JIT SECURITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS - 30 JUNE 2014

1. ACCOUNTING POLICIES

In line with the Company's parent, the financial statements for the year ended 30 June 2014 have been prepared in accordance with International Financial Reporting Standards ('IFRS'). These comprise standards and interpretations of the International Accounting Standards and Standing Interpretations Committee ('IASC') that remain in effect, and to the extent that they have been adopted by the European Union.

(a) BASIS OF PREPARATION

These financial statements are presented in pounds sterling, the Company's functional currency, because that is the currency of the primary economic environment in which the Company operates, rounded to the nearest pound.

(b) CASH AND CASH EQUIVALENTS

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investment that are readily convertible to known amounts of cash.

(c) OTHER OPERATING INCOME

Investment income includes bank interest receivable from cash balances. Bank deposit interest is accounted for on an accruals basis.

(d) TAXATION

The charge for taxation is based on taxable income for the year. Withholding tax deducted from income received is treated as part of the taxation charge against income. Taxation deferred or accelerated can arise due to temporary differences between treatment of certain items for accounting and taxation purposes. Full provision is made for deferred taxation under the liability method on all temporary differences not reversed by the Balance Sheet date.

(e) FOREIGN CURRENCY

Assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the Balance Sheet date. Foreign currency transactions are translated at the rates of exchange applicable at the transaction date. Foreign currency differences including exchange gains and losses are dealt with in the Statement of Comprehensive Income.

(f) ACCOUNTING DEVELOPMENTS

The revised IFRS 10 Consolidated Financial Statement provides an exemption in respect of consolidation for investment trusts when certain criteria are met. This Standard is not applicable in respect of the Company.

The revised IFRS 12 Disclosure of Interests in other entities introduced disclosure requirements to enable users of Financial Statements to evaluate the nature of, and risks associated with, its interests in other entities and the effects of those interests on its financial position, financial performance and cash flows. JIT Securities Limited is a subsidiary of New Star Investment Trust Plc.

The revised IAS 27 Separate Financial Statements prescribes the accounting and disclosure requirements for investments in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. The requirements of the Standard are met as these Financial Statements are of the Company as a subsidiary of New Star Investment Trust Plc.

At the date of authorisation of these financial statements, the following Standards, which have not been applied in these financial statements, were in issue but were not yet effective.

The revised IFRS 9 Financial Instruments replaces IAS 39 and applies to the classification and measurement and impairment of financial assets and financial liabilities, and hedge accounting. The adoption of IFRS 9 will have an effect on the classification and measurement of the Company's financial assets, but will potentially have no impact on the classification and measurement of financial liabilities. It will also introduce a new expected loss impairment model requiring more timely recognition of expected credit losses and a reformed model for hedge accounting with enhanced disclosure of risk management activity. The standard is effective for annual periods beginning on or after 1 January 2018.

IFRS 15 Revenue from Contracts with Customers recognises revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration to which the company expects to be entitled in exchange for those goods or services. This standard will result in enhanced disclosure about revenue, provide guidance for transactions that were not previously addressed comprehensively and improve guidance for multiple-element arrangements. The standard is effective for years beginning on or after 1 January 2017.

The Directors are considering what impact, if any, adoption of these standards/interpretations in future periods may have but do not believe that there will be any material impact on future financial statements.

JIT SECURITIES LIMITED
