Prock Licence (NTRLRSL) Limited (previously known as MUKBL Radio Services Limited)

Directors' report for the period ended 31 March 2008

The directors present their report and the audited financial statements for the period ended 31 March 2008.

Principal activities and review of business

The Company owns a Digital Service Provider License to operate a digital radio service and does so in conjunction with GCAP Media (FPRL) Limited (formerly known as Planet Rock Limited) who operate the Planet Rock radio station which is also a wholly owned subsidiary of GCAP Media Digital Limited. The service is transmitted on the Digital One Multiplex, the cost of which is borne by the Company. The shareholders have agreed to ensure that the Company is adequately funded while revenue levels for the radio station are insufficient to cover its operating costs. Accordingly no charge is currently made for the right to use the licence. Revenue from the operation of the radio station is recognised in the GCAP Media (FPRL) Limited (formerly Planet Rock Limited) financial statements.

Prices for transmission and audience fees are set annually and the Company's costs will then fluctuate to the number of transmitters in use and radio station audience numbers.

The key risks to the business and uncertainties facing the Company are those that face the Planet Rock radio station, namely the challenge to operate a successful and profitable station in an ever changing and competitive broadcasting market.

The Company intends to hold the license for the foreseeable future. Shareholders have given assurances such that sufficient resources will be made available for the foreseeable future so that the Company can meet its liabilities as and when they fall due and as such the financial statements have been prepared on the going concern basis.

Going concern

A review of the going concern position of the Company is given in note 1.

Subsequent events

On 17 April 2008 the Company changed its name to Prock Licence (NTRLRSL) Limited.

Results and dividends

The profit for the period, after taxation, amounted to £35,000 (year to 30 September 2007: profit £88,000).

The directors do not recommend the payment of a dividend (year to 30 September 2007: £nil).

Directors

The directors who held office during the period were as follows:

D Anthony (resigned 31/03/2008)
Richard Manning (resigned 28/11/2008)
W Pallot (appointed 31/03/2008, resigned 18/07/2008)

D A Thomson (appointed 20/11/2008)

Prock Licence (NTRLRSL) Limited (previously known as MUKBL Radio Services Limited)

Directors' report for the period ended 31 March 2008

Political and charitable contributions

The Company made no political or charitable donations or incurred any political expenditure during the period.

Policy and practice on payment of creditors

The Company does not follow a code but operates a payment policy to agreed terms in settling outstanding debts. For certain types of regular contracted services direct debit or standing order arrangements are encouraged. Most other supplies are on an ad hoc basis and the terms of payment are agreed when the order is placed. The majority of payments are made by electronic transfer direct to suppliers' bank accounts. All of the payments are undertaken on the Company's behalf by Global Radio Services Limited (previously known as GCap Media Services Limited) under an agency agreement.

Provision of information to auditors

So far as each of the directors is aware at the time the report is approved:

- there is no relevant audit information of which the Company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Directors' and officers' insurance

The Company maintains cover for all directors and officers against liabilities which may be incurred by them whilst acting as directors or officers.

Auditors

KPMG Audit plc have given notice that they shall not be seeking reappointment when their term of office expires. Pursuant to s485 of the Companies Act 2006, the company will appoint KPMG LLP in their stead.

This report was approved by the board on 29 April 2009 and signed on its behalf.

Director

Prock Licence (NTRLRSL) Limited (previously known as MUKBL Radio Services Limited)

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent Auditors' report to the members of Prock Licence (NTRLRSL) Limited (previously known as MUKBL Radio Services Limited)

We have audited the financial statements of Prock Licence (NTRLRSL) Limited (formerly known as MUKBL Radio Services Limited) for the period ended 31 March 2008 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities on page 3.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition, we report to you if, in our opinion, the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

**Independent Auditors' report to the members of Prock Licence (NTRLRSL) Limited
(previously known as MUKBL Radio Services Limited)**

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the Company's affairs as at 31 March 2008 and of its profit for the period then ended;
- the financial statements that have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' Report is consistent with the financial statements.

Emphasis of matter – Going concern

In forming our opinion on the financial statements, which is not qualified, we have considered the adequacy of the disclosure made in note 1 to the financial statements concerning the company's ability to continue as a going concern. The company is dependent on the Global Radio UK Limited group, of which it forms part, for its continued trade. Following the acquisition and integration of GCap Media plc, it has not been possible for Global Radio UK Limited to separately measure the EBITDA and financial ratios of either business on a standalone basis. As a result, Global Radio UK Limited is currently in the process of bringing its various banking facilities together and a covenant deferral is in place until 31 May 2009 to allow for this process to be completed. This situation and the other matters referred to in note 1, means that there is a material uncertainty which may cast significant doubt over the ability of the company to continue as a going concern. The financial statements do not include the adjustments that would result if the company were unable to continue as a going concern.

Notes to the financial statements for the 6 months to 31 March 2008

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

1.2 Going concern

The company had net liabilities of £6,194,000 at 31 March 2008. As set out in note 14, the company's parent undertaking, Global Radio Limited (formerly GCap Media plc; "GCap") was acquired by Global Radio UK Limited ("GRUK" or "GRUK group") on 6 June 2008.

The subsidiary is dependent on GRUK for its continued trade. The Directors note that the financial statements of GRUK, which were approved by the Board of that company on 22 April 2009, included the following disclosure relating to the ability of that company to continue as a going concern.

"Details of the group's current funding structure are given in notes 12, 13 and 21. It has two principal existing bank facilities which expire between 2013-2016 and are secured by a fixed and floating charge over the company's assets. It also has a working capital facility which is guaranteed by the shareholder and is renewable on 9 June 2009. The Board has received assurances from the shareholder that, if required, a further guarantee will be provided should the facility need to be renewed.

As explained below, GCap Media PLC has been integrated into the group's existing operations; as a result it has not been possible for the group to separately measure the EBITDA and financial ratios of either business on a standalone basis. Given that, the banks have formally agreed to defer the financial covenant tests for the quarters ended 30 November 2008, 28 February 2009 and 31 March 2009 in relation to the two facilities until 31 May 2009, by which time it is anticipated that the new facility will be in place.

As this had been anticipated at the time of the GCap Media PLC acquisition, the directors and its three lending banks agreed that a new composite banking facility containing new financial covenants would be put in place to supersede the existing two facilities and the process to bring the various facility agreements together is underway.

Since the acquisition of GCap Media plc, certain licences have been rebranded and the operations of the Global Radio and GCap Media plc businesses have been integrated in many areas. This has realised significant synergy savings which the Board believes will materially enhance the financial performance of the enlarged group and which have been reflected in the forecasts.

In order to assess the appropriateness of preparing the accounts on a going concern basis, and as a basis for the process of bringing together the various banking facilities, the company has prepared detailed forecasts of expected future cash flows for the three years ending 31 March 2012.

The Board considered the following uncertainties and sensitivities when preparing the forecasts:

- A requirement of the Office of Fair Trading in approving the acquisition of GCap was that certain Midland Stations must be sold. The proceeds will be used to repay bank debt. The company is currently in exclusive negotiations with one party which the Board anticipates will be concluded in the near future;

Prock Licence (NTRLRSL) Limited (previously known as MUKBL Radio Services Limited)

Notes to the financial statements for the 6 months to 31 March 2008

1. Accounting policies (continued)

1.2 Going concern (continued)

- In considering the detailed forecasts referred to above, the Directors have also prepared a worse than expected downside scenario and under this sensitised scenario, and assuming the factors above occur as anticipated, the forecasts indicate that the company can continue to trade for the foreseeable future. However, given the prevailing difficult economic conditions and the level of uncertainty regarding their duration and severity, forecasting uncertainty remains.

It is the Board's view that based on the ongoing process to bring together the banking facility agreements, the forecasts prepared by the company and the ongoing support of the shareholder, which may include, under certain circumstances, support of the group's digital operations (see Note 21), a satisfactory resolution will be reached such that the group and company will have adequate resources to continue for the foreseeable future.

However, the Directors acknowledge that the current status of the process to bring together the banking facility agreements, the continuing uncertainty prevailing in the economy and in the financial markets, the OFT disposal process and other related matters set out above, means that there is a material uncertainty that may cast significant doubt over the ability of the group and company to continue as a going concern."

As the company is dependent on the GRUK group to continue to trade, the directors of the company have concluded that there is a consequential material uncertainty that may cast significant doubt over the company's ability to continue as a going concern. The company may therefore be unable to continue to realise its assets and liabilities in the normal course of business. The financial statements do not include any adjustments that would result from the going concern basis of preparation being inappropriate.

1.3 Cashflow

The Company, being a subsidiary undertaking where 90% or more of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with FRS1.

1.4 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.5 Operating charges

Notes to the financial statements for the 6 months to 31 March 2008

2. Staff costs

The Company does not directly employ any staff (Year ended 30 September 2007: nil).

3. Disclosure of auditors' remuneration

Amounts receivable by the Company's auditor in respect of services to the Company and its associates, other than the audit of the Company's financial statements, have not been disclosed, as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the Company's intermediate parent, Global Radio Limited (previously known as GCap Media plc). The audit fee in respect of the Company was £1,000 (Year ended 30 September 2007: £1,000).

4. Directors' emoluments

The remuneration of W Pallot was received from Global Radio Services Limited (previously known as GCap Media Services Limited) up until her resignation and the majority of her time was spent on services to Global Radio Limited (previously known as GCap Media plc), the intermediate parent company. Details of her remuneration as directors of Global Radio Limited (previously known as GCap Media plc) are disclosed in that Company's accounts.

The remuneration of R D J Manning and D Anthony was received from Global Radio Services Limited (previously known as GCap Media Services Limited) up until their resignations.

During the 6 months ended 31 March 2008, C L Allen, A Tabor and M Connole received no remuneration.

None of the directors received remuneration in respect of qualifying services to this Company.

5. Other income

This represents the management charge from Prock Licence (NTRLRSL) Limited (formerly known as MUKBL Radio Services Limited) to GCAP Media (FPRL) Limited (formerly known as Planet Rock Limited) which is a wholly owned subsidiary of GCap Media Digital Limited, for the use of the licences held by Prock Licence (NTRLRSL) Limited (formerly known as MUKBL Radio Services Limited).

Notes to the financial statements for the 6 months to 31 March 2008

6. Taxation

	6 months to 31 March 2008 £'000	Year ended 30 Sept 2007 £'000
Profit on ordinary activities before taxation	<u>50</u>	<u>88</u>
Current tax		
UK corporation tax on profit for the period/year (Relief from b/f losses)/Unrelieved tax losses	15	26 (26)
Total current tax	<u>15</u>	<u>-</u>

Factors affecting tax for the period/year

The tax assessed for the year is equal (2007: equal) to the standard rate of corporation tax in the UK of 30% (2007: 30%). The differences are explained below:

	6 months to 31 March 2008 £'000	Year ended 30 Sept 2007 £'000
Profit on ordinary activities before tax	<u>50</u>	<u>88</u>
Profit on ordinary activities multiplied by the relevant standard rate of corporation tax in the UK of 30% (2007: 30%)	15	26
Current tax (credit)/charge for period/year (see note above)	<u>15</u>	<u>26</u>

It was announced in the 2007 Budget that the corporation tax rate will be cut from 30% to 28% with effect from 1 April 2008.

A deferred tax asset of £5,702,283 (representing £1,596,639 at a 28% corporation tax rate) has not been recognised in respect of carried forward tax losses as there is insufficient certainty as to the availability of future taxable profits. (Year ended 30 September 2007 asset of £5,751,816 representing £1,725,545 at a 30% corporation tax rate)

Notes to the financial statements for the 6 months to 31 March 2008

11. Contingent liabilities

As at the date of the financial statements, contingent liabilities were as follows:

- a) Various inter-group cross guarantees held by Bank of Scotland, Bank of Ireland and Allied Irish bank.
- b) The Company is a member of a group for VAT purposes, resulting in a joint and several liabilities for amounts owing by other group companies for unpaid VAT.

At the balance sheet date, the company was party to an intercompany cross-guarantee with Barclays Bank. This was discharged on acquisition of Global Radio Limited (previously known as GCap Media Plc) by Global Radio Acquisitions Limited.

12. Related party transactions

As the Company is a wholly owned subsidiary of Global Radio Limited (previously known as GCap Media plc) (the intermediate parent company), the company has taken advantage of the exemption contained within FRS 8 'Related party disclosures' and has therefore not disclosed transactions or balances with entities which form part of the group (or investees of the group qualifying as related parties). The consolidated financial statements of Global Radio Limited (previously known as GCap Media plc), within which this Company is included, can be obtained from the address given in note 13. There were no other related party transactions during the period.

13. Ultimate parent undertaking and controlling party

The Company is 75% owned by GCap Media Digital Limited and 25% by Global Radio Services Limited (previously known as GCap Media Services Limited). Both GCap Media Digital Limited and GCap Media Services Limited are ultimately wholly owned by Global Radio UK Limited.

Since the acquisition of Global Radio Limited (previously known as GCap Media Plc), the intermediate parent company, by Global Radio Acquisitions Limited (a wholly owned subsidiary of Global Radio UK Limited) which became effective on 6 June 2008, the directors regard Global Radio UK Limited, a company incorporated in Great Britain and registered in England and Wales, as the Company's ultimate parent undertaking.

The directors consider that Global Radio Group Limited, a company incorporated in Jersey, is the ultimate controlling party of the Company.

The largest and smallest group in which the results of the Company are consolidated is that headed by Global Radio Limited (previously known as GCap Media Plc), the intermediate parent company which is incorporated in Great Britain. The consolidated financial statements of these groups are available to the public and may be obtained from 30 Leicester Square, London WC2H 7LA.

14. Post balance sheet events

Takeover

By virtue of a transaction ("Transaction") recommended by Global Radio Limited's (previously known as GCap Media plc) Board of Directors, Global Radio Acquisitions Ltd acquired control of Global Radio Limited (previously known as GCap Media Plc), the intermediate parent company, on 6 June 2008. Further details of the Transaction are set out in the financial statements of Global Radio Limited (previously known as GCap Media Plc), which can be obtained from the address given in note 13.
