TVMania UK Limited

Strategic report for the year ended 31 December 2013

The directors present their strategic report of the company for the year ended 31 December 2013.

Principal activities, review of business and future developments

The company's principal activity is that of import and wholesale of textiles, and is expected to continue to be so for the foreseeable future.

Results and dividends

The results for the year are set out on page 6. The directors recommend the payment of a dividend of £1,000,000 (2012: nil).

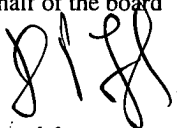

Key performance indicators

Given the straight forward nature of the business, the company's directors are of the opinion that analysis using a large number of key performance indicators is not necessary for an understanding of the development, performance or position of the business. Instead the directors' focus is on straightforward business measures such as turnover, gross profit margin and overall profitability.

Financial risk management objectives and policies

The directors' assessment of the risks the company faces in the coming year addresses interest rate volatility, credit risk, currency volatility and price risk. We deal with predominantly high profile customers, manufacturing only to order, and have credit insurance in place for other customers, so credit and price risk are mitigated. The main foreign currency that we trade in is US dollars where there is a natural hedge in our currency dealings which insulates us from any extreme swings in the value of sterling.

TVMania UK Limited

Directors' report for the year ended 31 December 2013

The directors present their annual report and the audited financial statements of the company for the year ended 31 December 2013.

Future developments, risks and uncertainties and key performance indicators

Future developments, risks and uncertainties and key performance indicators are covered in the Strategic Report.

Directors

The directors who held office during the year and up to the date of signing the financial statements are given below:

Daniel Wilkins (resigned 3 September 2013)

Stephen Lister (appointed 1 April 2013, resigned 4 August 2014)

Ulf Brettschneider (appointed 1 April 2013, resigned 4 August 2014)

Dow Peter Famulak (appointed 23 June 2014)

Robert Karl Smits (appointed 23 June 2014)

The company maintains liability insurance for its directors and officers. By virtue of the articles of association, the company has also provided indemnity for its directors and the secretary, which is a qualifying third party indemnity provision for the purposes of the Companies Act 2006.

Post balance sheet events

On 8 May 2014 the company was acquired by GBG International Holdings Company Limited, a company incorporated in Great Britain and registered in England & Wales and which was on that date a fellow subsidiary undertaking. On 9 July 2014 the ultimate parent company listed the shares of the Global Brands Group it had created, and of which TVMania UK Limited had become a member, on the Hong Kong Stock Exchange.

TVMania UK Limited

Directors' report for the year ended 31 December 2013 (continued)

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

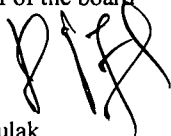

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

In so far as each director is aware, there is no relevant audit information of which the company's auditors are unaware; and that each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Independent auditors' report to the members of TVMania UK Limited

Report on the financial statements

Our opinion

In our opinion the financial statements, defined below:

- give a true and fair view of the state of the company's affairs as at 31 December 2013 and of its profit for the period then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

This opinion is to be read in the context of what we say in the remainder of this report.

What we have audited

The financial statements, which are prepared by TVMania UK Limited, comprise:

- the Balance Sheet as at 31 December 2013;
- the Income Statement for the year then ended;
- the Statement of cash flows for the year then ended;
- the Statement of changes in equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in their preparation is applicable law and IFRSs as adopted by the European Union.

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

What an audit of financial statements involves

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Annual report and financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic report and the Directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of directors' responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and ISAs (UK & Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

TVMania UK Limited

Notes to the financial statements for the year ended 31 December 2013

1 Significant accounting policies

1.1. Accounting convention

The financial statements are prepared under the historical cost convention.

1.2. Compliance with accounting standards

The financial statements have been prepared on the going concern basis in accordance with the Companies Act 2006 and International Financial Reporting Standards ("IFRS") as adopted by the European Union, which have been applied consistently (except as otherwise stated).

1.3. Accounting estimates

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The directors consider that there are no areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements.

1.4. Revenue

Revenue represents amounts receivable for goods net of VAT and trade discounts. Revenue is recognised when goods are delivered or the company is contractually entitled to income.

1.5. Property, plant and equipment

Property, plant and equipment are stated at cost less depreciation. Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

| | | |
|--------------------|---|---------------------------|
| Computer equipment | - | 25% and 50% straight line |
| Motor vehicles | - | 25% reducing balance |

1.6. Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.7. Inventories

Inventory is valued at the lower of cost and net realisable value.

1.8. Deferred taxation

The accounting policy in respect of deferred tax has been changed to reflect the requirements of IAS12 – Deferred tax. Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.9. Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the income statement.

Notes to the financial statements for the year ended 31 December 2013 (continued)

1 Significant accounting policies (continued)

1.10. Cash and cash equivalents

In the statement of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

1.11 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

1.12 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the group will not be able to collect all amounts due according to the original terms of the receivables.

1.13 Prepayments

Prepayments primarily consist of prepaid license royalty fees, expensed to the income statement over the term of the agreement.

1.14 Exceptional items

Exceptional items are items which derive from events or transactions that fall within the ordinary activities of the reporting entity and which individually or, if of a similar type, in aggregate need to be disclosed by virtue of their size or incidence if the financial statements are to give a true and fair view.

1.15 New standards

The following standards, amendments and interpretations were effective for the year ended 31 December 2013 with no significant impact:
