ROUSE ACQUISITIONCO LIMITED

GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2022

INTRODUCTION

The directors present the strategic report of the Company and Group for the year ended 31 December 2022.

PRINCIPAL ACTIVITIES

Rouse Acquisitionco Limited ("the company") is the holding company of the Fibercore Group, the Aero Sense Technologies group and the OpTek group. The Fibercore Group undertakes the design, manufacture and sale of special purpose optical fibers and related products and services. The Aero Sense Technologies group undertakes the design and manufacture of aerospace components. The OpTek group undertakes the development of laser micromachining processes.

BUSINESS REVIEW AND FUTURE DEVELOPMENTS

Building upon a long and well established line of specialised products and business, the Group continues to invest in the improvement of existing and new product lines within fiber optics, in order to service the ongoing demand of its existing markets and in order to expand into new ones. In addition, the group has diversified into aerospace control component design and manufacturing and laser micro machining via the purchase of the Aero Sense Technologies Group and the Optek Group respectively.

The Group has a strong net asset position at 31 December 2022 of \$82,573,000 (December 2021: \$80,770,000).

The results for the year were a profit of \$3,339,000 (December 2021: \$2,735,000).

The directors have considered likely future developments and have identified none, other than those noted in the principal risks and uncertainties section below, that would have a significant impact on the ongoing operations of the Group.

PRINCIPAL RISKS AND UNCERTAINTIES

The management of the business and the execution of the group's strategy are subject to a number of risks.

Risks are formally reviewed by the board and key management and appropriate processes are put in place to monitor and mitigate them. This process is conducted as part of the Group's quality management process and includes all key stakeholders. The identified risks are assigned a rating and an owner to ensure that are monitored and, where possible, are reduced. If more than one event occurs, it is possible that the overall effect of such events would compound the possible adverse effects on the company.

Competition risk – The Group competes on quality over price of product. If quality improves in the market as a whole then downwards pressure is placed upon the margins of the group. Furthermore, its customers would have alternative source options open for consideration. The group carries out extensive research and development to ensure the highest quality of product is available to the customer base to ensure that the expectation of the customer are met or exceeded.

Financial risk – As described in the Directors' Report, there are a number of financial risk facts which are managed by the directors.

We also refer to note 2.4 Going Concern on page 19.

ROUSE ACQUISITIONCO LIMITED

**GROUP STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2022**

FINANCIAL KEY PERFORMANCE INDICATORS

The Directors of the Group manage its operations on a product basis. For this reason, the Group's Directors believe that analysis using key performance indicators for the group is not necessary or appropriate for an understanding of the development, performance or position of the business of the group.

This report was approved by the board on 14th September 2023 and signed on its behalf.

Amit Singhi
Director

ROUSE ACQUISITIONCO LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2022

The directors present their report and the financial statements for the year ended 31 December 2022.

Directors' responsibilities statement

The directors are responsible for preparing the Annual report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ROUSE ACQUISITIONCO LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

Results

The profit for the year, after taxation, amounted to \$3,339 thousand (2021: \$2,735 thousand).

Dividends

The directors do not propose the payment of a dividend for the year ended 31 December 2022 (December 2021: nil).

Charitable and political donations

No donations were made during the year to political or charitable organisations.

Research and development

The Group undertakes a number of different research and development projects in a year and the costs are taken directly to the income statement. The value expensed to the statement of comprehensive income in the year to 31 December 2022 was \$42,515 (December 2021: \$22,835).

Future developments

See the Strategic Report for details of future developments.

Financial risk factors

The Group's activities expose it to a variety of financial risks: price risk, credit risk, liquidity risk, foreign currency risk and interest rate risk. The Group has in place a risk management programme, which seeks to minimise potential adverse effects on the Group's financial performance.

Price risk

Where the Group is exposed to commodity price risk as a result of its operations, the costs of managing this exposure exceed any potential benefits. The directors will revisit the appropriateness of this policy should the Group's operations change in size or nature.

Credit risk

Credit risk is the financial loss to the Group if a customer or counterparty to financial instruments fails to meet its contractual obligation. Credit risk arises from the Group's cash and cash equivalents and receivables balances. The amount of exposure to any individual or counterparty is subject to a limit, which is reassessed regularly.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. This risk relates to the Group's prudent liquidity risk management and implies maintaining sufficient cash. Liquidity risk is managed through cash flow forecasting.

Foreign exchange risk

The Group has both expenditures and revenue denominated in a foreign currency. This exposure is regularly reviewed. Rouse Acquisitionco Limited and its subsidiaries are participants in the wider group hedging strategy. This group, headed by BEV Bidco 6 Limited employ a formal hedging policy to mitigate the effects of foreign exchange fluctuations.

Qualifying third party indemnity provisions

At the time the report is approved there are no qualifying third party indemnity provisions in place for the benefit of one or more of the directors.

Directors

The directors who served during the year were:

Christopher O'Connor
Amit Singhi

ROUSE ACQUISITIONCO LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2022**

Disclosure of information to auditors

The directors at the time when this Director's Report is approved have confirmed that:

- so far as they are aware, there is no relevant audit information of which the Company's auditors are unaware, and
- they have taken all the steps that ought to have been taken as directors in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent Auditors

The auditors, Bishop Fleming LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

ROUSE ACQUISITIONCO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ROUSE ACQUISITIONCO LIMITED

Opinion

We have audited the financial statements of Rouse Acquisitionco Limited (the 'parent Company') and its subsidiaries (the 'Group') for the year ended 31 December 2022, which comprise the Consolidated Income statement, the Consolidated Statement of comprehensive income, the Consolidated and Company Statements of financial position, the Consolidated Statement of cash flows, the Consolidated Analysis of net debt, the Consolidated and Company Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the parent Company's affairs as at 31 December 2022 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's or the parent Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

ROUSE ACQUISITIONCO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ROUSE ACQUISITIONCO LIMITED (CONTINUED)

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

ROUSE ACQUISITIONCO LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ROUSE ACQUISITIONCO LIMITED (CONTINUED)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Group financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the sector, control environment and the Parent Company's and Group's performance;
- results of our enquiries of management and the Directors, about their own identification and assessment of the risks of irregularities;
- any matters we identified having obtained and reviewed the Parent Company's and Group's documentation of their policies and procedures relating to: identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance; detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations;
- the matters discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud. As a result of these procedures, we considered the opportunities and incentives that may exist within the Parent Company and Group for fraud, which included incorrect recognition of revenue, management override of controls using manual journal entries, incomplete provision for returns, and identified the greatest potential for fraud as incorrect recognition of revenue and management override using manual journal entries.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. We also obtained an understanding of the legal and regulatory frameworks that the Parent Company and Group operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included the UK Companies Act, FRS 102 and tax legislation.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which may be fundamental to the Group's and Parent Company's ability to operate or to avoid a material penalty. These included, data protection regulations, occupational health and safety regulations, Import export regulations, environmental permit ISO14001 and employment legislation.

Our procedures to respond to risks identified included the following for the Parent Company and its subsidiaries, as was considered appropriate :

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- reviewing the financial statement disclosures and testing to supporting documentation to assess the recognition of revenue;
- enquiring of Directors and management concerning actual and potential litigation and claims;
- performing procedures to confirm material compliance with the requirements of the above regulations;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of director meetings; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of

ROUSE ACQUISITIONCO LIMITED

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ROUSE ACQUISITIONCO LIMITED
(CONTINUED)**

journal entries and other adjustments; and assessing whether the judgements made in making accounting estimates are indicative of a potential bias.

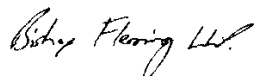

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from an error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 19 to 40 form part of these financial statements.

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

1. GENERAL INFORMATION

Rouse Acquisitionco Limited is a limited liability company, limited by shares, incorporated and domiciled in England. Its registered office is Fibercore House, University Parkway, Southampton Science Park, Southampton, Hampshire, SO16 7QQ.

The consolidated financial statements of the Group for the year ended 31 December 2022 comprise the Company, Rouse Acquisitionco Limited and its subsidiaries. A listing of the Company's subsidiaries is given in the note 14.

The Group undertakes the design, manufacture and sale of special purpose optical fibre and related products and services. It has an optical fibre manufacturing facility near Southampton, United Kingdom. The HiTech Solutions Private Limited group engages in the design, manufacture and sale of aerospace components with sites in the United Kingdom and Sri Lanka. The Optek Group, based in the UK, undertakes the development of laser micromachining processes.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The consolidated financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland ("FRS 102") and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires Group management to exercise judgment in applying the Group's accounting policies (see note 3).

The Company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Income statement in these financial statements.

The consolidated financial statement are presented in U.S. dollar to the nearest thousand (\$'000), except where otherwise indicated.

The following principal accounting policies have been applied:

2.2 BASIS OF CONSOLIDATION

The consolidated financial statements present the results of the Company and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Statement of financial position, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated income statement from the date on which control is obtained. They are deconsolidated from the date control ceases.

In accordance with the transitional exemption available in FRS 102, the Group has chosen not to retrospectively apply the standard to business combinations that occurred before the date of transition to FRS 102, being 01 January 2017.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

2. ACCOUNTING POLICIES (continued)

2.3 PENSIONS

DEFINED CONTRIBUTION PENSION PLAN

The Group operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the Group in independently administered funds.

2.4 GOING CONCERN

The directors are very pleased with strong growth in the group this year. With strong profitability and a healthy balance sheet the group is well positioned to continue to perform strongly for the foreseeable future.

2.5 FOREIGN CURRENCY TRANSLATION

Functional and presentation currency

The Company's functional and presentational currency is USD.

The primary trading entities in the group are Fibercore Limited, OpTek Limited, Hitech Sensors (Private) Limited (a company incorporated in Sri Lanka) and OpTek Systems Inc (a company incorporated in the USA). With the exception of OpTek Limited, the majority of revenue, purchases and other transactions are denominated in USD. The majority of transactions within OpTek Limited are denominated in GBP. All companies prepare their management accounts in USD.

Based on the above, it is considered appropriate to present the financial statements of the Group in USD.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

On consolidation, the results of overseas operations are translated into Dollars at rates approximating to those ruling when the transactions took place. All assets and liabilities of overseas operations are translated at the rate ruling at the reporting date. Exchange differences arising on translating the opening net assets at opening rate and the results of overseas operations at actual rate are recognised in other comprehensive income.

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

2. ACCOUNTING POLICIES (continued)

2.6 REVENUE

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Group has transferred the significant risks and rewards of ownership to the buyer;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Provisions of goods under contract

Revenue from the provisions of goods under contract is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.7 OPERATING LEASES: THE GROUP AS LESSEE

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight-line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

2.8 RESEARCH AND DEVELOPMENT

Research and development costs are recognised in the consolidated income statement as incurred.

2.9 GOVERNMENT GRANTS

Grants of a revenue nature are recognised in the Consolidated income statement in the same period as the related expenditure.

2.10 INTEREST INCOME

Interest income is recognised in profit or loss using the effective interest method.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

2. ACCOUNTING POLICIES (continued)

2.11 FINANCE COSTS

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.12 BORROWING COSTS

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.13 CURRENT AND DEFERRED TAXATION

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Group can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

2. ACCOUNTING POLICIES (continued)

2.14 INTANGIBLE ASSETS

GOODWILL

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of the Group's share of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight-line basis to the Consolidated income statement over its useful economic life.

OTHER INTANGIBLE ASSETS

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

The estimated useful lives range as follows:

Patents and licences	-	4-20 years
Computer software	-	3 years
Goodwill	-	10-20 years
Distribution licence	-	20 years

See note 12.

2.15 TANGIBLE FIXED ASSETS

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

2. ACCOUNTING POLICIES (continued)

2.15 TANGIBLE FIXED ASSETS (CONTINUED)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Long-term leasehold interest	- 50 years
Building and leasehold improvements	- Over the remaining life of the building
Plant and machinery	- 8 years
Fixtures, fittings and equipment	- 3-8 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

See note 13.

2.16 IMPAIRMENT OF FIXED ASSETS AND GOODWILL

Assets that are subject to depreciation or amortisation are assessed at each reporting date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit to which the asset has been allocated) is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or CGU's) fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (CGUs). Non-financial assets that have been previously impaired are reviewed at each reporting date to assess whether there is any indication that the impairment losses recognised in prior periods may no longer exist or may have decreased.

2.17 VALUATION OF INVESTMENTS

Investments in subsidiaries are measured at cost less accumulated impairment.

2.18 STOCKS

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a weighted average basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.19 DEBTORS

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

2. ACCOUNTING POLICIES (continued)

2.20 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

2.21 CREDITORS

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.22 FINANCIAL INSTRUMENTS

The Group only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Consolidated income statement.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Financial Liabilities

Basic financial liabilities including trade and other payables are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

2. ACCOUNTING POLICIES (continued)

2.23 PROVISIONS FOR LIABILITIES

Provisions are made where an event has taken place that gives the Group a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Group becomes aware of the obligation, and are measured at the best estimate at the reporting date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of financial position.

**3. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION
UNCERTAINTY**

The preparation of consolidated financial information under FRS 102 requires the Group to make estimates and judgments that affect the application of policies and reported amounts. Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Reference is made in this note to accounting policies which cover areas that the Directors consider require estimates and assumptions which have significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year. These policies can be found below:

Goodwill accounting

The valuation of business combinations require significant estimates which require the management to make judgments (notes 2.14 and 12).

Useful economic lives

The directors use the best available information to estimate the useful economic lives of the intangible assets. However, there is significant uncertainty about the length of time technology will remain commercial for (notes 2.14 and 12).

Lease restoration

The contingent consideration in the accounts for the lease restoration provision relates to the estimated liabilities on termination of property leases as a result of having to return the sites back to their original state. The lease restoration provision has been valued by a management expert and increases each year with inflation. Significant estimates have been made by the management expert in the valuation of this provision (note 21).

Contract Accounting

Contract accounting is used to account for some of the sales in the Group. Where contract accounting is used management base revenue of contracts based on stage of milestones. management believe that this is the best estimate for the recognition of income in the accounts.

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

4. TURNOVER

An analysis of turnover by class of business is as follows:

	2022 \$000	2021 \$000
Turnover	39,129	36,452
	<u>39,129</u>	<u>36,452</u>

The turnover is attributable to the principal activity of the Group.

An analysis of turnover by geographical area and activity has not been given because, in the opinion of the directors, such disclosure would be seriously prejudicial to the interests of the Group.

5. OPERATING PROFIT

The operating profit is stated after charging/(crediting):

	2022 \$000	2021 \$000
Amortisation of intangible assets	5,062	5,042
Depreciation of tangible assets	1,395	1,313
Research and development costs	43	23
Exchange differences	384	177
Other operating lease rentals	262	273
	<u>262</u>	<u>273</u>

6. AUDITORS' REMUNERATION

During the year, the Group obtained the following services from the Company's auditors:

	2022 \$000	2021 \$000
Fees payable to the Company's auditors for the audit of the consolidated and parent Company's financial statements	55	50

ROUSE ACQUISITIONCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

7. EMPLOYEES

Staff costs were as follows:

	Group 2022 \$000	Group 2021 \$000	Company 2022 \$000	Company 2021 \$000
Wages and salaries	8,231	8,173	-	-
Social security costs	788	480	-	-
Cost of defined contribution scheme	253	145	-	-
	<u>9,272</u>	<u>8,798</u>	<u>-</u>	<u>-</u>

The average monthly number of employees, including the directors, during the year was as follows:

	2022 No.	2021 No.
Production staff	159	168
Administration staff	25	15
Engineering staff	38	22
Marketing staff	21	8
	<u>243</u>	<u>213</u>

The Company has no employees other than the directors, who did not receive any remuneration (2021: \$NIL)

8. KEY MANAGEMENT PERSONNEL

Key management personnel comprise the senior operational staff of the Group.

The directors' services to this company are of a non-executive nature and their remuneration is deemed to be wholly attributable to their services to other companies which pay their cost and no recharge is made. Accordingly these financial statements include no emoluments in respect of the directors.

9. INTEREST RECEIVABLE AND SIMILAR INCOME

	2022 \$000	2021 \$000
Other interest receivable	241	43
	<u>241</u>	<u>43</u>

ROUSE ACQUISITIONCO LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

10. INTEREST PAYABLE AND SIMILAR EXPENSES

	2022 \$000	2021 \$000
Other interest payable	-	51
	<u>-</u>	<u>51</u>

11. TAXATION

	2022 \$000	2021 \$000
CORPORATION TAX		
Current tax on profits for the year	2,698	2,014
	<u>2,698</u>	<u>2,014</u>
TOTAL CURRENT TAX	<u>2,698</u>	<u>2,014</u>
DEFERRED TAX		
Origination and reversal of timing differences	(21)	29
Changes to tax rates	-	197
TOTAL DEFERRED TAX	<u>(21)</u>	<u>226</u>
TAXATION ON PROFIT ON ORDINARY ACTIVITIES	<u>2,677</u>	<u>2,240</u>

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**
11. TAXATION (CONTINUED)**FACTORS AFFECTING TAX CHARGE FOR THE YEAR**

The tax assessed for the year is higher than (2021: higher than) the standard rate of corporation tax in the UK of 19% (2021: 19%). The differences are explained below:

	2022 \$000	2021 \$000
Profit on ordinary activities before tax	<u>6,016</u>	<u>-</u>
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2021: 19%)	1,143	945
EFFECTS OF:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	2,760	1,207
Other	(20)	(20)
Capital allowances	(1,206)	(89)
Changes to tax rates	-	197
TOTAL TAX CHARGE FOR THE YEAR	<u>2,677</u>	<u>2,240</u>

Legislation has been substantively enacted which will increase the main rate of corporation tax from 19% to 25% from 1 April 2023. This increase has been reflected in the calculation of the companies deferred tax assets and liabilities.

21. PROVISIONS FOR OTHER LIABILITIES

Group

	Warranty provision \$000	Lease restoration obligation \$000	Contingent consideration \$000	Dilapidations provision \$000	Total \$000
At 1 January 2022	227	718	490	179	1,614
Charged to profit or loss	87	997	(43)	194	1,235
AT 31 DECEMBER 2022	314	1,715	447	373	2,849

Warranty provision

Provision for warranty is recognised for expected warranty claims on products sold during the last period. It is expected that most of these costs will be incurred in the next financial period

Lease restoration obligation

Provision is made for the estimated liabilities that will be incurred by the Group on the termination of the property lease and an equivalent amount is capitalised and written off over the estimated useful life of the asset. The increase in the provision due to passage of time is recognised as an interest expense. Other increases are treated as an increase to the amount capitalised and written off over the period of the lease.

Contingent Consideration

This represents the current fair value of the amount owed in relation to payments due to the previous shareholders of Aero Sense Technologies Holdings Limited (\$412,000). The remaining payments are estimated to become payable over the next three years. The remaining balance (\$77,000) relates to the current fair value of amounts owed in relation to the acquisition of the distribution agreement by Fibercore Limited from Acrewo Swedish ICT AB.

Dilapidation provision

A provision for dilapidations is recognised in respect of the expected cost of reinstating the premises which Optek occupies to condition originating at the inception of the lease. The balance relates to the prior premises of Optek.

ROUSE ACQUISITIONCO LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

22. SHARE CAPITAL

	2022 \$000	2021 \$000
ALLOTTED, CALLED UP AND FULLY PAID		
70,792,645 (2021: 70,792,645) Ordinary A shares of \$1.00 each	<u>70,793</u>	<u>70,793</u>

23. RESERVES

Capital contribution

The capital contribution reserve represents a payment made by a company under common control (Sensor Technology Topco Inc.) to the group as a reimbursement for amounts paid in respect of the share based payments plan.

Foreign Exchange Reserve

The foreign exchange reserve represents accumulated foreign exchange differences on translation of group companies into the consolidated figures.

Profit and Loss Reserve

The profit and loss reserve represents accumulated profits of the group.

24. PENSION COMMITMENTS

The Group operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the Group in an independently administered fund. The pension cost charge represents contributions payable by the Group to the fund and amounted to \$253,000 (2021: \$168,000). Contributions totalling \$40,835 (2021: \$21,920) were payable to the fund at the reporting date and are included in creditors.

ROUSE ACQUISITIONCO LIMITED**NOTES TO THE FINANCIAL STATEMENTS
