NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2011

1. ACCOUNTING POLICIES

1.1 Accounting convention

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention

1.2 Going concern

The director has prepared the financial statements on the going concern basis although the balance sheet shows negative shareholders funds of £15,660. This is considered appropriate as the company's shareholders and creditors will continue to provide financial support to the company for the foreseeable future and the company is expecting to continue make profits in future years that will reverse this position. Should the company be unable to continue trading, adjustments would have to be made to reduce the value of assets to their recoverable amounts, to provide for any further liabilities which might arise.

1.3 Compliance with and departure from accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

The company has not disclosed the ultimate controlling party which is a requirement of Financial Reporting Standard 8, Related Party Transactions. This is a departure from accounting standards. The director is of the opinion that the non disclosure of this information does not affect the truth and fairness of the financial statements.

1.4 Turnover

Turnover represents amounts derived from the principal activity.

1.5 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. Any deferred tax balance has not been discounted.

1.6 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and loss account.
