Intangible fixed assets relate to the development of the company website. The asset is amortised over its estimated useful economic life of 5 years.

1.4 Tangible fixed assets and depreciation

Office equipment - over period of 5 years
Computer equipment - over period of 12 years

1.5 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.
