# DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2018

The directors present their annual report and financial statements for the year ended 31 March 2018.

#### **Principal activities**

The principal activity of the company is to design, build, finance and operate a new secondary school in Leyton in accordance with a 25 year contract with the Mayor & Burgesses of the London Borough of Waltham Forest (the "Council"). Contract negotiations were successfully completed in February 2000 and construction commenced immediately. The project has been operational since 1 September 2001.

The directors do not foresee any change in the activities of the company.

#### **Directors**

The directors who held office during the year were as follows:

Mr B Dean Mr J Graham

#### Results and dividends

The results for the year are set out on page 6.

An interim dividend of £62,000 was declared and paid during the year (2017: £71,000).

#### Financial Reporting, Risk and Internal Controls

The company has outsourced the financial reporting function to HCP Management Services Limited ("HCP"). Authorities remain vested in the Board members of the company. HCP reports regularly to the Board of the company. The Board receives monthly reports from HCP which specifically summarise and address the financial, contractual and commercial risks that the company is exposed to, and are pertinent to the industry in which the company operates. The Board also receives monthly management accounts with explanations of variances from annual budgets and forecasts, which are in turn compared to the Financial Model, which represents the long term business plan of the company and outlines its ability to comply with its debt obligations and covenants. Material deviations from the business plan are investigated and reported on. Supporting this process, HCP evaluates its performance under the framework of an Internal Audit and Assessment programme which sits within its own Corporate Governance framework. This process ensures that the project remains robust and viable throughout the life of the contract.

#### **Auditor**

Pursuant to section 487 of the Companies Act 2006 the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office

## **DIRECTORS' REPORT (CONTINUED)** FOR THE YEAR ENDED 31 MARCH 2018

#### Statement of disclosure to the auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

#### Registered office

The Company's Registered Office is 8 White Oak Square, Swanley, Kent, BR8 7AG.

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption. Accordingly no strategic report has been prepared.

On behalf of the board

Mr B Dean
Director
26 Soptember 2018

# DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 MARCH 2018

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with applicable law and Section 1A of FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (UK Generally Accepted Accounting Practice applicable to Smaller Entities).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NEWSCHOOLS (LEYTON) LIMITED

#### **Opinion**

We have audited the financial statements of Newschools (Leyton) Limited ("the company") for the year ended 31 March 2018 which comprise the Statement of Total Comprehensive Income, Balance Sheet, Statement of Changes in Equity, and related notes, including the accounting policies in note 1

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards applicable to smaller entities, including Section 1A of FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

#### Going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

#### **Directors' report**

The directors are responsible for the directors' report. Our opinion on the financial statements does not cover that report and we do not express an audit opinion thereon.

Our responsibility is to read the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the directors' report;
- in our opinion the information given in that report for the financial year is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

# INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF NEWSCHOOLS (LEYTON) LIMITED

#### Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

#### Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: http://www.frc.org.uk/auditorsresponsibilities.

#### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Huw Brown (Senior Statutory Auditor)

for and on behalf of KPMG LLP. Statutory Auditor

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

#### 1 Accounting policies

#### Company information

NewSchools (Leyton) Limited is a private company limited by shares incorporated, domiciled and registered in England and Wales, in the UK. The registered office is 8 White Oak Square, London Road, Swanley, Kent, BR8 7AG.

#### 1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") and the requirements of the Companies Act 2006 as applicable to Companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial Statements are prepared in sterling, which is the functional currency of the company, Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared on the historical cost convention. The principal accounting policies adopted are set out below.

In these financial statements, the company is considered a qualifying small entity for the purpose of FRS 102 and has applied the exemptions available under FRS 102 in respect of the cash flow statement and related notes.

#### 1.2 Going concern

The directors have reviewed a cash flow forecast covering the remainder of the company's contract period and taking into account reasonable possible risks in operations and the fact the obligations of the company's sole customer are underwritten by the Secretary of State for Education, they believe that the company will be able to settle its liabilities as they fall due for the foreseeable future and therefore it is appropriate to prepare these financial statements on the going concern basis.

#### 1.3 Turnover

Turnover is recognised in accordance with the service concession contract accounting policy. Turnover represents value of work done entirely in the United Kingdom and excludes value added tax. Turnover in relation to pass through revenue and other revenue is recognised when the services are performed.

#### 1.4 Cash and cash equivalents

Cash at bank and in hand are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

#### 1.5 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

#### 1 Accounting policies

(Continued)

#### Basic financial assets

Basic financial assets, which include trade and other debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

#### Trade and other debtors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short term deposits.

#### Restricted cash

The company is obligated to keep separate cash reserves in respect of requirements in the company's funding agreements. This restricted cash balance, which is shown on the balance sheet within the "cash at bank and in hand" balance, amounts to £1,941,000 at the year end (2017: £1,911,000).

#### Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

#### Basic financial liabilities

Basic financial liabilities, including trade and other creditors, bank loans and unsecured subordinated loans, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

#### Trade and other creditors

Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method.

#### Interest-bearing borrowings classified as basic financial instruments

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

#### 1.6 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

#### 1 Accounting policies

(Continued)

#### 1.7 Derivative financial instruments and hedging

Derivative financial instruments are recognised at fair value. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss. However, where derivatives qualify for hedge accounting, recognition of any resultant gain or loss depends on the nature of the item being hedged (see below).

#### Cash flow hedges

Where a derivative financial instrument is designated as a hedge of the variability in cash flows of a recognised asset or liability, or a highly probable forecast transaction, the effective part of any gain or loss on the derivative financial instrument is recognised directly in Other comprehensive income. Any ineffective portion of the hedge is recognised immediately in profit or loss.

When a hedging instrument expires, or is sold, terminated or exercised, or the entity discontinues designation of the hedge relationship but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity and is recognised in accordance with the above policy when the transaction occurs. If the hedged transaction is no longer expected to take place, the cumulative unrealised gain or loss recognised in equity is recognised in the income statement immediately.

#### 1.8 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

#### Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

#### 1 Accounting policies

(Continued)

#### 1.9 Provisions

Provisions are recognised when the company has a legal or constructive present obligation as a result of a past event, it is probable that the company will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value. When a provision in measured at present value the unwinding of the discount is recognised as a finance cost in the profit and loss in the period it arises.

The cost of the Company's obligation to maintain the school over the period of its agreement with the Council is charged to the profit and loss account as the obligation arises. A provision has been included in the balance sheet in relation to such lifecycle maintenance costs on the basis that an obligation exists under the Project Agreement to carry out such works to ensure that the schools meet the required standards at any given point in time.

#### 1.10 Service concession contract accounting

The company is an operator of a Public Finance Initiative ("PFI") contract. As the company entered into the contract prior to the date of transition to FRS102 section 1A, the company has taken advantage of the exception in section 35.10(i) of FRS102, which permits it to continue to account for the service concession under the accounting policy applied under old UK GAAP. In particular, the underlying asset is not deemed to be an asset of the company under old UK GAAP, because the risks and rewards of ownership as set out in that standard are deemed to lie principally with the Authority.

During the construction phase of the project, all attributable expenditure was included in amounts recoverable on contracts and turnover. Upon becoming operational, the costs were transferred to the finance debtor. During the operational phase income is allocated between interest receivable and the finance debtor using a project specific interest rate. The remainder of the PFI unitary charge income is included within turnover in accordance with FRS102 section 23. The company recognises income in respect of the services provided as it fulfils its contractual obligations in respect of those services and in line with the fair value of the consideration receivable in respect of those services.

Major maintenance costs are recognised on a contractual basis and the revenue in respect of these services is recognised when these services are performed. Contractual costs recognised in excess of those incurred are recognised as a provision.

#### 1.11 Interest receivable and interest payable

Interest payable and similar charges include interest payable on borrowings and associated ongoing financing fees.

Other interest receivable and similar income include interest receivable on funds invested and interest recognised on the finance debtor based upon the finance debtor accounting policy above.

#### 1.12 Hedge accounting

The directors consider the company to have met the criteria for hedge accounting and the company has therefore recognised fair value movements on derivatives in effective hedging relationships through other comprehensive income as well as the deferred tax thereon.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

#### 2 Judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with FRS102 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based upon historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

Certain critical accounting judgements in applying the company's accounting policies are described below:

#### Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

#### Finance debtor accounting

The company has elected to continue to apply its previous accounting treatment in respect of service concession arrangements entered into prior to the date of transition to FRS 102. This has resulted in the measurement of the finance debtor being different from that which would have resulted had the requirements of FRS 102 Section 34 been fully adopted. The accounting for service concession contracts and finance debtors requires estimation of service margins, finance debtors interest rates and associated amortisation profiles which are based on the forecast results of the PFI contracts over the respective concession length. See note 10 for the carrying value of the finance debtor.

#### Lifecycle costs

The directors have also used their judgement in assessing the appropriateness of the future lifecycle costs that are included in the company's forecasts. The directors will continue to monitor the condition of the assets and undertake a regular review of maintenance spend.

#### Valuation of derivative financial instruments

The directors use their judgement in selecting a suitable valuation technique for derivative financial instruments. These techniques use a discounted cash flow analysis based on market observable inputs derived from similar instruments in similar and active markets. The directors do not consider the impact of own credit risk to be material.

#### 3 Turnover and other revenue

An analysis of the company's turnover is as follows:

	£'000	£'000
Turnover analysed by class of business		
Service revenue	1,631	1,793
Other revenue	17	15
Pass through revenue	51	65

Reductions in the UK corporation tax rate from 20% to 19% (effective from 1 April 2017) and to 18% (effective from 1 April 2020) were substantively enacted on 26 October 2015. In addition to this, a further reduction to 17% (effective from 1 April 2020) were substantively enacted on 6 September 2016. This will reduce the company's future current tax charge accordingly. Deferred tax has been calculated based on these rates.

Included within Bank loan is an amount repayable after five years of £1,496,000 (2017: £2,647,000) and included within subordinated loans are amounts repayable after five years of £415,000 (2017: £549,000).

#### **Bank Loans**

Bank loans represents amounts borrowed in respect of a Senior Debt Facility. The amounts drawn under the Senior Debt Facility are repayable in 45 half-yearly instalments commencing, 31 May 2002 and are based on an agreed repayment schedule.

The senior facility is secured by fixed and floating charges on the assets of the Company.

Interest payable on the senior loan is calculated as LIBOR plus margin plus an MLA (Mandatory Liquid Assets) rate determined by the cost of compliance with the MLA requirements of the Financial services Authority and/or the Bank of England. The margin prior to service commencement was 1.15% and 0.95% thereafter. The company has entered into a swap agreement fixing the interest rate to 6.415% plus LIBOR per annum in respect of notional amounts drawn of £5,583,000 (2017: £6,189,000). This has been done in order to hedge against cash-flow interest rate risk arising from the variable rate debt. The swap expires on 31 May 2024.

#### **Subordinated Loans**

The subordinated loan is unsecured and represents amounts borrowed from the parent company, NewSchools (Leyton) Holdings Limited, under the Equity Subscription Agreement facility. The amounts drawn are repayable in 47 half-yearly instalments, the first instalment being paid on 31 May 2002. There was no early redemption made in accordance with the provisions of the Loan Notes Instruments in the year (2017: £nil). Interest charges on amounts drawn are at 12.5% per annum.

The subordinated loan is not secured over the assets of the Company.
