STRATEGIC REPORT

BUSINESS REVIEW AND PRINCIPAL ACTIVITIES

First Flexible (No. 2) Limited ('the Company') is a wholly owned subsidiary of Arianty Holdings Limited, which is a wholly controlled subsidiary of The Paragon Group of Companies PLC ('the Group') and was set up to provide finance for its mortgage loan assets, by issuing mortgage backed floating rate loan notes and using the proceeds to purchase mortgage loans from other group companies.

During the year the Company operated in the United Kingdom, its principal activities were the provision of first mortgage loans. The majority of loans were sold to fellow subsidiaries of the Group and the proceeds were used to repay the outstanding notes. During 2008 the remaining loans were sold. The Company continues to manage its residual assets. There have been no significant changes in the Company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year.

The Company's profit and loss account is shown on page 5. The result after tax has improved from a loss of £5,000 to a result of £nil. This was principally due to a decrease in operating expenses in the year.

The balance sheet on page 6 of the Financial Statements shows the Company's financial position at the year end. Net assets have stayed consistent.

The directors recommend no final dividend (2015: £nil) which, given the interim dividend of £nil per share (2015: £nil pence per share), means a total dividend for the year of £nil per share (2015: £nil pence per share).

The Group manages its operations on a centralised basis. For this reason, the Company's directors believe that further key performance indicators for the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of the Group's mortgage lending operation, which includes the Company, is discussed in the Group's Annual Report, which does not form part of this Report.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company's primary financial assets and liabilities are with other group companies; therefore the directors do not consider that the Company is exposed to any significant cash flow, credit or liquidity risks.

After considering the above, the directors have a reasonable expectation that the Company will have adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the Financial Statements.

ENVIRONMENT

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with group policies, which are described in the Group's Annual Report, which does not form part of this Report.

EMPLOYEES

The Company has no employees. All operational services are provided by employees of the Group. The Group's employment policies are described in its Annual Report, which does not form part of this Report.

The directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable law and regulations.

Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). - make judgments and estimates that are reasonable and prudent;

They are also responsible for safeguarding the assets of the Company, for taking reasonable steps for the prevention and detection of fraud and other irregularities and for the preparation of a strategic report and directors' report which comply with the applicable requirements of the Companies Act 2006.
