NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 30 APRIL 2008

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery	20% per annum on a straight line basis
---------------------	--

1.4 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.5 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

1.6 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the same rate. All differences are taken to profit and loss account.

1.7 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 248 of the Companies Act 1985 not to prepare group accounts.

1.8 Going concern

The financial statements have been prepared on the going concern basis due to the availability of support from the directors. Since the balance sheet date, the company has been profitable.
