## Notes to the financial statements

For the year ended 31 December 2018

### 1. Accounting policies

The principal accounting policies of the Company, which have been applied consistently during the year, are as follows:

#### a. General information and basis of accounting

Hutchison LR Properties Limited is a company incorporated in the United Kingdom under the Company Act. The address of the registered office is Hutchison House, 5 Hester Road, London, SW11 4AN, United Kingdom. The nature of the Company's operation and its principal activities are set out in the Directors' report on pages 1 to 2.

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with FRS 102 issued by the Financial Reporting Council.

The functional currency of the Company is considered to be pounds sterling because that is the currency of the primary economic environment in which the Company operates.

#### b. Going concern

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

#### c. Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### d. Taxation

UK corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and law that have been enacted or substantively enacted at the balance sheet date.

#### e. Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying timing differences can be deducted.

### 2. Cash flow statement

The Company has not presented a cash flow statement as it is a small company as defined by sections 382 and 465 of the Companies Act 2006.

### 3. Employees and directors' emoluments

No fees or other emoluments were paid to the directors in respect of their services to the Company during the year (2017: nil).

The Company had no employees in both the current and prior year.
