Notes to the Abbreviated Accounts for the period ended 28 February 2016

1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

The company is exempt from the requirement to produce consolidated financial statements by virtue of Section 398 of the Companies Act 2006. These financial statements present information about the company as an individual undertaking, and not about its group.

Turnover policy

Turnover represents the amounts (excluding Value Added Tax) derived from the provision of goods and services to customers.

Revenue is recognised on dispatch in the case of packaged operating system products, or in proportion to the work

done in the case of technical services, consulting and training.

Tangible assets depreciation policy

Depreciation is provided to write off the cost less estimated residual value of tangible fixed assets by equal instalments

over their estimated useful economic lives as follows:

Office Equipment: 5 years (20% per annum)

Intangible assets amortisation policy

Intangible fixed assets purchased separately from a business are capitalised at their cost.

Licences purchased by the company are amortised to nil by equal annual instalments over 5 years.

Valuation information and policy

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of the separable

net assets acquired) arising on business combinations in respect of acquisitions is capitalised.

Positive goodwill is

amortised to nil by equal annual instalments over its estimated useful life.

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the

balance sheet date and the gains and losses on translation are included in the profit and loss account.

Other accounting policies

Deferred tax is recognised without discounting, in respect of all timing differences between the

treatment of certain items

for taxation and accounting purposes which have arisen but not reversed by the balance sheet date. Deferred tax is not recognised when assets are revalued unless, by the balance sheet date, the

company has entered into a

binding agreement to sell the assets and recognised the gains and losses expected to arise on sale or where assets

have been sold and it is expected that the taxable gain will be rolled over into a replacement asset.
