1 Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the period and preceding period.

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable United Kingdom accounting standards

Turnover

Turnover represents amounts receivable for accommodation, food and beverage sales and ancillary hotel services provided in the normal course of business, net of trade discounts, VAT and other sales related taxes. Turnover is recognised at the point at which goods and services are delivered to the customer. Deposits which have been received at the balance sheet date for which services have not yet been provided are shown as payments in advance within creditors.

Depreciation

Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost less estimated residual value, of each asset evenly over its expected useful life, as follows

Freehold buildings core 50 years
Freehold buildings surface finishes and services 20 years
Fixtures and fittings 4 to 25 years

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Cash flow statement

Under the provisions of FRS 1 (Revised) Cash Flow Statements, the Company has not prepared a cash flow statement because its parent company, Hand Picked Hotels Limited, prepares consolidated accounts. The cash flows of the Company are included in the consolidated cash flow statement.

Taxation

Corporation tax payable is provided on taxable profits at the current rate

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in tax computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax balances are not discounted.

Related party transactions

The company has taken advantage of the exemptions in FRS 8 in connection with the disclosure of transactions with other group undertakings
