detailed above has always been anticipated, but at this point in the proceedings, it has not yet been completed. As you know, this work is necessary in order that the liquidation may complete as envisaged. For the avoidance of doubt, our fees are limited to the amount agreed with the shareholder as detailed in section 7 above.

Expenses

We do not expect to incur expenses in connection with the work that remains to be done.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance* requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6-minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 expenses (approval required) Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm.

Shared or allocated costs (pursuant to (i) above)

^{*} Statement of Insolvency Practice 9, (SIP9) – Payments to Insolvency office holders and their associates from an estate

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

- □ Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- ☐ Car mileage which is charged at the rate of 45 pence per mile.

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 expense:

- □ Telephone and facsimile
- Printing and photocopying
- Stationery
