Company law requires the Directors to prepare Financial Statements for each financial year. The Financial Statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss for that year. In preparing those Financial Statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent
- prepare the Financial Statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the Financial Statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In determining how amounts are presented within items in the Profit and Loss Account and Balance Sheet the Directors have had regard to the substance of the reported transaction or arrangement, in accordance with generally accepted accounting principals or practice.

So far as each of the Directors is aware at the time the Report is approved

- there is no relevant audit information of which the Company's Auditors are unaware and
- the Directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the Auditors are aware of that information (s 23 4ZA (2))
