Defence Training Services Limited

Strategic Report for the Year Ended 31 March 2017

The directors present their strategic report for the year ended 31 March 2017.

Principal activity

The principal activity of the company is the design, build and provision of facilities management services at the Army Foundation College, Harrogate under a thirty year contract under the Private Finance Initiative.

Results and review of business

The profit for the year is set out in the profit and loss account on page 7. The directors consider the performance of the company during the year and the financial position at the end of the year, to be in line with the long term expected performance of the project, and its prospects for the future to be satisfactory.

In line with the current contractual circumstances of the company, a financial model covering the periods up to December 2029 has been produced. From a review of this model the directors are satisfied the company will generate positive cash flows and profits over the life of the contract.

The directors expect trading conditions in the coming year to be broadly similar to those in the year ended 31 March 2017. The directors consider that the committed funding available to the company is sufficient to meet all of the company's financial and contracted obligations.

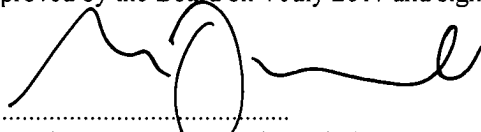

Principal risks and uncertainties

The company has taken on the activity, as detailed above, and is risk averse in its trading relationships with its customer, funders and sub-contractors as determined by the terms of their respective detailed PFI contracts. In extreme circumstances, the company could be exposed to subcontractor failure to perform their obligations. The financial risks and the measures taken to mitigate them are as detailed in the Directors' report.

Key performance indicators ('KPIs')

The company's operations are managed under the supervision of its shareholders and funders and are largely determined by the detailed terms of the PFI contract which stipulates key performance criteria on operational activities as managed by the sub-contractor. For this reason, the company's directors believe that further operational key performance indicators for the company are not necessary or appropriate for an understanding of the performance or position of the business. In addition the directors monitor compliance with debt covenant ratios as specified in the senior loan agreement, in particular the Debt Service Cover Ratio, and no non-compliance has been noted.

Approved by the Board on 4 July 2017 and signed on its behalf by:

05 JUL 2017

Defence Training Services Limited

Directors' Report for the Year Ended 31 March 2017

Registration number: 3838084

The directors present their report and the audited financial statements for the year ended 31 March 2017.

Future developments

No significant changes are expected to the company's activities, as set out in the Strategic Report, in the foreseeable future.

Dividends

A dividend of £1,074,000 (£1.28 per ordinary share) was paid during the year (2016: £490,000 £0.58 per ordinary share).

Financial risk management

The company has exposures to a variety of financial risks which are managed with the purpose of minimising any potential adverse effect on the company's performance. The directors have policies for managing each of these risks and they are summarised below:

Interest rate risk

The senior debt interest has been fixed through the use of fixed funding rates, plus a margin, as set out in note 12.

Inflation risk

The company has chosen to manage inflation risk through the use of an RPI swap. See note 18 for further details.

Liquidity risk

The company adopts a prudent approach to liquidity management by endeavouring to maintain sufficient cash and liquid resources to meet its obligations as they fall due.

Credit risk

The company receives the majority of its revenue from The Ministry of Defence (MoD) and is not exposed to significant credit risk. Cash investments are with institutions of a suitable credit quality.

Major maintenance replacement risk

The company takes the risk that its projections for ongoing major maintenance replacement of the building and relevant equipment are adequate. These projections have been agreed with third parties and are subject to regular review by the directors.

Directors of the company

The directors who held office during the year were as follows:

M T Smith

S P Hornby

J S McCabe (resigned 1 April 2017)

M A Donn

The following director was appointed after the year end:

A C Ritchie (appointed 1 April 2017)

Defence Training Services Limited

Directors' Report for the Year Ended 31 March 2017 (continued)

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising Financial Reporting Standard 102 'The Financial Reporting Standard Applicable in the UK and Republic of Ireland' (FRS 102), and applicable law.)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

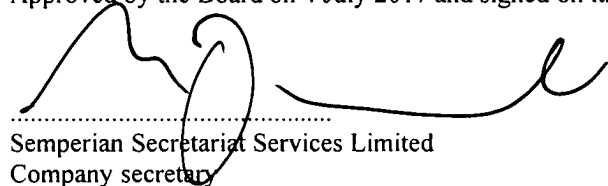

Disclosure of information to the auditors

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

Reappointment of auditors

The auditors, PricewaterhouseCoopers LLP, Chartered Accountants and Statutory Auditors, have signified their willingness to continue in office.

Approved by the Board on 4 July 2017 and signed on its behalf by:

.....
Semperian Secretariat Services Limited
Company secretary

05 JUL 2017

Defence Training Services Limited

Independent Auditors' Report to the members of Defence Training Services Limited

Report on the financial statements

Our opinion

In our opinion, Defence Training Services Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 March 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), comprise:

- the Balance Sheet as at 31 March 2017;
- the Profit and Loss Account and Statement of Comprehensive Income for the year then ended; and
- the Statement of Changes in Equity for the year then ended; and
- the Statement of Cash Flows for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

In addition, in light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we are required to report if we have identified any material misstatements in the Strategic Report and the Directors' Report. We have nothing to report in this respect.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Defence Training Services Limited

Independent Auditors' Report to the members of Defence Training Services Limited (continued)

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report. With respect to the Strategic Report and Directors' Report, we consider whether those reports include the disclosures required by applicable legal requirements.

Nick Muzzlewhite (Senior Statutory Auditor)

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017

1 General information

The principal activity of the company is the design, build and provision of facilities management services at the Army Foundation College, Harrogate under a thirty year contract under the Private Finance Initiative.

The company is a private company limited by shares and is incorporated and domiciled in England.

The address of its registered office is:

Third Floor
Broad Quay House
Prince Street
Bristol
BS1 4DJ

The company's functional and presentation currency is the pound sterling.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

2 Accounting policies (continued)

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents the amount receivable for goods supplied or services rendered, net of returns, discounts and rebates allowed by the company and value added taxes.

The company recognises income when it has fully fulfilled its contractual obligations. The company includes sales and purchase transactions related to variations under the original contract where the benefits and risks are retained by the company, within the financial statements as turnover and operating costs.

Where appropriate, income received under the PFI contract in respect of services provided during the operational phase of the contract is deferred to future periods in order to match those elements of income with the costs to which they relate. The turnover and cost of sales are recorded in the profit and loss account in the period in which the relevant costs are incurred.

Transactions to which the company does not have access to all the significant benefits and risks are excluded from the financial statements.

Finance debtor and interest receivable

The company has elected to take the exemption under FRS 102 paragraph 35.10 (i) to continue to apply its previous accounting treatment in respect of Service Concession Arrangements entered into prior to the date of transition to FRS 102. The costs incurred in constructing the assets have been treated as a finance debtor. This treatment arose from applying the guidance within previous UK GAAP which indicated that the project's principal agreements transfer substantially all the risks and rewards relating to the property to the customer.

The finance debtor represents the costs arising on the construction of the assets including initial tender costs. During asset construction, finance debtor interest income is recognised on an accruals basis and is capitalised within the finance debtor receivable. Once the project reached its operational phase and was accepted by the customer a constant proportion of the planned net revenue arising from the project was allocated to remunerate the finance debtor. Imputed interest receivable is allocated to the finance debtor using a property specific rate to generate a constant rate of return over the life of the contract. Over the course of the contract term the finance debtor is expected to be fully repaid.

Tax

The tax expense for the period comprises deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis. Deferred tax assets are only recognised when it is considered more likely than not that there will be suitable taxable profits from which the future reversal of underlying timing differences can be deducted.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

2 Accounting policies (continued)

Financial Instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

(i) Financial assets

Basic financial assets, including trade and other receivables, finance debtors, cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

(ii) Financial liabilities

Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

2 Accounting policies (continued)

(iii) Offsetting

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

(iv) Derivatives and Hedging arrangements

Derivatives, which may include interest rate swaps and RPI swaps, are not basic financial instruments.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or income as appropriate, unless they are included in hedging arrangements.

The company applies hedge accounting for transactions entered into to manage the cash flow exposures of borrowings. Interest rate swaps are held to manage the interest rate exposures and are designated as cash flow hedges of floating rate borrowings.

Changes in the fair values of derivatives designated as cash flow hedges, and which are effective, are recognised directly in equity. Any ineffectiveness in the hedging relationship (being the excess of the cumulative change in fair value of the hedging instrument since inception of the hedge over the cumulative change in the fair value of the hedged item since inception of the hedge) is recognised in the profit and loss account.

The gain or loss recognised in other comprehensive income is reclassified to the profit and loss account in the same period in which the hedged transaction is recognised in the profit and loss account or when the hedge relationship ends. Hedge accounting is discontinued when the hedging instrument expires, no longer meets the hedging criteria, the forecast transaction is no longer highly probable, the hedged debt instrument is derecognised or the hedging instrument is terminated.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Dividends

Dividend distribution to the company's shareholders is recognised as a liability in the financial statements in the reporting period in which the dividends are declared.

3 Critical accounting judgements and estimation uncertainty

Judgements, estimates and associated assumptions are based upon historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may subsequently differ from these estimates.

The judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates made are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Certain critical accounting judgements, adopted by management, in applying the company's accounting policies are described below:

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

3 Critical accounting judgements and estimation uncertainty (continued)

Finance Debtor

The company has elected to continue to apply its previous accounting treatment in respect of service concession arrangements entered into prior to the date of transition to FRS 102. This has resulted in the measurement of the finance debtor being different from that which would have resulted had the requirements of FRS 102 Section 34 been fully adopted. The accounting for service concession contracts and finance debtors requires estimation of service margins, finance debtors interest rates and associated amortisation profile which are based on the forecast results of the PFI contracts over the respective concession length. See notes 9 and 10 for the carrying value of the finance debtor.

Impairment of debtors

Management makes an estimate of the likely recoverable value of trade and other debtors by considering factors including the current credit rating, the ageing profile and the historic experience of the respective debtor. See note 10 for the carrying value of the debtors.

Treatment and Measurement of derivatives

The directors have adopted a policy of cash flow hedge accounting for derivative financial instruments and have assessed that the company's RPI swap meet the criteria for hedge accounting under FRS 102. This allows unrealised gains and losses to be deferred in a cash flow hedge reserve and only recognised through the profit and loss account at the same time as the hedged cash flows.

The derivative financial instruments are recognised at fair value. The measurement of fair value is based on estimates of future market interest and inflation rates and will therefore be subject to change. The company has used a third party expert to assist with valuing such instruments.

Taxation

The assessment of the tax charge may include uncertain tax positions where the tax treatment has not yet been agreed with the taxation authorities. Management make an estimate of the taxation charge for the period and the value of balances, with reference to legislation, discussions with taxation authorities, advice from taxation advisors, and the determination of similar taxation cases.

Deferred tax is recognised at tax rates that are expected to be applicable when the timing differences reverse, to the extent that such rates have been substantially enacted. Given the phased reduction in future tax rates in the UK, the deferred tax asset or liability recognised is therefore dependent upon an estimate of the timing of such reversals.

4 Turnover

The company has been engaged solely in continuing activities in a single class of business within the United Kingdom.

5 Operating profit

The company had no employees, other than the directors, during the year (2016: none). The emoluments of the directors are paid by the controlling parties. The directors services to this company and to a number of fellow group companies are primarily of a non executive nature and their emoluments are deemed to be wholly attributable to the controlling parties. The controlling parties charged £nil (2016: £nil) to the company in respect of these services.

The audit fee in respect of the company was £7,670 for the year (2016: £7,483).

Re-measurement of deferred tax - change in UK tax rates	(243)	(492)
(Over)/under provision	(624)	-
Total tax (credit)/charge	(262)	131

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

8 Taxation (continued)

(d) Tax rate changes

Changes to the UK corporation tax rates were substantively enacted as part of Finance Bill 2015 (on 26 October 2015) and Finance Bill 2016 (on 7 September 2016). These include reductions to the main rate to reduce the rate to 19% from 1 April 2017 and to 17% from 1 April 2020. Deferred taxes at the balance sheet date have been measured using these enacted tax rates and reflected in the financial statements.

9 Debtors: Amounts falling due after more than one year

	2017 £ 000	2016 £ 000
Finance debtor	69,766	72,451

Senior debt

The senior debt is repayable in monthly instalments which commenced on 31 July 2003 and interest has been fixed through a fixed funding rate, plus a margin.

From	To	Interest rate per annum
First drawdown rate	Construction completion (achieved on 29 November 2002)	7.45%
Construction completion	60 months post construction completion	7.05%
60 months post construction completion	120 months post construction completion	7.15%
120 months post construction completion	31 December 2029	7.25%

Defence Training Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2017 (continued)

12 Loans and borrowings (continued)

The senior debt is secured by way of an unlimited first fixed charge over the company's interest in the finance debtor asset. Furthermore, the terms of the finance agreement provide that the lender will seek repayment of the finance, as to both principal and interest, only to the extent that sufficient funds are generated by the specific asset financed and it will not seek recourse to the company in any other form. The company is not obliged to support any losses, nor does it intend to do so, other than those incurred for reasons of timing or other short term factors.

Unsecured subordinated debt

The unsecured subordinated debt is repayable by 31 December 2029 with principal repayments due to have commenced on 31 December 2003. The interest rate has been fixed through a fixed funding rate, plus a margin, to give a combined fixed rate of 10.89% per annum.

B preference shares

On 31 March 2011, 4,161,000 £1 zero dividend B preference shares were issued at par value to PFI Investments Limited, with Aberdeen Infrastructure (No. 3) Ltd (formally BoS Infrastructure (No.3) Ltd) having waived pre-emption rights. The B preference shares carry no voting rights, are entitled to an annual dividend of £1.00 and have a fixed date of redemption of 31 March 2029.

18 Financial instruments

Fair value of derivatives used for hedging in the Balance Sheet

	Note	2017 £ 000	2016 £ 000
Creditors: due after one year - Fair value of swaps	11	(5,621)	(3,456)
Net Fair value of swaps in the Balance Sheet		<u>(5,621)</u>	<u>(3,456)</u>

Movement in Fair value of derivatives used for hedging

	2017 £ 000	2016 £ 000
Recognised through the Profit and Loss Account	(85)	43
Recognised through Other Comprehensive Income	(2,079)	1,504
	<u>(2,164)</u>	<u>1,547</u>

A proportion of the contract revenue has been fixed using an RPI swap, which converts the actual increase in RPI to a fixed increase of 2.61%. The fair value of this class of derivative financial instruments at 31 March 2017 is a liability of £5,620,861 (31 March 2016: liability of £3,456,359).

Cash flows on the RPI swaps are paid in monthly instalments. During the year, a hedging loss of £2,282,000 (2016: £1,207,578 gain) was recognised in other comprehensive income for changes in the fair value of the RPI swap and £203,074 (2016: £296,902) was reclassified from the hedge reserve to profit and loss within turnover. In addition, a loss of £85,056 (2016: £43,000 gain) was recognised directly in the profit and loss account in respect of the ineffective portion of the hedge.

19 Parent and ultimate parent undertaking

At 31 March 2017, the share capital of the company was owned by PFI Investments Limited, a company owned and controlled by Semperian PPP Investment Partners Holdings Limited and Aberdeen Infrastructure (No. 3) Limited (formally BoS Infrastructure (No. 3) Limited which is wholly owned by Aberdeen Infrastructure Partners LP Inc. (formally Bank of Scotland Infrastructure Partners LP Inc). Both of these companies owned 50% of the issued share capital of, and exercised joint control over, the company.

In the directors' opinion, the company has no ultimate controlling party.
