Financial risk management and principal risks and uncertainties

The Director of the Company has considered the principal risks and uncertainties affecting the Company as at 31 December 2019 and up to date of this report. As the Company is primarily an investment holding company with no transactions, the Directors believe that the Company has no principal risks and uncertainties other than going concern and liquidity. Going concern and liquidity risk are discussed below.

Key performance indicators (KPIs)

The Company is a subsidiary of WPP plc. For this reason, the Company's Director believe that further key performance indicators for the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of WPP plc, which includes this Company, is discussed in the Group's annual report, which does not form part of this report. The financial statements of WPP plc are available at www.wppinvestor.com.

Going concern

The Directors believe that preparing the financial statements on the going concern basis is appropriate. The Directors have assessed the potential impact that the global outbreak of Covid-19 has had on the liquidity, performance and financial position of the Company for at least the next 12 months.

The Company remains in a neutral net current asset and net asset position as at the date of this report.

Additionally, the Company is a subsidiary of WPP plc and is therefore subject to the overall WPP plc financing arrangements.

After making enquiries, the Directors believe that although Covid-19 will have an effect on the financial position of the Company, there are reasonable expectations that the Company has adequate resources to continue in operational existence with low liquidity risk for at least the next 12 months from the date of signing the financial statements.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual Report including the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 'Reduced Disclosure Framework'. Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards, including FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.
