**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 APRIL 2014**

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002)

The financial statements have been prepared on a going concern basis which assumes that the Company will continue in operational existence for the foreseeable future.

Notwithstanding the net current liabilities of £57,240 the validity of this assumption depends on the company being able to trade profitably in the future and the continued support from the company's parent undertaking. The financial statements do not include any adjustments that would result if the company continued to make losses and such support were withdrawn. If the company was unable to continue to trade, adjustments would have to be made to reduce the value of assets to their realisable amounts, provide for further liabilities that may arise and to reclassify fixed assets and long term liabilities as current assets and current liabilities. The director has obtained assurance from the parent undertaking of its willingness to continue supporting the company for the foreseeable future and hence it is appropriate for the financial statements to be prepared on the going concern basis.

1.2 Turnover

The turnover represents amount receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery	25% Reducing balance
Fixtures, fittings & equipment	15% Reducing balance

The assets have now been written off as they are older than six years.

2 Operating (loss)	2014	2013
