Achievements and performance

Review of the Charity's Activities

As previously reported the Charity took over the running of the building in 2010 following its main tenant going into administration.

The Trustees continued to carry on and develop the training activities formerly controlled by its former tenant, and received considerable support from several large employers, including Jaguar Landrover, Knowsley Council, and Liverpool Council.

In particular, the Charity benefitted from the utilisation of its facilities by Jaguar Land Rover in the recruiting, assessing and training of potential employees.

We have in place training companies who deliver training using the premises on a long-term booking for 12 months.

In addition, the following companies also accessed the facilities to deliver Conferences, training to their employees and students.

Riverside Housing Association, LHT, Decoma, AstraZeneca, Seqirus NHS, 5 Borough Partnership NWAS, Knowsley Council, Liverpool council, Jaguar Academy, and Jaguar Education and Business Centre.

Also, in these past years we have opened on Saturdays for a voluntary group who have been attending each week working with young Men around Mental health issues. We have supported in holding events for several respective charities.

We have also facilitated community groups from Halewood, and Speke to use the facilities. This has been for training and meetings. We have also enabled a small group from Halewood who have been in and sold hand knitted baby garments and hand made items for a cancer charity of their choice.

Taking into account we were until March 2019 on target to have a good year with bookings till September this was put into abeyance due to Covid 19 with cancellations the numbers of people who would use the building for both training and conferencing, the numbers would have ranged from 200-250 candidates per day. But over the last 12 months and not been able to open we have only been able to accommodate number of smaller organisations with 5-20 candidates per day.

In the Past year we have also been in a position to support 2 people in obtain, qualifications to enable them both further their chances of employment and also set about developing skills to enable them to support others within their local community.

Partnership for Learning is very active in supporting local community objectives. We have supported local organisations in the community with the use of rooms at no cost.

Financial review

The financial results for the year are shown on pages 6 and 7 of these financial statements, but in summary, show a deficit of £105,375, compared with a surplus of £20,524 for 2019. The cash position remains strong with net current assets of £188,153 and cash at bank of £201,075 at 31 December 2020.

Reserves policy

It is trustee policy to maintain a minimum of cash on deposit which represents at least three months core costs. Currently this policy is easily met.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and have taken steps to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

TRUSTEES REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2020

Plans for the future

For the future the trustees are determined to bring the building into nearly full usage by encouraging as many training organisations as possible on Merseyside and further afield to make use of the excellent facilities. The Charity recognises the need to diversify and engage flexibility in the use of rooms to meet the challenges of the current economy and business needs.

A primary purpose is to provide high quality training that is linked directly to current local employer requirements; PFL Charity continues to develop its strategy of employer engagement.

We are looking at further negotiations to look at working, in partnership with other training organisations to: have them deliver their training in PFL

We are at present in consultation with other companies from who we are in talks with which will see the charity in a firmer financial position.

- Enable us to provide training and support to small local businesses at low cost.
- Support local community access funding to further training needs to help them into employment.
- Work closely with other agencies to support new opportunities for the future

We will support local voluntary groups to hire the facility of Partnership for Learning with local action in free use of the rooms.

As we have had several recent successful years, the trustees are hopeful that this will put us in a good position to be able to survive the Coronavirus Pandemic of 2020. The pandemic is already having a detrimental affect on our income.

Structure, governance and management

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2020

1 Accounting policies

Charity information

Partnership For Learning is a private company limited by guarantee incorporated in England and Wales. The registered office is South Road, Liverpool, Merseyside, L24 9PZ.

1.1 Accounting convention

The financial statements have been prepared in accordance with the Charity's [governing document], the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)". The Charity is a Public Benefit Entity as defined by FRS 102.

The financial statements are prepared in sterling, which is the functional currency of the Charity. Monetary amounts in these financial statements are rounded to the nearest £.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the Charity.

1.4 Incoming resources

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and all other receipts from fundraising are reported gross and the related fundraising costs are reported in expenditure.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity, this is normally on notification of the interest paid or payable by the bank.

1.5 Resources expended

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Charitable activities

Charitable activities expenditure comprise those costs incurred by the charity in the delivery of its activities and services. It includes both costs that can be allocated directly to such activities and also costs of an indirect nature necessary to support them.

Governance costs

These represent costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

Allocation and apportionment of costs

Costs are allocated on a basis consistent with the use of the resources.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	
Plant and equipment	33% on cost
Fixtures and fittings	33% on cost
Computers	33% on cost

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

1.7 Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.
